Planning Council	\$20,000	0.6%	4.5%
Administration	\$179,417	5.5%	26.3%
Data Collection/Reporting	\$184,179	5.7%	9.2%
Other Activities	\$398,675	12.3%	28.3%
<b>Total</b>	<b>\$3,252,053</b>	<b>100.0%</b>	<b>100.0%</b>

Note: This table use data from URS Table 8.

**State Notes:**

The increase in TA activity expenditures is due to increases in State MH Authority staff providing TA to direct service providers.

**STRUCTURE DOMAIN: State Mental Health Agency Controlled Expenditures for Mental Health, FY 2014**

**STATE Wisconsin**

	<b>Expenditures: State</b>	<b>Percent of Total Expenditures: State</b>	<b>Expenditures: U.S.</b>	<b>Percent of Total Expenditures: U.S.</b>
State Hospitals-Inpatient	\$211,800,000	33%	\$9,377,004,070	23%
Other 24-Hour Care	\$124,600,000	19%	\$7,332,863,616	18%
Ambulatory/Community	\$307,100,000	48%	\$23,267,025,494	57%
Total	\$644,800,000	-	\$40,831,941,068	-

**Note:**

Other 24-Hour Care includes state psychiatric hospital and community based other 24-hour as well as community based inpatient expenditures.

Ambulatory/Community includes expenditures for less than 24-hour care services provided at state psychiatric hospitals. It excludes community based other-24 hour and community based inpatient expenditures.

Total also includes additional SMHA Expenditures for research, training, administration, and other central and regional office expenditures.

Data from NRI's Funding Sources and Expenditures of State Mental Health Agencies, FY 2014 reports - Table 18 "SMHA-Controlled Expenditures for Mental Health Services."

U.S. totals are based on 50 states reporting.

More information on the State Mental Health Agency's Revenues & Expenditures as well as State Footnotes can be found on the NRI website:

Wisconsin

URS Table Number	General Notes
All	The number of clients reported as served decreased significantly. Many episodes were left open and unattended by counties in the State data system even though the actual client had been discharged. The transition to a new State MH data system in 2013 helped identify these cases and helped begin to clean them up. These cases are now excluded from the federal reports.
5A	We have Medicaid claims data, but no other funding source data. Thus, we cannot be sure if any consumers are "Medicaid only". All consumers with MA paid claims are put in the "Both" category. The decrease in Medicaid use from 2012 may be due to changes in State Medicaid policies.
14A	State definition of SMI/SED is similar to federal definition, but worded differently: "Persons in Need of Ongoing, High Intensity, Comprehensive Services - have a primary diagnosis of a major mental illness or severe emotional disturbance, and they have substantial needs for psychiatric and medical treatment, including substance abuse, daily living skills, budgeting, job training, family support and support at school. Some may have a history of trauma, such as physical or sexual abuse or neglect, which contributes to the mental health problem. Persons in this category may need help to access community resources, such as safe, affordable housing, benefits and entitlements, and legal assistance. They need support and assistance in combating stigma and discrimination. Without ongoing, comprehensive services, these persons will be at the highest risk for increased psychiatric hospitalizations or extensive reliance on placement in nursing homes, child-caring institutions, and other supervised settings; confinement in jail; homelessness; and increased harm to self. These persons will sometimes experience acute psychiatric crises as a result of increases in symptoms of mental illness or environmental stresses. Because some may be reluctant to access mental health or other services, extensive outreach may be needed to engage them into services. The person and family need ongoing, comprehensive treatment and intensive community support and wraparound services to help them achieve and maintain a more stable level of functioning and a lifestyle relying more on natural supports and less on formal mental health services." State definition also includes this group: "Persons in Need of Ongoing Low Intensity Services - have a diagnosed mental disorder. They function in a fairly stable manner but may occasionally experience acute psychiatric crises. Some may have a history of trauma, such as physical or sexual abuse or neglect, which contributes to the mental health problem. These persons need services such as ongoing medication management (prescription, evaluation, and monitoring), case management, and/or periodic support contacts. With the benefit of such services, they are usually able to live relatively independently and have good potential for recovery and increasing success in community living. Without ongoing supports and services, however, they can be at a serious risk for relapse and for much more costly treatment, including intensive crisis intervention and psychiatric hospitalization."
