URS Table Number	General Notes
3, 6	State hospital data in Table 3 is from DMHAS's Hospital Census (Oracle) database whereas that in Table 2a is from the USTF client registry.
8	Total Community Mental Health Block Grant Expenditures For Non-Direct Service Activities in 2015 was 29,991. Given programmatic and operational needs in FY2015, the State decided to allocate more Mental Health Block Grant resources to direct services to clients.
11	Table 11 updated with children's survey data provided by NJ DSCOC on 4/15/16. Confidence interval calculations were not provided.
12	For questions adults and children served through the state mental health agency meet the Federal definitions of SMI/SED and Co-Occurring Mental Health and Substance Abuse: these values are provided by the SMHA (NJ DMHAS) and reflect only values for those "adult" mental health programs that also serve youth and adolescents (e.g., Designated Screening Centers and and Affiliated Emergency Services).
15A	State hospital data in Table 15A is from DMHAS's Hospital Census (Oracle) database whereas that in Table 14 is from the USTF client registry.
17	The total number of consumers receiving family psychoeducation services in the year of 2015 was 2,378. There was only a finite number of topics/subject matter offered by Psychoeducation and hence families were either utilizing other services offered by Intensive Family Support Services such as single family consultations and multiple family support groups or being placed on inactive status. Therefore, the number was decreased from 2014.
17	The total number of consumers receiving Illness Self Management Services in the year of 2015 was 4,351. The decrease from 2014 may not reflect the decrease of services but the incomplete data collection. Not all agencies shared their information with SMHA despite SMHA's numerous efforts to collect as much data as possible.
19a	Adult survey administered by NJ DHS DMHAS. Children's survey administered separately by NJ DCF DCSOC. Adults: Transgendered Males are categorized here as "males". Transgendered females are categorized here as "females".
19a/b	Updated with children's school attendance provided by NJ DSCOC on 4/15/16.
