

Massachusetts 2019 Mental Health National Outcome Measures (NOMS): SAMHSA Uniform Reporting System

Utilization Rates/Number of Consumers Served	U.S.	State	U.S. Rate	States
Penetration Rate per 1,000 population	8,131,606	3.81	24.81	58
Community Utilization per 1,000 population	7,826,684	3.76	23.88	58
State Hospital Utilization per 1,000 population	132,710	0.29	0.41	54
Other Psychiatric Inpatient Utilization per 1,000 population	409,098	0.07	1.45	39

Adult Employment Status	U.S.	State	U.S. Rate	States
Employed (Percent in Labor Force)*	764,240	22.3%	46.7%	57
Employed (percent with Employment Data)**	764,240	12.7%	21.7%	57

Adult Consumer Survey Measures	State	U.S. Rate	States
Positive About Outcome	61.2%	75.4%	52

Child/Family Consumer Survey Measures	State	U.S. Rate	States
Positive About Outcome	59.6%	71.9%	46

Readmission Rates:(Civil "non-Forensic" clients)	U.S.	State	U.S. Rate	States
State Hospital Readmissions: 30 Days	6,218	18.2%	7.8%	50
State Hospital Readmissions: 180 Days	14,246	26.1%	17.8%	53
State Hospital Readmissions: 30 Days: Adults	5,733	19.0%	8.0%	49
State Hospital Readmissions: 180 Days: Adults	13,057	27.3%	18.1%	53
State Hospital Readmissions: 30 Days: Children	485	0.0%	6.0%	18
State Hospital Readmissions: 180 Days: Children	1,187	0.0%	14.7%	19

Living Situation	U.S.	State	U.S. Rate	States
Private Residence	4,133,022	83.7%	83.7%	56
Homeless/Shelter	222,985	7.2%	4.5%	51
Jail/Correctional Facility	113,677	2.4%	2.3%	51

Adult EBP Services	U.S.	State	U.S. Rate	States
Supported Housing	97,515	-	3.1%	32
Supported Employment	72,250	-	2.0%	42
Assertive Community Treatment	72,957	7.7%	1.9%	43
Family Psychoeducation	39,074	-	2.5%	16
Dual Diagnosis Treatment	234,329	-	10.4%	26
Illness Self Management	317,463	-	18.9%	20
Medications Management	547,936	-	31.3%	20

Child/Adolescent EBP Services	U.S.	State	U.S. Rate	States
Therapeutic Foster Care	5,390	0.1%	0.7%	22
Multisystemic Therapy	33,517	-	4.2%	19
Functional Family Therapy	35,054	-	5.9%	15

Change in Social Connectedness	State	U.S. Rate	States
Adult Improved Social Connectedness	69.0%	75.8%	51
Child/Family Improved Social Connectedness	78.1%	87.6%	45

*Denominator is the sum of consumers employed and unemployed.

**Denominator is the sum of consumers employed, unemployed, and not in labor force.

Note:

Are Client Counts Unduplicated? Unduplicated Number of States with Unduplicated Counts 43

This table uses data from URS Table 2a, Table 2b and from the US Census Bureau. All denominators use US Census data from 2018

US totals are calculated uniquely for each data element based on only those states who reported clients served.

Regional groupings are based on SAMHSA's Block Grant Regions.

State Notes:

When is Employment Status Measured?	At Admission	At Discharge	Monthly	Quarterly	Other
MA	Yes	-	-	-	See Overall State Note
US	43	30	3	7	26

Note:

*In Labor Force is the sum of consumers employed and unemployed.

**With Known Employment Status is the sum of consumer employed, unemployed and not in labor force.

Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data from URS Table 4.

State Notes:

Age Age calculated at midpoint of reporting period

Gender None

Overall Populated by NRI using Massachusetts 2019 MH CLD-BCI dataset. Employment status is recorded for all clients upon admission, and at annual assessment for case managed clients only.

Note:

*In Labor Force is the sum of consumers employed and unemployed.

**With Known Employment Status is the sum of consumer employed, unemployed and not in labor force.

Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data for URS Table 4a.

State Notes:

Populated by NRI using Massachusetts 2019 MH CLD-BCI dataset.

CONSUMER SURVEY RESULTS, FY 2019

Massachusetts

Reporting Period: 7/1/2018 To: 6/30/2019

Indicators	Children: State	Children: U.S. Average	States Reporting	Adults: State	Adults: U.S. Average	States Reporting
Reporting Positively About Access	81.9%	87.1%	46	81.3%	86.8%	52

Massachusetts

URS Table Number	General Notes
3	Increase in the total number of consumers served in state psychiatric hospitals from FY18 to FY19 is due to increases in the number of persons admitted from the court system for forensic treatment, from the private acute care hospital system and from the Bridgewater State Hospital.
6	Increase in those admitted into community programs from FY18 to FY19 is a result of DMH's redesign of its primary adult community service program, Adult Community Clinical Services (ACCS). This coincided with limiting enrollment leading to the commencement of ACCS on July 1, 2018.
6	Admissions to psychiatric continuing care units run by the MA DMH, but located in facilities operated by the state Public Health agency are included in the State Hospital category.
6	Individuals admitted to two community mental health centers (CMHCs) delivering acute care and one CMHC providing continuing care are included in "Other Psychiatric Inpatient". This category also includes admissions to private inpatient facilities through contract with the MA DMH.
6	Age group is calculated at the midpoint of the reporting period to be consistent with the criteria used in construction of the Client Level Reporting files.
6	Children, Youth and Families program staff have been meeting monthly with UMass Adolescent Unit team for over a year to study length of stay challenges. Meetings conducted with two advance practice nurses performing Utilization Management review on a weekly basis resulting in reduction in LOS and increase in community tenure.
7	Information is based on the FY2019 spending. A fringe benefit rate of 34.89% has been applied to personnel spending (AA obj class). PERF (3051) and First Episode Psychosis (3045) programs are considered Evidence-Based. State Hospital includes only WRCH and Taunton. Other 24-Hour Care includes all other inpatient spending, residential, and IRTP. "Other" funding includes ISA (where DMH is the child), revenue accounts, and trust accounts. Other Federal accounts include only the 50129122 (program for assistance in transition) and 50469102 (Shelter Plus Care) as discussed last year. Excluded spending: Capital spending reflected in the NN obj class and capital accounts. Excluded Federal accounts. Forensic spending. Substance use program (WRAP).
7, 7A	One year changes due to increase in MHBG budget and successfully spending majority of targeted expenditures for services and training.
7a	One year changes due to increase in MHBG budget and successfully spending majority of targeted expenditures for services and training.
8	Increase in Training/Education line corresponds to a 3-day First Episode Psychosis training, Macfarlane Multi-Family Group method which is an EBP for supporting families and persons with schizophrenia and preventing relapse. Six programs took part in the training.
9/11A	Increases in performance for Social Connectedness and Functioning within child/adolescent results may be attributed to DMH's Child, Youth, and Families division's focus on peer roles over the last few years, including a specific procurement of more peer roles in January 2019.
10	No duplicates exist in Table 10 since each line represents a different contract.
12	With changes in regulation and the "Reframe the Age" initiative, Child/Adolescent services in FY 19 for the MA DMH were provided through age 18, with those between the age of 18 and 21 are eligible for both child and adult services and adult services delivered for ages 21 and older. Calculations for this table use the federal definition of Child and Adult.
12	Ages 0 - 3 are served primarily by agencies other than the MA DMH, but service authorization criteria for MA DMH does not preclude service provision for this age group.
12	Individuals counted in the total served by the MA DMH who are referred by the criminal justice system, may or may not meet SMI/SED definitions. All persons who meet DMH clinical standards for approval of continuing care community services meet federal SMI/SED definitions.
12	The calculation for the percentage of persons with a co-occurring diagnosis of substance abuse is obtained by counting the number of persons with a diagnosis of substance abuse on file in the Mental Health Information System (MHIS) as of the close of the reporting period divided by the total served as reported in Table 2 (Total Served) and Table 14 (Total SMI/SED), for whom there was a diagnosis on file in MHIS as of the close of the reporting period. Calculations for FY 19 were updated to include "F" codes for mental health and substance use disorders now used in DSM V and ICD-10, which may account for the increase in percentage of co-occurring diagnoses reported in previous years.

URS Table Number	General Notes
15	Living situation is measured at admission for all clients and at the annual review for case managed clients only. In addition, it is assessed annually for all inpatients in state operated facilities with length of stay (LOS) greater than 6 months.
16	DMH is not able to generate the Supported Employment data due to a program change in provision of employment services for our ACCS program, DMH's largest adult program. Employment services are now provided by a sister agency, Massachusetts Rehabilitation Commission (MRC). DMH is working with MRC on obtaining employment data for its shared clients.
16	Totals for Supported Housing are not available for reporting in SFY19. DMH and CBFS providers collaborated in developing the outcome measures that CBFS providers report to DMH as measures of contract performance. While CBFS providers began reporting housing data in January 2011, the data currently collected does not provide sufficient information to determine which individuals are receiving housing supports consistent with the Supported Housing model. DMH and CBFS providers made significant progress in developing a new housing measure set that is consistent with the federal guidance on the reporting of Supported Housing. However, the implementation of these revised measures was delayed due to a service rate development and re-contracting project that is required under the implementation of Chapter 257 of the Acts of 2008. With the change in the program from CBFS to ACCS, DMH will continue to work towards the reporting of housing data to comply with federal reporting requirements.
16	Fidelity for PACT programs are measured using the TMACT tool. The tool is used twice a year to measure fidelity.
17	Although these EBPs may be provided in some DMH programs, they are not reported as discrete services in the Mental Health Information System (MHIS) and are unavailable for reporting.
19A	With DMH's redesign of its adult services to its new ACCS program which began on July 1, 2018, the survey was administered to the ACCS program recipients for the first time. The adult survey only included those in the ACCS program. This is reflected in the table as those who began service during the fiscal year.
