\*Low precision; no estimate reported.

NOTE: Some 2010 estimates may differ from previously published estimates due to updates (see Section B.3 in Appendix B of the *Results from the 2011 National Survey on Drug Use and Health: National Findings*).

<sup>a</sup> Difference between estimate and 2011 estimate is statistically significant at the 0.05 level.

<sup>b</sup> Difference between estimate and 2011 estimate is statistically significant at the 0.01 level.

<sup>1</sup> Respondents with unknown responses were excluded.

<sup>2</sup> Respondents were permitted to specify other sources for most recent alcohol use in the past month. This source is one of the most commonly reported other sources for most recent alcohol use in the past month.
