Good	1,097	1,166	109	118	1,080	1,149
Fair/Poor	841	814	41	43	840	812

NOTE: Some 2010 estimates may differ from previously published estimates due to updates (see Section B.3 in Appendix B of the *Results from the 2011 National Survey on Drug Use and Health: Mental Health Findings*).

¹ Estimates are based on a definition of Poverty Level that incorporates information on family income, size, and composition and is calculated as a percentage of the U.S. Census Bureau's poverty thresholds. Respondents aged 18 to 22 who were living in a college dormitory were excluded.

² Government Assistance is defined as one or more household family members having received Supplemental Security Income (SSI), cash assistance (Temporary Assistance for Needy Families, TANF), noncash assistance, or food stamps.

³ Respondents could indicate multiple types of health insurance; thus, these response categories are not mutually exclusive.

⁴ CHIP is the Children's Health Insurance Program. Individuals aged 19 or younger are eligible for this plan.

⁵ Other Health Insurance is defined as having Medicare, CHAMPUS, TRICARE, CHAMPVA, the VA, military health care, or any other type of health insurance.

⁶ Respondents with unknown health data were excluded.
