

## Index of Section 1 Tables: Adult Mental Health (1.1 to 1.78)

Adult Mental Health Tables	Table Number	Link to Corresponding Standard Error Tables
<b>Mental illness</b>	<b>1.1 to 1.23</b>	
Any mental illness (AMI), by demographic, geographic, and socioeconomic characteristics	1.1 to 1.3	<a href="#">SE</a>
Co-occurring substance use disorder and AMI, by demographic, geographic, and socioeconomic characteristics	1.4 to 1.5	<a href="#">SE</a>
Serious mental illness (SMI), by demographic, geographic, and socioeconomic characteristics	1.6 to 1.8	<a href="#">SE</a>
Co-occurring substance use disorder and SMI, by demographic, geographic, and socioeconomic characteristics	1.9 to 1.10	<a href="#">SE</a>
Levels of mental illness, by demographic, geographic, and socioeconomic characteristics	1.11 to 1.12	<a href="#">SE</a>
Substance use	1.13 to 1.14	<a href="#">SE</a>
Substance dependence or abuse	1.15 to 1.19	<a href="#">SE</a>
Probation	1.20 to 1.21	<a href="#">SE</a>
Parole/supervised release	1.22 to 1.23	<a href="#">SE</a>
<b>Mental health treatment/counseling</b>	<b>1.24 to 1.45</b>	
Received mental health treatment/counseling, by mental illness and demographic, geographic, socioeconomic, and health characteristics	1.24 to 1.28	<a href="#">SE</a>
Types of mental health treatment/counseling	1.29 to 1.30	<a href="#">SE</a>
Location of outpatient mental health treatment/counseling	1.31	<a href="#">SE</a>
Type and location of mental health treatment/counseling	1.32	<a href="#">SE</a>
Mental health and/or substance use treatment at a specialty facility	1.33	<a href="#">SE</a>
Types of treatment, by selected age categories	1.34	<a href="#">SE</a>
Location of outpatient treatment, by selected age categories	1.35	<a href="#">SE</a>
Source of payment for outpatient treatment, by selected age categories	1.36	<a href="#">SE</a>
Unmet need for treatment, by receipt of treatment and demographic, geographic, and socioeconomic characteristics	1.37 to 1.42	<a href="#">SE</a>
Reasons for not receiving treatment, by receipt of treatment	1.43 to 1.45	<a href="#">SE</a>
<b>Suicide</b>	<b>1.46 to 1.58</b>	
Suicide, by demographic, geographic, socioeconomic, and health characteristics	1.46 to 1.50	<a href="#">SE</a>
Suicide, by substance use	1.51 to 1.52	<a href="#">SE</a>
Suicide, by probation or parole/supervised release status	1.53 to 1.54	<a href="#">SE</a>
Suicide, by college enrollment	1.55 to 1.57	<a href="#">SE</a>
Suicide, by major depressive episode (MDE)	1.58	<a href="#">SE</a>

(continued)

**Index of Section 1 Tables: Adult Mental Health (1.1 to 1.78) (continued)**

<b>Adult Mental Health Tables</b>	<b>Table Number</b>	<b>Link to Corresponding Standard Error Tables</b>
<b>Major depressive episode (MDE)</b>	<b>1.59 to 1.66</b>	
MDE and receipt of treatment for depression, by demographic, geographic, socioeconomic, and health characteristics	1.59 to 1.62	<a href="#">SE</a>
Substance use	1.63	<a href="#">SE</a>
Substance dependence or abuse	1.64	<a href="#">SE</a>
Type of professional seen	1.65	<a href="#">SE</a>
Type of treatment received for depression, by demographic and socioeconomic characteristics	1.66	<a href="#">SE</a>
<b>Serious psychological distress (SPD)</b>	<b>1.67 to 1.68</b>	
SPD, by demographic and health characteristics	1.67 to 1.68	<a href="#">SE</a>
<b>Multiyear trends</b>	<b>1.69 to 1.78</b>	
2008-2012 any mental illness (AMI) or serious mental illness (SMI)	1.69 to 1.72	<a href="#">SE</a>
2002-2012 mental health treatment/counseling	1.73	<a href="#">SE</a>
2008-2012 suicide	1.74 to 1.75	<a href="#">SE</a>
2005-2012 major depressive episode (MDE)	1.76	<a href="#">SE</a>
2008-2012 past month serious psychological distress (SPD)	1.77	<a href="#">SE</a>
2005-2012 past year SPD	1.78	<a href="#">SE</a>

## Index of Section 2 Tables: Youth Mental Health (2.1 to 2.14)

Youth Mental Health Tables	Table Number	Link to Corresponding Standard Error Tables
<b>Mental health services</b>	<b>2.1 to 2.5</b>	
Source of mental health services, by demographic, geographic, and socioeconomic characteristics	2.1 to 2.3	<a href="#">SE</a>
Reasons for receiving most recent mental health services	2.4	<a href="#">SE</a>
Number of visits or overnight stays	2.5	<a href="#">SE</a>
<b>Major depressive episode (MDE)</b>	<b>2.6 to 2.12</b>	
MDE and receipt of treatment for depression, by demographic, geographic, socioeconomic, and health characteristics	2.6 to 2.8	<a href="#">SE</a>
Substance use	2.9	<a href="#">SE</a>
Substance dependence or abuse	2.10	<a href="#">SE</a>
Type of professional seen	2.11	<a href="#">SE</a>
Type of treatment received for depression, by demographic and socioeconomic characteristics	2.12	<a href="#">SE</a>
<b>Multiyear trends</b>	<b>2.13 to 2.14</b>	
2004-2012 major depressive episode (MDE)	2.13	<a href="#">SE</a>
2002-2012 source of mental health services	2.14	<a href="#">SE</a>

### Index of Section 3 Tables: Sample Size and Population Estimates (3.1 to 3.8)

<b>Sample Size and Population Tables</b>	<b>Table Number</b>	<b>Link to Corresponding Standard Error Tables</b>
<a href="#">Demographic characteristics</a>	3.1 to 3.3	<a href="#">SE</a>
<a href="#">Geographic, socioeconomic, and health characteristics</a>	3.4 to 3.5	<a href="#">SE</a>
<a href="#">College enrollment</a>	3.6	<a href="#">SE</a>
<a href="#">Probation</a>	3.7	<a href="#">SE</a>
<a href="#">Parole/supervised release</a>	3.8	<a href="#">SE</a>
