**Table 6 State Notes:**

Hospital LOSs are longer than previously reported because of some outliers in this year's pull of discharges who stayed in State Hospital much longer than usual.  
 Other Inpatient There were few individuals discharged in 2014 but had stayed longer than usual.  
 Residential Residential Admissions, Discharges and LOS are computed this year from the Medicaid data so most specifically youth related ones are different from previously reported ones which were derived from CPMS. CPMS are no more functional as of 1/1/2014.  
 Community Total served at the beginning of the year are higher due to the implementation of the Affordable Care ACT.
