NOTE: Received Substance Use Treatment includes treatment received at any location, such as a hospital (inpatient), rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, prison/jail, and virtual services. Substance use treatment questions are asked of respondents who used alcohol or illicit drugs in their lifetime. Respondents who used prescription drugs but who did not misuse prescription drugs in their lifetime may not receive these questions. Estimates include people who received treatment specifically for illicit drugs or alcohol, as well as people who received treatment for unspecified substance(s).

<sup>1</sup> Other Employment includes students, people keeping house or caring for children full time, retired or disabled people, or other people not in the labor force.

NOTE: Estimates from years prior to 2021 are not shown because of methodological changes in 2021. See the *2021 National Survey on Drug Use and Health: Methodological Summary and Definitions* for details.

NOTE: Received Substance Use Treatment includes treatment received at any location, such as a hospital (inpatient), rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, prison/jail, and virtual services. Substance use treatment questions are asked of respondents who used alcohol or illicit drugs in their lifetime. Respondents who used prescription drugs but who did not misuse prescription drugs in their lifetime may not receive these questions. Estimates include people who received treatment specifically for illicit drugs or alcohol, as well as people who received treatment for unspecified substance(s).

<sup>1</sup> Other Employment includes students, people keeping house or caring for children full time, retired or disabled people, or other people not in the labor force.
