

Table 5.54A (REVISED) Detailed Reasons for Not Receiving Illicit Drug Treatment in the Past Year among Persons Aged 12 or Older Classified as Needing But Not Receiving Illicit Drug Treatment at a Specialty Facility and Who Felt a Need for Illicit Drug Treatment in the Past Year, by Whether Made an Effort to Get Treatment in the Past Year: Numbers in Thousands, Annual Averages Based on 2007-2010

| Reason Did Not Receive Illicit Drug Treatment¹ | Total | Made Effort | Made No Effort |
|---|--------------|--------------------|-----------------------|
| TOTAL POPULATION | 457 | 172 | 285 |
| No Health Coverage and Could Not Afford Cost | 189 | * | 96 |
| Had Health Coverage But Did Not Cover Treatment or Did Not Cover Cost | 42 | 14 | 28 |
| No Transportation/Inconvenient | 36 | 18 | 18 |
| No Program Having Type of Treatment | 45 | * | 21 |
| Not Ready to Stop Using | 148 | * | 102 |
| No Openings in a Program | * | * | 1 |
| Did Not Know Where to Go for Treatment | 57 | 15 | 42 |
| Might Cause Neighbors/Community to Have Negative Opinion | 68 | 17 | 51 |
| Might Have Negative Effect on Job | 56 | 20 | 35 |
| Did Not Feel Need for Treatment at the Time | 27 | 8 | 19 |
| Could Handle the Problem Without Treatment | 41 | 9 | 32 |
| Treatment Would Not Help | 18 | 4 | 14 |
| Did Not Have Time | 26 | 5 | 21 |
| Did Not Want Others to Find Out | 41 | 14 | 28 |
| Some Other Reason | 10 | 5 | 5 |

*Low precision; no estimate reported.

NOTE: This table was revised in May 2012. Estimates in the original version of this table showing reasons for not receiving past year illicit drug treatment were overreported. An additional year of data than specified had been included in the calculation of the estimates, and the additional year had not been factored into the weight adjustment.

NOTE: Respondents were classified as needing treatment for an illicit drug problem if they met at least one of three criteria during the past year: (1) dependent on illicit drugs; (2) abuse of illicit drugs; or (3) received treatment for illicit drug use at a specialty facility (i.e., drug and alcohol rehabilitation facility [inpatient or outpatient], hospital [inpatient], or mental health center). Illicit Drugs include marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or prescription-type psychotherapeutics used nonmedically, including data from original methamphetamine questions but not including new methamphetamine items added in 2005 and 2006.

NOTE: Needing But Not Receiving Treatment refers to respondents classified as needing treatment for illicit drugs, but have not received treatment for an illicit drug problem at a specialty facility.

NOTE: Felt Need for Treatment includes persons who did not receive but felt they needed treatment for an illicit drug problem, as well as persons who received treatment at a location other than a specialty facility but felt they needed additional treatment.

¹ Respondents could indicate multiple reasons; thus, these response categories are not mutually exclusive.
