2025 Uniform Reporting System Output Tables Executive Summary

State Mental Health Agencies (SMHAs) compile and report annual data as part of SAMHSA's Community Mental Health Services Block Grant Report requirements. These compiled data constitute the Uniform Reporting System (URS).

The URS is comprised of 29 tables developed by SAMHSA in consultation with SMHAs. The 2025 URS Output Tables present findings from 59 states and U.S. territories/jurisdictions.

Each output table provides summary information on clients served by SMHAs in 2025, including sociodemographic characteristics, outcomes of care, utilization of selected evidence-based practices, client perceptions of care, Medicaid funding status, living situation, employment status, crisis response services, and readmissions to state psychiatric hospitals within 30 and 180 days. Key findings are highlighted below:

- In 2025, 7,883,203 clients received SMHA services across 59 states and U.S. territories/jurisdictions, a slight decrease from 7,945,185 clients served in 2024. Several states reported factors that contributed to lower reporting levels in 2025.

- A total of 5,741,738 adults (21.5 per 1,000) and 2,139,132 children (29.2 per 1,000) received services. Age data were missing for 2,333 clients (<0.1 percent).

- Among SMHA clients served, 4,121,599 (52.3 percent) were female, while 3,708,410 (47.0 percent) were male. In most states (34), more females than males were served; in the remaining 25 states, more males than females were served.

- The largest proportion of SMHA clients served were adults ages 25–44 (33.7 percent), followed by adults ages 45–64 (22.1 percent), children ages 6–12 (12.3 percent), and adolescents ages 13–17 (12.1 percent).

- More than half of SMHA clients served were White (56.2%), followed by Black or African American clients (18.1%). Race was missing for 11.5% of clients. Most clients were non-Hispanic (68.5%), while 15.0% were Hispanic.

Hawaii 2025 Mental Health National Outcome Measures (NOMS): SAMHSA Uniform Reporting System

Utilization Rates/Number of Consumers Served	U.S.	State	U.S. Rate	States
Penetration Rate per 1,000 Population	7,883,203	7.66	22.94	59
Community Utilization per 1,000 Population	7,661,571	7.41	22.29	59
State Hospital Utilization per 1,000 Population	120,089	0.56	0.35	54
Other Psychiatric Inpatient Utilization per 1,000 Population	413,348	0.04	1.38	43

Notes:

Are Client Counts Unduplicated? Unduplicated **Number of States with Unduplicated Counts** 47

This table uses data from URS Table 2A, Table 2B and from the U.S. Census Bureau. All denominators for penetration rates use the SC-EST2024-ALLDATA6: Annual State Resident Population Estimates for 6 Race Groups by Age, Sex, and Hispanic Origin data from the U.S. Census Bureau.

U.S. totals are calculated uniquely for each data element based on only those states that reported clients served.
The ethnicity categories may not sum to the total number of clients served because some states do not collect and report ethnicity separately from race.
The penetration rates for Some Other Race and Not Available (for Age, Sex, Race, and Ethnicity) are not reported on this table because the U.S. Census data does not include these categories.

Regional groupings are based on SAMHSA's Block Grant Regions.

State Notes:

Ethnicity Not Available	650	5.9%	937,498	17.1%	-	-	-	45

Notes:

This table uses data from URS Table 14A, Table 14B and from the U.S. Census Bureau. All denominators for penetration rates use the SC-EST2024-ALLDATA6: Annual State Resident Population Estimates for 6 Race Groups by Age, Sex, and Hispanic Origin data from the U.S. Census Bureau.

U.S. totals are calculated uniquely for each data element based on only those states that reported clients served.
The ethnicity categories may not sum to the total number of clients served because some states do not collect and report ethnicity separately from race.

The penetration rates for Some Other Race, as well as Age, Sex, Race, and Ethnicity Not Available are not reported on this table because the U.S. Census data does not include these categories.

Regional groupings are based on SAMHSA's Block Grant Regions.

State Notes:

Table 14A

Notes:

This table uses data from URS Table 3 and 6.

Admission Rate = number of admissions divided by total served during the year.

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS Table 3.

Table 3 State Notes:

Age	None
Sex	None
Overall	Populated by the BHSIS Project Office using HI's 2025 MH-CLD BCI dataset.

Table 6 State Notes:

State Psychiatric Hospital	The state hospital does not serve children.
Other Psychiatric Inpatient	None
Residential Treatment Centers	None
Community Mental Health Programs	None
Overall	None

Notes:

U.S. figures are based on states reporting.

This table uses data from URS Table 15.

U.S. totals are calculated uniquely for each data element based on only those states that reported numerator (clients served) data.

The ethnicity categories may not sum to the total number of clients served because some states do not collect and report ethnicity separately from race.

State Notes:

Populated by the BHSIS Project Office using HI's 2025 MH-CLD BCI dataset.

APPROPRIATENESS DOMAIN: Evidence-Based Practices Reported by SMHAs, FY 2025

Hawaii **Reporting Period:** 7/1/2024 To: 6/30/2025

State General Data Notes, FY 2025

Hawaii

URS Table Number	General Data Notes
2A	American Indian or Alaska Native persons served: HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires. Some Other Race persons: Very small n-size inherently volatile. No reason to expect meaningful reason behind change. Race Not Available persons served: There was an increase of 47% in the total number of Race Not Available persons served because HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires. The total number of Female persons served increased 22% because HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires.
3, 14C	Community MH Programs: HI included Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires. Other Psychiatric Inpatient: Transitioned to different operating agency. Agency had lower availability due to ongoing facility improvements. Residential Treatment Centers: Removed a service from service array, and its replacement has yet to start. A provider agency moved locations and took several months to ramp up. Institutions under the Justice System: Increased referrals from courts.
5A	The total number of consumers with Non-Medicaid Funding and Medicaid Funding increased due to the inclusion of Maui CCBHC consumers.
6	Total Admissions to Community Program During the Year are up 83% compared to FY24 because it included HI's Certified Community Behavioral Health Center patients in the data submission. In previous submissions CCBHC clients were not included. The CCBHCs started in late 2023 in response to the Maui wildfires. Other Psychiatric Inpatient Settings at the beginning of the year and Admissions to Other Psychiatric Inpatient During the Year: Transitioned to different operating agency. Agency had lower availability due to ongoing facility improvements. Residential Treatment Centers During the Year: Removed a service from service array, and its replacement has yet to start. A provider agency moved locations and took several months to ramp up.
7A	For Total Medicaid Expenditures, Total EBP for ESMI Expenditures, Total Ambulatory/Community Non-24-Hour Care Expenditures, Total Administration Expenditures, Total COVID-19 Relief Funds Expenditures, Total Crisis Services (5 percent set-aside): Expenditures increased generally as service contracts were renegotiated and service rates were increased. MHBG: Used more MHBG funds for non-direct expenditures related to developing and maintaining a data system. Medicaid: Expenditures increased generally as service contracts were renegotiated and service. Other Funds: Decrease in available funds. State Funds: Increase in number of consumers/patients served. EBP for ESMI: Service was not fully staffed, so expenditures were lower. State Hospital: Increase in average daily census. Ambulatory/Community Non-24-Hour Care Expenditures: Increase in the number of consumers served. Administration Expenditures: Increase in payroll costs including temporary hazard pay. Grand Total Expenditure: Increase in number of consumers/patients served. Total COVID-19 Relief Funds Expenditures: Decrease in available funds. ARP: Increase in available funds. Other Psychiatric Inpatient Care: Decrease in contracted services. Crisis Services: Increase in types of services provided and numbers served. Bipartisan Safer Communities Funds: Programs still being developed.

URS Table Number	General Data Notes
7B	MHBG and COVID-19: Service was not fully staffed, so expenditures were lower. Training for ESMI: Not all trainings happen every year. This year's trainings were different from last year's. CSC-Evidence-Based Practices for First Episode Psychosis Expenditures: Service was not fully staffed, so expenditures were lower. Mental Health Block Grant Funds: MHBG funds used for developing and maintaining a data system. Training for ESMI: Not all trainings happen every year. This year's trainings were different from last year's.
7C	For Total State Funds Expenditures increased generally as service contracts were renegotiated and service rates were increased. MHBG funds used for developing and maintaining a data system. Other Federal Funds: New federal grants. State Funds: Increase in types of services provided and numbers served. COVID-19: Decrease in available funds. ARP Funds: Increase in available funds. Crisis Stabilization Programs: Increase in contracted staff. Training and Technical Assistance: Increase in types of services provided and numbers served.
8A	Increase in available funds.
11	Data is possibly skewed due to a lower response rate than usual. Adult division tried to go online survey method which had negative consequences on return rates. AMHD will be going back to paper version next year.
14A	Female consumers with SMI/SED and American Indian/Alaska Native consumers with SMI/SED: HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires. Some Other Race persons with SMI/SED: Very small n-size inherently volatile. HI does not expect any meaningful reason behind change.
15	Increased referrals from courts. Total Number of consumers living in Not Available: The total number of consumers living in 'Not Available' increased by 23% because HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires.
16A	Total number of Adults with SMI are up 23% compared to FY24 because HI included its Certified Community Behavioral Health Center patients in the data submission and had not done so in previous submissions. The CCBHCs started in late 2023 in response to the Maui wildfires. In addition to staffing issues, this is the first year that services are being subcontracted out on the Big Island, leading to delayed services. Adults with SMI : Increase is due to Maui CCBHC consumers being served. FFT: In addition to an overall decline in youth census, the decline in FFT services is due to therapist staffing issues across the island. Additionally, Hawaii Island FFT services switched to using a different provider agency at the start of the fiscal year that has taken some time to ramp up capacity. FFT consumer count is expected to return to 2024 levels in 2026. Hawaii did not have ACT or Supported Employment services for FY2025.
16B	Family Psychoeducation, Illness Self-Management and Recovery, and Medication Management services are not provided.
16C, 16D	Data is unavailable.
17	Hawaii does not collect age data for crisis contact centers.
20B	Hawaii State Hospital saw an increase in overall admissions from 787 to 811 from FY 24 to FY 25 in addition to an increase of readmissions from 107 to 124. Among readmissions, readmissions increased under the Act 26 Hawaii law used to divert mentally ill persons from jail to Hawaii State Hospital. There were 74 Act 26 readmissions in FY 24 and 98 Act 26 readmissions in FY 25. Both of these increases may have contributed to the increase in percent of patients readmitted.
