Community Programs for Outreach and Intervention with Youth and  
Young Adults at Clinical High Risk for Psychosis Grant Program  
Short Title: CHR-P**

The Substance Abuse and Mental Health Services Administration (SAMHSA) is announcing a webinar and conference call for prospective applicants interested in applying for fiscal year 2022 Community Programs for Outreach and Intervention with Youth and Young Adults at Clinical High Risk for Psychosis grants (Short Title: CHR-P), NOFO No. SM-22-008. The webinar and conference call will be led by SAMHSA Center for Mental Health Services staff.

The purpose of this program is to identify, prevent, intervene, and/or lessen the impact of psychotic disorders in youth and young adults, not more than 25 years old, who are at clinical high risk for psychosis and provide evidence-based interventions in a trauma-informed manner to prevent the onset of psychosis. It is expected that this program will: (1) improve symptomatic and behavioral functioning; (2) enable youth and young adults to resume age-appropriate social, academic, and/or vocational activities; (3) delay or prevent the onset of psychosis; (4) minimize the duration of untreated psychosis for those who develop psychotic symptoms; and (5) reduce the occurrence of psychotic disorders in youth and young adults).

The **webinar** will be held on **March 10, 2022** from **12 p.m. EST**.
