Terms of Use

These data are distributed under the following terms of use. By continuing past this page, you signify your agreement to comply with the requirements as stated below:

Privacy of Research Subjects

Any intentional identification of a research subject (whether an individual or an organization) or unauthorized disclosure of his or her confidential information violates the promise of confidentiality given to the providers of the information. Disclosure of confidential information may also be punishable under federal law. Therefore, users of data agree:

- To use these datasets solely for research or statistical purposes and not for re-identification of specific research subjects.
- To make no use of the identity of any research subject discovered inadvertently and to report any such discovery to CBHSQ and SAMHDA (samhda-support@samhsa.hhs.gov)

Citing Data

You agree to reference the recommended bibliographic citation in any of your publications that use SAMHDA data. Authors of publications that use SAMHDA data are required to send citations of their published works for inclusion in a database of related publications.

Disclaimer

You acknowledge that SAMHSA will bear no responsibility for your use of the data or for your interpretations or inferences based upon such uses.

Violations

If CBHSQ determines that this terms of use agreement has been violated, then possible sanctions could include:

- Report of the violation to the Research Integrity Officer, Institutional Review Board, or Human Subjects Review Committee of the user's institution. A range of sanctions are available to institutions including revocation of tenure and termination.
- If the confidentiality of human subjects has been violated, then report of the violation may be made to the Federal Office for Human Research Protections. This may result in an investigation of the user's institution, which can result in institution-wide sanctions including the suspension of all research grants.
- Report of the violation of federal law to the United States Attorney General for possible prosecution.
- Court awarded payments of damages to any individual(s)/organization(s) harmed by the breach of confidential data.

Promise of confidentiality

A promise to a respondent or research participant that the information the respondent provides will not be disseminated in identifiable form without the permission of the respondent; that the fact that the respondent participated in the study will not be disclosed; and that disseminated information will include no linkages to the identity of the respondent. Such a promise encompasses traditional notions of both confidentiality and anonymity. In most cases, federal law protects the confidentiality of the respondent's identity as referenced in the Promise of Confidentiality. Under this condition, names and other identifying information regarding respondents would be confidential.

Research subject

A person or organization that participates in a research study. A research subject may also be called a respondent. A respondent is generally a survey respondent or informant, experimental or observational subject, focus group participant, or any other person providing information to a study.

Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

2006 NATIONAL SURVEY ON DRUG USE AND HEALTH SCREENING APPLICATION UPDATES

Text/Screen Updates

Select Case Screen

- Sort function by 'Street' was updated to sort by street name within segment.

Access Data

- Revised the Access Data categories and renamed the data collected to Physical Features Data. Moved the data entry from a separate function to the first two screens of the screening application. The Physical Feature data is entered during the initial visit to the SDU and it is immediately saved and transmitted during the next transmission.
- The Physical Feature data is collected on two screens – SDU Characteristic and Controlled Access Type. The categories are as follows:

SDU Characteristic

(Check all that apply)

1. House/Single Unit
2. Multi-unit, 2-9 units
3. Multi-unit, 10-49 units
4. Multi-unit, 50+ units
5. Military Base
6. Student Housing
7. Native American Tribal Land
8. Senior Housing/Assisted Living
9. Other GQU
10. Empty Lot

Controlled Access Type

(Check all that apply)

1. None
2. Guard/Door Person/Staff/Manager
3. Locked main entrance/gate, no intercom/buzzer
4. Locked main entrance/gate with intercom/buzzer, no unit address labels
5. Locked main entrance/gate with intercom/buzzer, with unit address labels

Identify SR Screen

- Spanish translation updated from: Y ¿tiene 18 **o más de edad?** (And are you 18 or more years of age) to: Y ¿tiene 18 **de edad o más?** (And are you 18 years of age or more).

Informed Consent

- Added “It also explains that your answers are used for research purposes only...” to the text so it reads, “Please read this statement. It describes the survey and the legislation that assures the confidentiality of any information you provide. It also explains that your answers are used for research purposes only and that your participation is voluntary. If anyone is selected for the full interview, that person will receive a \$30 cash payment after the interview is completed.”

Added DUs

- Updated instructions on MDU- Segment Kit Check screen from ‘additional unit reported earlier’ to ‘unit that you are attempting to add.’
- Updated instructions on MDU-Geographic Interval screen by adding a reference to the Missed Unit also being located within the segment boundary.
- Added Link Line number display. When tapping the address at the top of the screen to view the enlarged address, the link line is also displayed in this box.

Roster Questions

- During household screening situations where the householder is also the Screening Respondent, changed the relationship question from “How is this person related to the householder?” to “How is this person related to you, the householder?”
- At Confirm Roster message box, updated text to refer to ‘you’ when talking to the screening respondent.
- Updated the Screening Respondent message box to include an optional question, “(Is that you?)” to use in situations where it is unclear which roster member is the screening respondent.
- Added a ChangeSR button on the roster question screens to allow the identification of the screening respondent to be immediately and easily corrected, if it was entered incorrectly.
- Updated Other Members Screen to remove the quarterly time period to reduce the repetitiveness of information in the screening questions.

Exit Buttons

- Added Exit buttons to the bottom of three screens that did not have the option to exit the screening – Other Members, Ineligible for Quarter, and Another Eligible Member.

Record of Calls

- Added an Other Language screen that lists 11 language options when coding the Language Barrier, Other as well as an Other, Specify screen. Language options are: Arabic, Chinese, French, German, Italian, Polish, Korean, Portuguese, Russian, Tagalog, Vietnamese, Other, Specify.

Verification Screen

- Updated the default responses on the Delete Phone Number box from ‘Yes’ to ‘No.’

Calendar

- Added a ‘S/I Other’ category that automatically loads the CaseID but can be used for purposes other than documenting a screening or interview appointment.

Technical Updates

- Updated the transmission software so that On Hold data transmits to RTI, but is not processed in the control system in the normal way. The data are maintained in a separate location so they can be accessed if necessary.
- Updated the program to allow “Modify/Date/Time” to be changed only if a change has been made to the event code or event Date/Time, as opposed to changing it if the ROC was being opened for any reason, such as being reviewed.
- Updated Reload Training Cases so that when this is conducted, it also configures the quarter value of the training cases (prior to this all training cases were configured as Quarter 1 cases).

This allows putting a case ‘On Hold’ for troubleshooting.

REMOVE COMPLETED CASES: This function will remove all cases
that have been screened, and for which final interview codes have been
entered for all selected respondents.

*This function allows the FI to refresh his/her case list by removing all
cases on iPAQ that have been completed, have complete Access Data
entered, and all final data successfully transmitted to RTI. FI obtains FS
approval before using this function.*

REMOVE ALL CASES: USE WITH EXTREME CAUTION!!! This function will remove ALL cases, and their associated data from your handheld device. This function should only be used as directed by your field supervisor and RTI.

This function prepares the iPAQ to receive the next quarter's cases by removing all current final/transmitted cases from the iPAQ, then allowing the iPAQ to pick up the next quarter's cases upon a subsequent transmission. This function was moved to the CMS, but this feature to initiate the process was left on the iPAQ as a troubleshooting option.

RE-INTERVIEW ALERT [PASSWORD, IF <6 DAYS REMAINING IN THE WINDOW OF TIME (INCLUDES PENDING CASES THAT ARE BEYOND THE WINDOW OF TIME)]

RE-INTERVIEW ALERT: YOU HAVE ONE OR MORE PENDING RE-INTERVIEWS WITH 5 OR LESS DAYS REMAINING IN THE WINDOW OF TIME. GO TO 'RE-INTERVIEW ALERT' VIEW ON THE SELECT CASE SCREEN TO VIEW THE CASE(S).

SELECT CASE

The Reliability Study Re-interview CaseID is the same as the initial Reliability Study Interview, but the CaseID contains an additional character (R) after the line number to identify it as a re-interview (i.e., XX10010112R). The re-interview case appears by default below the corresponding initial interview case on the Select Case screen. Re-interviews are always an "A" interview.

During case transfer, screening and initial interview cases transfer with the re-interview case so the next FI has access to all ROCs for reference.

Two segments of Reliability Study Training cases, consisting of six cases each, are added to the Select Case screen. To properly display the window of time for the training cases throughout the year, when Reload Training Cases is selected, the Quarter value of the training cases is configured based on the current iPAQ time.

Refusal Report ⏪ 2:19

Line 003RA 505 Reinterview Dr.

REASON FOR REFUSAL(CHECK ONLY ONE)

Too busy/no time/did too many already
 Surveys/Govt. invasive/teen exposure
 Clarify confidentiality, legitimacy, selection
 "Nothing in it for me" / Uncooperative
 Gatekeeper/Parent/HH member disallow
 Welfare/INS concern
 Too ill/house messy/not dressed
 Need to discuss with FS

COMMENTS:

Very reluctant to do initial int. but did. Works long hours-no time for this.
