URS Table Number	General Notes
6	The director of admissions for the State Hospital stated, "The difference of 124 is due to the increase in forensic court ordered admissions. There are delays in the legal system, which delays discharge from the hospital and holds up beds not allowing ASH to admit patients in a timely manner."
7	In both 2018 and 2019 ,the State expended the total MHBG allocated amount. The increase in expenditures reflects changes in the awarded grant. The change in Medicaid expenditure is related the implementation of the agency wide Behavioral Health Transformation which included moving to the Provider-Lead Arkansas Shared Savings Entity System (PASSE) for Medicaid. The increase in Local Fund expenditures reflects an increase in paid cash accounts at the Arkansas State Hospital.
7A	State placed an intentional focus on increasing the use of Evidence-Based Practices for ESMI/FEP by the block grant funded Community Mental Health Centers. Similarly, the state has placed an increase focus on providing crisis services which includes crisis services offered by block grant funded Community Mental Health Centers to clients in a jail setting.
12, 14A	One Agency closed in SFY 2019 accounting for a drop of 4,600 clients served. In addition, the State has been implementing an agency wide Behavioral Health Transformation. The decrease of clients with SMI/SED and specific services reported on the URS tables can be attributed to a new service structure that provides consumers with these services in the PASSE (Provider-Lead Arkansas Shared and Savings Entity) system rather than the block grant funded Community Mental Health Centers.
15	From 2018 to 2019, the State has been implementing an agency wide Behavioral Health Transformation. Part of this is to place a higher priority on serving consumers in Jail/Correctional Facilities.
