URS Table Number	General Notes
All	State Hospital Inpatients are only included where identified and not calculated into overall totals. State hospital inpatient includes stays in Adult Mental Health and Secure (Forensics) programs. Data for hospital outpatients and non-admits (including 23-hour observation) are not included; however, hospital-operated community services are included with other community services. Community Mental Health data includes individuals authorized for residential stays in Psychiatric Residential Treatment Facilities (PRTFs) and state contracted inpatient beds. Authorizations for community services for consumers having at least one authorization with Type of Service of MH or MH/SA Co-Occurring.
All	Unless otherwise specified individuals' age was calculated as of the beginning of the report period (EOP = 6/30/2019). "More Than One Race Reported" includes Multi-Racial. "Race Not Available" includes Other Single Race, Unknown, and not reported. Hispanic/Latino Origin "Not Available" includes "Unknown" and not reported.
4	Data reported for community consumers only. The latest available employment statuses for the SFY are reported. Employment Status is collected at admission, at discharge, at re-authorization of services, and at addition of new services to an existing authorization. "Employed" includes Competitive Employment and Community Based Non-Competitive Employment. "Unemployed" includes Unemployed But Available for Work = Yes. "Not in Labor Force" includes Facility Based Non-Competitive Employment and Unemployed But Available for Work = No. "Not Available" includes Not Available and Not Reported.
5A, 5B	"Medicaid (only Medicaid)" includes any consumer in Table 2A for whom a Medicaid MRO/PRTF claim was paid, but no State service encounter was reported. "Non-Medicaid Sources (only)" includes any consumer in Table 2A for whom no Medicaid claim was paid, but a State service encounter was reported. "People Served by Both Medicaid and Non-Medicaid" includes any consumer in Table 2A for whom both a Medicaid claim was paid and a State service encounter was reported. "Medicaid Status Not Available" includes all the remaining consumers in Table 2A.
7	FY2018 MHBG expenditures included carryover funds from FY2017 resulting in a 21% decrease in the reported MHBG expenditures between FY2018 and FY2019. Medicaid expenses in FY2018 had been advance funded in the previous fiscal year. Medicaid Patient Pay (recorded as Other Funds) was not allocated to Mental Health in FY2019 due to a change in accounting methodologies which has resulted in a 36% decrease in total Other Funds expenditures between FY2018 and FY2019. The increase in total EBP for ESMI expenditures from FY2018 to FY2019 is a result of increased service utilization.
7A	There was an increase in the number of FEP team resulting in an increase in the total CSC-Evidence Based Practices for First Episode Psychosis Expenditures from FY2018 to FY2019.
8	The increase in total MHBG expenditures for non-direct services from FY2018 to FY2019 is a result of an increase for infrastructure support activities.
