Alabama

URS Table Number	General Notes
4	Two factors likely account for the increase in the number of unemployed consumers from 2010: (1) continued recession in Alabama with unemployment rates at 9+% for all populations and (2) an increased emphasis on correct and timely reporting consumer demographics
6	Beginning in FY10 and continuing into FY11, Alabama DMH instituted a hospital downsizing project in its two largest hospitals. Part of this project included purchases and/or provision of crisis inpatient days by community service providers outside the state hospital inpatient facilities. Also at the beginning of FY11, Alabama DMH moved from serving Adolescents committed to DMH in its state hospital facility to contracting for these services with a private facility. The department is aware the LOS has risen after this change.
8	In FY11, Alabama DMH shifted funding for its Indigent Drug Program from mostly state funding to the MHBG in order to free up more state funding for the hospital downsizing project which resulted in a significant increase spent for MHBG non-direct service activities
14A	SMI Definition- Person who meets the diagnosis and disability criteria or who meet the criteria for high risk Disability Criteria (must meet at least 2 criteria plus diagnosis criteria): 1. is unemployed, is employed in a sheltered setting or has markedly limited skills and a poor work history. 2.shows severe inability to establish or maintain personal social support systems. 3. Shows deficits in basic living skills. 4. Exhibits inappropriate social behavior. High Risk (must meet one of the criteria): 1. History of DMH/MR supported inpatient or public residential treatment as a result of an Axis I Mental Illness diagnosis. 2 Person would become at imminent risk of needing inpatient hospitalization without outpatient intervention
14A	SED Definition Person must meet the diagnosis criteria and Separation from Family or meet diagnosis criteria and Functional Impairments/Sysmptoms/Risk of Separation Criteria
18	Alabama has chosen not to report this optional table. We are unable to obtain sufficient information from the contract pharmacies that service two state hospitals to report accurately. We also have several community mental health centers who have become unable to report this information to us for all clients.
