General Notes FY 2020

California

URS Table Number	General Notes
5A, 6, 12, 14A, 15, 16, 17	Three counties have incomplete data, so the client counts from these counties are much lower than they were last year: Contra Costa County has only about half as many clients as last year, a difference of 10,491 clients; San Diego County has 0 clients this year, versus 47,849 clients last year; Santa Clara County has 0 clients this year, versus 22,559 clients last year. The total decrease in clients for these three counties combined is 92,055. This is larger than the statewide decrease of 86,383.
7	Total MHBG Expenditures: Total MHBG expenditures for the FFY 2020 Report have been revised downwards to reconcile with actual data. Furthermore, between the FFY 2019 and FFY 2020 report, California's MHBG award increased by \$21,005,763. The noted increased expenditures are commensurate with the larger award. Total Other Funds Expenditures: DHCS compiles this information based on cost reports submitted by counties. Based on the data submitted, counties are reporting increased expenditures in Other 24-Hour Care and Ambulatory/Community Non-24-Hour Care year-over-year. Total Local Funds Expenditures: DHCS compiles this information based on cost reports submitted by counties. Based on the data submitted in Table 5A, more consumers were served with local funds with a commensurate decrease in the service funding provided by Medicaid. Total EBP for ESMI Expenditures: Between the FFY 2019 and FFY 2020 report, California's MHBG award increased by \$21,005,763. The noted increased expenditures are commensurate with the larger award. Total Administration Expenditures: Total administration expenditures have been revised downwards upon review by DHCS. The variance between the new total of \$1,805,305 and last year's reported figure of \$1,376,478 can be attributed to additional administrative expenditures commensurate with the MHBG award increase.
7A	Total CSC-Evidence-Based Practices for First Episode Psychosis Expenditures: Between the FFY 2019 and FFY 2020 report, California's MHBG award increased by \$21,005,763. The noted increased expenditures are commensurate with the larger award.
14A	2,194 Pacific Islander clients were reported last year in Santa Clara County, while 0 were reported this year. The statewide number from last year was 4,574.
