Admission Rate= number of admissions divided by total served during the year

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS/DIG Table 3.

This table uses data from URS/DIG Table3 and 6.

URS Table Number	General Notes
2B	Hispanic/Latino Origin NA increased from FY2010 since FY2011 data included hospital clients (FY2010 did not include hospital clients. The change is to make 2011 URS 2B compatible with 2011 CLD. Hispanic is known on CMHC clients & unknown for hospital clients
14A	SMI Definition: As defined in KRS 210.005, "chronic" (mental illness) means that clinically significant symptoms of mental illness have persisted in the individual for a continuous period of at least two (2) years, or that the individual is presently and significantly impaired in his ability to function socially or occupationally or both; and 2. Have a diagnosis of a major mental disorder (other than substance abuse of mental retardation as the sole diagnosis) as included in the DSMIIIR classification under Schizophrenic Disorder, Psychotic Disorders, Mood Disorder, Organic Mental Disorders or Delusional (paranoid) Disorders. Personality disorders shall be considered only when information and history depict that the individual exhibits persistent disability and significant impairment in major areas of community living.
14A	SED Definition: A child who is under age 18 or under age 21 and was receiving mental health services prior to age 18 and the services must be continued for therapeutic benefit; and 2. Has a clinically significant disorder of thought, mood, perception, orientation, memory, or behavior that is listed in the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders; and presents substantial limitations which have persisted for at least one year, or are judged by a mental health professional to be at high risk of continuing for one year without professional intervention in at least two of these five areas: Self Care, Interpersonal Relationships, Family Life, Self-Direction, Education; or Is a Kentucky resident and is receiving residential treatment for an emotional disability through the interstate compact; or Has been removed from the home by the Department for Community Based Services (Kentucky's child welfare agency) and has been unable to maintained in a stable setting due to a behavioral or emotional disability.
14A	Four of our fourteen CMHCs show significant changes in number of "more than one race" from 2010 to 2011. The Department will discuss with these regions the source of the high % change and if it is accurately reflecting improved reporting on race or is result of unforeseen reporting errors.
14B	Hispanic/Latino Origin NA increased from FY2010 since FY2011 data included hospital clients (FY2010 did not include hospital clients). The change is to make 2011 URS 14B compatible with 2011 CLD. Hispanic is known on CMHC clients & unknown for hospital clients
15	Hispanic/Latino Origin NA increased from 2010 since 2011 data includes hospital clients whereas 2010 didn't. The change is to make 2011 T15 compatible with 2011 client-level data. Hispanic is known on CMHC clients & unknown for hospital clients.
15	Number of homeless reported increased from 2010 on both URS and on MH Block Grant (the latter for SMI/SED only): This is likely the result of increased outreach to this population particularly veterans who have SMI. Thus the increase is a result of improved reporting from CMHCs.
16	Supported Housing - Note that during SFY2011, the Division of BH is defining a program to increase reporting and model fidelity for the EBP "Supported Housing" (SH). This will likely impact numbers on URS 2012 for SH. The number likely will increase assuming the currently reported numbers were found using fidelity to the SH model.
19A	Source of Adult Criminal Justice Involvement Information: Self and caregiver reports as follow-up on IMPACT Program clients (subset of SED) who have been in the program as long as 12 months - includes 18-21 year olds only. Source of Children/Youth Criminal Justice Involvement Information: Self and caregiver reports as follow-up on IMPACT Program clients (subset of SED) who have been in the program as long as 12 months. Adult Mental health programs included: Source: self and caregiver reports as follow-up on IMPACT Program clients (subset of SED) who have been in the program as long as 12 months - 18-21 year olds who had SED. Mental health programs included: Source: self and caregiver reports as follow-up on IMPACT Program clients (subset of SED) who have been in the program as long as 12 months.
19B	Measure of school attendance: Source: Self and caregiver reports-as follow-up on IMPACT Program (subset of SED) clients who have been in the program as long as 12 months. Region for which data are reported: surveys only a subset of children in KY IMPACT program - which represents a subset of all SED in KY.
20A	ARH, CSH, ESH, WSH only. Hispanic is reported as a Race in KY Facility data. "Asian" and "Pacific Islander" are reported in the same category in KY Facility data; "Hawaiian" is not collected by facility data (These notes apply only to Facility; not CMHC).

URS Table Number	General Notes
20A	30-day Psychiatric Hospital Readmission rates increased significantly from 2010 both on URS and on our Block Grant reporting (the latter for SMI/SED only). The increase is due to unforeseen changes in the economy which have made community based services less accessible (e.g. day therapeutic rehab programs were less accessible in 2011 than in 2010). Another factor for the significant increase may be due to hospital business/economics; e.g., one hospital has lower length of stay and higher frequency of admissions.
21	ARH, CSH, ESH, WSH & KCPC. Hispanic is reported as a Race in KY Facility data. "Asian" and "Pacific Islander" are reported in the same category in KY Facility data; "Hawaiian" is not collected by facility data (These notes apply only to Facility; not CMHC).
