Male 18-49	286	296	33	36	314	330
Female 18 or Older	513	537	*	*	585	631
Female 18-49	324	325	*	*	392	383

\*Low precision; no estimate reported.

NOTE: Any Mental Illness (AMI) is defined as having a diagnosable mental, behavioral, or emotional disorder, other than a developmental or substance use disorder that met the criteria found in the 4th edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM-IV). Any mental illness estimates in 2011 may differ from previously published estimates due to revised estimation procedures. For details on the methodology, see Section B.4.3 in Appendix B of the *Results from the 2012 National Survey on Drug Use and Health: Mental Health Findings*.

<sup>1</sup> Estimates in the Total column represent all persons aged 18 or older, including those with unknown parole/supervised release status.

<sup>2</sup> Respondents were asked if they were on parole, supervised release, or other conditional release from prison during the past year.
