* Reported under Hispanic ethnicity.

Note:

US totals are based on states reporting.

This table uses data from URS/DIG Table 15.

US totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

State Notes:

Hispanic is known on CMHC clients & unknown for hosp.clients. Crisis is not considered a living situation but instead is a service delivered. No child res. Tx facilities in KY.

CONSUMER SURVEY RESULTS, FY 2012

STATE: Kentucky

Kentucky

URS Table Number	General Notes
11	We contract with our 14 CMHCs and they implement a convenience sample conducted in the spring in a sample of their outpatient clinics. We do not receive # of initial attempts or contacts (questions 6a & 6b); we only receive the completed surveys.
14a	SMI Definition: As defined in KRS 210.005, "chronic" (mental illness) means that clinically significant symptoms of mental illness have persisted in the individual for a continuous period of at least two (2) years, or that the individual is presently and significantly impaired in his ability to function socially or occupationally or both; and 2. Have a diagnosis of a major mental disorder (other than substance abuse of mental retardation as the sole diagnosis) as included in the DSMIII-R classification under Schizophrenic Disorder, Psychotic Disorders, Mood Disorder, Organic Mental Disorders or Delusional (paranoid) Disorders. Personality disorders shall be considered only when information and history depict that the individual exhibits persistent disability and significant impairment in major areas of community living.
14a	SMI Definition: A child who is under age 18 or under age 21 and was receiving mental health services prior to age 18 and the services must be continued for therapeutic benefit; and 2. Has a clinically significant disorder of thought, mood, perception, orientation, memory, or behavior that is listed in the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders; and presents substantial limitations which have persisted for at least one year, or are judged by a mental health professional to be at high risk of continuing for one year without professional intervention in at least two of these five areas: Self Care, Interpersonal Relationships, Family Life, Self-Direction, Education or is a Kentucky resident and is receiving residential treatment for an emotional disability through the interstate compact; or has been removed from the home by the Department for Community Based Services (Kentucky's child welfare agency) and has been unable to maintained in a stable setting due to a behavioral or emotional disability.
15	The increase in consumers homeless/shelter is due to the increases mainly occurred in 3 providers that are substance abuse providers. It is expected that the statewide increase of heroin use has affected the populations that are now receiving services from these providers.
