JUVENILE JUSTICE⁵											
Juvenile Detention Center, Prison, or Jail ⁶	--	--	--	--	--	--	--	14	12	14	12

*Low precision; no estimate reported.

-- Not available.

NOTE: Some 2006 to 2010 estimates may differ from previously published estimates due to updates (see Section B.3 in Appendix B of the *Results from the 2012 National Survey on Drug Use and Health: Mental Health Findings*).

NOTE: Receipt of mental health services for persons aged 12 to 17 is defined as having received treatment/counseling for emotional or behavioral problems not caused by drug or alcohol use.

NOTE: Respondents with unknown receipt of mental health service information were excluded.

¹ Respondents could indicate multiple service sources; thus, these response categories are not mutually exclusive.

² Respondents who did not report their school enrollment status, who reported not being enrolled in school in the past 12 months, or who reported being home-schooled were not asked about receipt of mental health treatment/counseling from this source; however respondents who reported not being enrolled in school in the past 12 months were classified as not having received treatment/counseling from this source.

³ Because of revisions to the Source of Youth Mental Health Education Services questions in 2009, these estimates are not comparable with the education services estimates presented before the 2009 NSDUH.

⁴ Includes receipt of any specialty mental health services and receipt of services from either Education or Medical sources.

⁵ A question on receiving Juvenile Justice Youth Mental Health Services was added to NSDUH in 2009 so data are not available prior to 2009.

⁶ These services were often provided by psychiatrists, psychologists, social workers or counselors who work for the court system.
