\* = low precision; -- = not available; da = does not apply; nc = not comparable due to methodological changes; nr = not reported due to measurement issues.

NOTE: Respondents were asked whether they attempted suicide in the past 12 months only if they had serious thoughts of suicide in the past 12 months. Respondents who had no suicide thoughts were categorized as not attempting suicide in the past 12 months. Respondents with unknown suicide information were excluded.

<sup>1</sup> Respondents could indicate multiple types of health insurance; thus, these response categories are not mutually exclusive.

<sup>2</sup> Other Health Insurance is defined as having Medicare, military-related health care, or any other type of health insurance.

<sup>3</sup> The Other Employment category includes students, persons keeping house or caring for children full time, retired or disabled persons, or other persons not in the labor force.

Definitions: Measures and terms are defined in Appendix A.
