Alcohol Use Disorder	115	112	56	67	39	43
Illicit Drug Use Disorder	94	110	54	65	40	46
No Substance Use Disorder	253	248	124	126	80	84
Serious Psychological Distress	220	218	115	133	72	84
No Serious Psychological Distress	194	178	91	79	62	56
Substance Use Treatment at a Specialty Facility <sup>4</sup>	49	53	36	37	28	28
No Substance Use Treatment at a Specialty Facility <sup>4</sup>	291	285	144	148	93	96

\* = low precision; -- = not available; da = does not apply; nc = not comparable due to methodological changes; nr = not reported due to measurement issues.

NOTE: Respondents with unknown suicide information were excluded.

<sup>1</sup> Respondents were asked whether they made any suicide plans or attempted suicide in the past 12 months only if they had serious thoughts of suicide in the past 12 months.

Respondents who had no suicide thoughts were categorized as not making any suicide plans and not attempting suicide in the past 12 months.

<sup>2</sup> Respondents with unknown past year Major Depressive Episode (MDE) data were excluded.

<sup>3</sup> Mental Health Services for adults includes inpatient treatment/counseling, outpatient treatment/counseling, or use of prescription medication for problems with emotions, nerves, or mental health. Respondents with unknown mental health service information were excluded.

<sup>4</sup> Specialty treatment facilities include hospitals (inpatient only), rehabilitation facilities (inpatient or outpatient), or mental health centers.

Definitions: Measures and terms are defined in Appendix A.
