

**Announcement of Pre-Application Webinar and Conference Call  
For Notice of Funding Opportunity (NOFO) No. TI-24-003  
Building Communities of Recovery  
Short Title: BCOR**

The Substance Abuse and Mental Health Services Administration (SAMHSA) is announcing a webinar and conference call for prospective applicants interested in applying for fiscal year 2024 **Building Communities of Recovery (BCOR), TI-24-003**. The webinar and conference call will be led by SAMHSA Center for Substance Abuse Treatment staff.

The purpose of the BCOR program is to mobilize and connect a broad array of community-based resources to increase the availability and quality of long-term recovery support for persons with substance use disorders (SUD) and co-occurring substance use and mental disorders (COD). Recipients will be expected to support the development, enhancement, expansion, and delivery of recovery support services (RSS) directly to individuals as well as advance the promotion of, and education about, recovery at a community level. It is expected that project activities will be administered and implemented by individuals with lived experience who are in recovery from SUD and COD and reflect the needs and population of the community being served.

**The webinar will be held on Tuesday, March 12, 2024, from 2:00-3:00pm EST.**

Please click the link below to join the webinar:
