South Carolina

URS Table Number	General Notes
6	The average LOS for adults discharged from State Hospitals in FY 2012 decreased from 155 days to 85 days. The average LOS of adults in the facility less than one year who were State Hospital residents has increased from FY 11. Admissions to the State Hospital have decreased due to a reduction in the number of beds for psychiatric patients.
10	For NAMI, SCSHARE, MHA Greenville, MHA Sumter and Work in Progress the Block Grant is not awarded specifically for programs for Adults and Children. No differentiation is made between adult and child when awarding these amounts under the RFP. They are awarded based on the merit of the programs presented by those organizations who opted to respond.
