URS Table Number	General Notes
9, 11, 11A	See our flowchart on this web site for analysis steps used during our Consumer Satisfaction Survey http://www.ncdmh.net/dsis/reports/CSSFlowChart.html
16	The data system which tracks Therapeutic Foster Care is currently not integrated with the data system that tracks Persons Served demographic information resulting in the Ethnicity Unknown data anomaly. Future database redesigns and enhancements should resolve this issue.
20A, 20B, 21	Readmission rates were reduced because the division provided additional funding for community hospital beds. Performance measures were implemented in the community programs to reduce hospital readmissions. The division is utilizing state hospitals for long term care stays and the community programs for acute care. State hospitals are operating at capacity.
19A, 19B	The overall numbers were reduced due to an improvement in compliance with NC-TOPPS where we changed the methodology to better report on the information being requested. We were also able to provide data 'For Consumers in Service for at least 12 months' with this change.
