

## Finding Uniform Reporting System (URS) Tables:

We are still working to improve how the URS Tables are found. For now, you can find them by selecting “State & Metro Reports.”

The screenshot shows a website interface with a navigation menu on the left and a main content area on the right. The navigation menu includes options like "Type of Data" and "State & Metro Reports" (which is circled in blue). The main content area has a "Data Archive" section with a link to "http://media.samhsa.gov/data" and an "Online Analysis & Public Use Files" section with the SAMHDA logo and the slogan "Data to Empower Our Lives. Our Health. Our Future."

The US Map page will open. When you hover over the states, they will be highlighted in yellow. Click on which state you want to see.

The screenshot shows the "US Map" page. On the left is a vertical navigation menu with options like "Fast Finder", "Data Archive", "By Type of Data", "Evaluation & Services", "Quality Metrics", "Behavioral Health Outcomes", "By Geography", "Region, State, Substate & Metro Reports", and "Data Resources". The main content area features a map of the United States with the state of Indiana highlighted in yellow. Above the map, there is a "Map View" section with links for "US Census Bureau Region", "HHS Region", "State", and "Metro Area". Below the map is a legend with state abbreviations: VT, NH, RI, MA, CT, NJ, DE, MD, DC.

The state's accordion page will open. The example below is for Indiana. The files are organized by year of data collected. Click on the plus sign to expand a year. URS Tables are under the State report tab.

**Reports by Geography**

State & Substate | Spotlights & Short Reports | Barometer | Metro | All

- Year Data Collected - 2013

+ 2013 CMHS Uniform Reporting System Output Tables	10/27/2014
----------------------------------------------------	------------

+ Year Data Collected - 2012

+ Year Data Collected - 2011

+ Year Data Collected - 2010

Last Updated: 09/12/2014

You can also find the URS Tables by using the Data Search. Type in your search term and click on the Data search button.
