US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS/DIG Table 3.

This table uses data from URS/DIG Table3 and 6.

Rhode Island

URS Table Number	General Notes
2, 3, 6	RI has no state psychiatric hospital, but rather adult psychiatric/forensic units in a general hospital and acute inpatient care contracted through private hospitals
2,3,6,12,14,15	Only children served through the community mental health centers are included.
6,15	The increases in total number of consumers in Jai/correctional Facility and total number of consumers Homeless/Shelter from last year both can be explained by the fact that there was an increase in clients with "known" values in our residential arrangement data from 2010 to 2011. It is also due to the small Number.
9, 11/11a, 16, 19a, 19b, 20a, 20b	The Rhode Island Department of Behavioral Health, Developmental Disabilities, and Hospitals, although the State authority overseeing adult mental health care, have no purview over children's mental health care, which resides within the Department of Children, Youth, and Families. Thus although we make every attempt to provide children's data for applicable tables, and are able to include children's counts of those served through the Community Mental Health Organizations, we do not have access to many of the measures relating to children in the listed Tables 9: Social Connectedness, 11/11a:Children's Consumer Survey, 16: Children with SED receiving Therapeutic Foster Care, Multi Systemic Therapy, or Family Functional Therapy, 19a:Criminal Justice Involvement, 19b: School attendance, and 20a/b: Hospitalizations for those under 18
17	Table 17 data re Family Psychoeducation and Illness Self Management unavailable
18	Table 18 data re Adults with Schizophrenia receiving New Generation Medication unavailable
21	Table 21 unavailable. The Division does not have access to data regarding inpatient psychiatric hospitalizations other than those that are state-funded.
