*Low precision; no estimate reported.

NOTE: Respondents with unknown Student Characteristics data were excluded.

NOTE: Youths who did not report their school enrollment status or reported not being enrolled in school in the past 12 months were excluded from this analysis. Youths reporting that they were "home-schooled" in the past 12 months were considered to be enrolled in school.

¹ The number of activities participated in is based on four questions: participation in school-based activities, community-based activities, church or faith-based activities, and other activities. For each question, the response categories include "None," "One," "Two," and "3 or more." Respondents were excluded from the analysis if they had unknown data for at least three of the questions and if their known responses did not place them in the recoded "Two or more" category.

² Drug or Alcohol Prevention Messages Seen or Heard in School includes respondents who reported having a special class about drugs or alcohol in school or having had films, lectures, discussion, or printed information about drugs or alcohol in a regular school class, such as health or physical education, or outside of a regular school class, such as in a special assembly.

³ Response categories for the School Satisfaction question include "You liked going to school a lot," "You kind of liked going to school," "You didn't like going to school very much," and "You hated going to school." The estimates in this table correspond to persons reporting "You liked going to school a lot" or "You kind of liked going to school."

⁴ Response categories for Grade Average question include "An 'A+,' 'A,' or 'A-minus' average"; "A 'B+,' 'B,' or 'B-minus' average"; "A 'C+,' 'C,' or 'C-minus' average"; "A 'D' or less than a 'D' average"; and "My school does not give these grades." The estimates in this table correspond to persons reporting "A 'D' or less than a 'D' average." Respondents reporting that their school does not give these grades were excluded from the analysis.
