New Mexico

| URS Table Number | General Notes |
|------------------------|--|
| All | Consumers with mental health or co-occurring services increase by 6% in FY11. Data does not include State Hospital Totals; however Medicaid is included in the counts. |
| 4,15 | The State Entity for New Mexico worked with the providers to increase the collection of data in their Service Registration. This initiative helped increase the values in living situation and employment |
| 5A | The State of New Mexico had an overall increase of non-Medicaid consumers during the fiscal year. Further analysis of the data will be conducted to determine the why, and where the majority of increases occurred. |
| 6 | BHSD has determined the numbers reported in 2010 were not valid for a number of consumers. |
| 21 | Transitioning consumers to community-based outpatient services was better coordinated in FY11, resulting in a reduction of readmissions. |
| 20A | Patients had increased Length of Stay (LOS) providing for more treatment and better evaluation and hand-off to primary provider |
