Employer	99	132	1	4	20	18	78	110

*Low precision; no estimate reported.

NOTE: Illicit Drugs include marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or prescription-type psychotherapeutics used nonmedically.

NOTE: Received Illicit Drug Treatment refers to treatment received in order to reduce or stop illicit drug use, or for medical problems associated with illicit drug use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: If respondents reported that they were currently receiving treatment, they were asked questions regarding the sources of payment for their current treatment; otherwise, questions pertained to the last treatment they received.

^a Difference between estimate and 2004 estimate is statistically significant at the 0.05 level.

^b Difference between estimate and 2004 estimate is statistically significant at the 0.01 level.

¹ Respondents could indicate multiple sources of payment for their last or current treatment; thus, these response categories are not mutually exclusive.
