If the recipient cannot accept the terms, the recipient should notify the Grants Management Officer (GMO) within thirty (30) days of receipt of this award notice. Once an award is accepted by a recipient, the contents of the Notice of Award (NoA) are binding on the recipient unless and until modified by a revised NoA signed by the GMO.</p> <p>Certification Statement: By drawing down funds, the recipient certifies that proper financial management controls and accounting systems, to include personnel policies and procedures, have been established to adequately administer Federal awards and funds drawn down. Recipients of Department of Health and Human Services' (DHHS) grants or cooperative agreement awards must also comply with all terms and conditions of their awards, including: (a) terms and conditions included in the HHS Grants Policy Statement in effect at the time of a new, non-competing continuation, or renewal award (http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf), including the requirements of HHS grants administration regulations; (b) requirements of the authorizing statutes and implementing regulations for the program under which the award is funded; (c) applicable requirements or limitations in appropriations acts; and (d) any requirements specific to the particular award specified in program policy and guidance, the Funding Opportunity Announcement, or the NoA.</p>
2	Special Term CARA Local Drug Crises Grants	<p>The Comprehensive Addiction and Recovery Act (CARA) Community Based Coalition Enhancement of Grants to Address Local Drug Crises Grants (CARA Local Drug Crises Grants) was established under Title I, Section 103, of the Comprehensive Addiction and Recovery Act (CARA) of 2016, P.L. 114-198, (21 USC § 1536). The purpose of this program is directed at current or former Drug-Free Communities Support Grant recipients to prevent and reduce the abuse of opioids or methamphetamines and the abuse of prescription medications among youth ages 12-18 in communities throughout the United States.</p> <p>CARA Local Drug Crises Grants are funded and directed by the Office of National Drug Control Policy (ONDCP) and partners with the Substance Abuse and Mental Health Services Administration (SAMHSA) for day-to-day management. While responsibility rests with the recipient for achieving the primary goals of the program, SAMHSA shall monitor and provide continuing technical assistance, consultation, and coordination in the execution of the project during the funding period.</p>

	<p>In addition to these Terms and Conditions and the applicable statutes and regulations, recipients are bound by all requirements in the Funding Opportunity Announcement (FOA) for the FY 2018 CARA Local Drug Crises Grants available at https://www.samhsa.gov/grants/grant-announcements/sp-18-001.</p>
<p>3 Special Term Recipient Roles and Responsibilities</p>	<p>CARA Local Drug Crises program grants are intended as an enhancement to current or formerly funded Drug-Free Communities (DFC) Support Program grant award recipients as established community-based youth substance use prevention coalitions capable of effecting community-level change.</p> <p>For the purposes of the DFC Program, a recipient is either a coalition that has received a grant or is an outside agent that is serving as the grant award recipient on behalf of a community coalition. The following Statutory Eligibility Requirements must be met each year while the coalition is funded by the DFC Program.</p> <p>The Statutory Eligibility Requirements pertain to all DFC-funded coalitions. If you are the recipient for a coalition, you are responsible for ensuring all eligibility criteria are met by the coalition.</p> <p>Requirements for Key Personnel</p> <p>The Program Director must be an employee of the recipient organization, overseeing the day to day operations of the grant, and their funding source must be identified in the personnel budget category as either Federal or Non-Federal.</p> <p>The Authorized Representative or Business Official charged with financial oversight responsibilities for the CARA Local Drug Crisis grant award must be an employee of the recipient organization and identified in the ‘Personnel’ budget category.</p>
<p>4 Special Term CARA Funding Restrictions</p>	<p>In addition, the CARA Local Drug Crisis grant recipients must comply with the following funding restrictions:</p> <p>CARA Local Drug Crisis recipients are not permitted to serve as a pass-through entity for CARA funds and are expected to work with leaders in their communities to identify and address local youth opioid, methamphetamine, and/or prescription medication abuse and create sustainable community-level change. Additionally, recipients are expected to implement comprehensive community-wide strategies that address the local drug crises and emerging drug abuse issues.</p> <p>CARA Local Drug Crisis grant funds may not be passed through by subaward, contract, or any other method to another entity to conduct the programmatic work on the CARA Local Drug Crisis program. The funded grant recipient and coalition are expected to perform the substantive role and manage the efforts carried out by this grant.</p>

CARA Local Drug Crisis grant funds may not be used to provide funding to community organizations through subawards (i.e. mini-grants) including from one coalition funding another coalition.

CARA Local Drug Crisis grant funds may not be utilized for the following: law enforcement equipment, drug search detection canines or related training, drug courts, lighting, or community gardening efforts.

CARA Local Drug Crisis grant funds may not be used for stipends, as defined in the HHS Grants Policy Statement (GPS). The recipient must continue to meet the Statutory Eligibility Requirements, as required by the original Funding Opportunity Announcement and the Drug-Free Communities Act during each year of funding.

No more than 10 percent of the CARA Local Drug Crisis grant award may be used for data collection, performance measurement, and performance assessment expenses.

No more than 8 percent of the CARA Local Drug Crisis grant may be used for grant management and administrative (M&A) expenses. The administrative expenses are referring to indirect costs.

Food costs are **not allowable** for general coalition or subcommittee meetings.

5 Special Term **Award Expectations and Noncompliance**

The eligibility and program requirements originally outlined in the funding opportunity must continue to be adhered to as the funded project is implemented. Recipients must comply with the performance goals, milestones, outcomes, and performance data collection as reflected in the FOA and related policy and guidance, as well as the certifications and assurances submitted with the award application.

Failure to meet any one of these requirements is considered non-compliance with program and grant regulations. If for any reason you do not comply with the applicable terms, conditions, rules and regulations, or deadlines for the Program, your grant will be subject to the Progressive Discipline and Appeals Process. There are three progressive discipline actions that can be taken: 1) Addition of special terms or conditions, 2) Suspension, and 3) Termination.

Failure to comply with award Terms and Conditions may also result in a financial drawdown restriction on your Payment Management System account or denial of funding in the future.

6	Special Term	Corrective Action Plan (CAP)	When requested by the GPO, the recipient must develop a Corrective Action Plan (CAP) and complete the approved plan within the designated timeframe designated by the GPO. The Corrective Action Plan must be designed to address potential or identified deficiencies in performance and/or in the conditions contributing or causing the identified unsatisfactory performance. Failure to submit a responsive CAP may result in a determination of non-compliance with program and grant regulations and the addition of special terms or conditions to the award.
1	Standard Term	Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards	The NoA issued is subject to the administrative requirements, cost principles, and audit requirements that govern Federal monies associated with this award, as applicable, in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR Part 200 as codified by the 45 CFR Part 75, https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75 .
2	Standard Term	Future Funding	If indicated in the NoA, recommended future support reflects TOTAL costs (direct plus indirect). Funding is subject to the availability of Federal funds, and that matching funds, are verifiable, and progress of the award is documented and acceptable.
3	Standard Term	Non-Supplant	Federal award funds must supplement, not replace (supplant) non-Federal funds. All recipients who receive awards under programs that prohibit supplanting by law must ensure that Federal funds do not supplant funds that have been budgeted for the same purpose through non-Federal sources. Applicants or award recipients may be required to demonstrate and document that a reduction in non-Federal resources occurred for reasons other than the receipt of expected receipt of Federal funds.
4	Standard Term	Unallowable Costs	All costs incurred prior to the award issue date and costs not consistent with the funding opportunity, per 45 CFR Part 75, are not allowable under this award.

5	Standard Term	Carryover - Expanded Authority for Unobligated Balances from One Budget Period to Any Subsequent Budget Period	<p>Federal administrative requirements allow agencies to waive certain cost-related and administrative prior approvals; these are known as expanded authorities. Per 45 CFR § 75.308 (d)(3) SAMHSA has extended expanded authorities to allow recipients that have not been designated Restricted Status and placed on drawdown restriction, to carry over unobligated balances (UOB) of 10 percent or less from one budget period to any subsequent period within the project period without prior approval. Recipients MUST report an Intent to Carry Over an UOB in the remarks section of the annual Federal Financial Report (FFR). Recipients who are on Restricted Status or requested amount for carryover fall outside of the criteria described above must submit a Prior Approval and receive formal written approval from the Grants Management Officer (GMO).</p> <p>Instructions on reporting Intent to Carry Over on the FFR, and for submitting a Prior Approval for Carry Over, are available at http://www.samhsa.gov/grants/grants-management/post-award-changes/carryover-requests. Only responses to prior approval requests signed by the GMO in an amended NoA are considered valid.</p> <p>This authority may also be overridden by other special terms or conditions of the award. Recipients must carefully review the NoA to determine if a particular authority is withheld for a specific award.</p> <p>Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and consistently applied regardless of the source of funds. SAMHSA may disallow the costs if it is determined, through audit or otherwise, that the costs do not meet the tests of allowability, allocability, reasonableness, necessity, and consistency.</p>
---	---------------	---	--

6	Standard Term	Prior Approval	<p>SAMHSA anticipates that the recipient may need to modify the recipient's award budget or other aspects of its approved application during performance to accomplish the award's programmatic objectives. In general, recipients are allowed a certain degree of latitude to rebudget within and between budget categories to meet unanticipated needs and to make other types of post-award changes, provided that the changes still meet the statutory program requirements and the regulatory requirements under 45 CFR, as applicable.</p> <p>Items that require prior approval (i.e. formal written approval) from the GMO, as indicated in either 45 CFR Part 75 or the HHS Grants Policy Statement, must be submitted in writing to the GMO. Based on the nature, extent, and timing of the request, the SAMHSA GMO may approve, deny, or request additional material to further document and evaluate your request. Only responses provided by the GMO are considered valid. If SAMHSA approves the request, an amended Notice of Award (NoA) will be issued. Verbal authorization is not approval and is not binding on SAMHSA. Recipients that proceed on the basis of actions by unauthorized officials do so at their own risk, and SAMHSA is not bound by such responses.</p> <p>Prior approval is required for, but is not limited to: Changes in Key Personnel and Level of Effort (an absence of 3 months or more, or a change in effort of 25 percent or more), Budget Revisions, Changes in Scope, Carryover Requests (that fall outside the term for the Expanded Authority for Carryover), and No Cost Extensions. A summary of activities that require prior approval are listed in the HHS Grants Policy Statement under Exhibit 5, Page II-49 Activities, is available at http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf.</p> <p>DFC grant recipients must submit prior approval requests into the eRA Commons system. SAMHSA Instructions for post-award changes that require prior approval is available at http://www.samhsa.gov/grants/grants-management/post-award-changes.</p>
7	Standard Term	Accounting Records and Disclosure	<p>Recipients and subrecipients must maintain records which adequately identify the source and application of funds provided for financially assisted activities. These records must contain information pertaining to grant or sub-grant awards matching funds and in-kind support, and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income. Reference 45 CFR Part 75, Performance and Financial Monitoring, and Subrecipient Monitoring and Management §§75.341 – 75.360.</p> <p>SAMHSA, or its designee, reserves the right to conduct a financial compliance audit and on-site program review of grants with significant amounts of Federal funding. Please reference Audits.</p>

8	Standard Term	Conflicts of Interest Policy	<p>Recipients must establish written policies and procedures to prevent employees, consultants, and others (including family, business, or other ties) involved in grant-supported activities, from involvement in actual or perceived conflicts of interest. The policies and procedures must:</p> <ul style="list-style-type: none"> • address conditions under which outside activities, relationships, or financial interests are proper or improper; • provide for advance disclosure of outside activities, relationships, or financial interests to a responsible organizational official; • include a process for notification and review by the responsible official of potential or actual violations of the standards; and, • specify the nature of penalties that may be imposed for violations.
9	Standard Term	Administrative and National Policy Requirements	<p>Public policy requirements are requirements with a broader national purpose than that of the Federal sponsoring program or award that an applicant/recipient must adhere to as a prerequisite to and/or condition of an award. Public policy requirements are established by statute, regulation, or Executive Order. In some cases they relate to general activities, such as preservation of the environment, while, in other cases they are integral to the purposes of the award-supported activities. An application funded with the release of Federal funds through a grant award does not constitute or imply compliance with Federal statute and regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.</p>
10	Standard Term	Executive Pay	<p>The Consolidated Appropriations Act, 2018 (Pub. L.115-141) signed into law on January 10, 2018, restricts the amount of direct salary to Executive Level II of the Federal Executive Pay scale. The Executive Level II salary per E.O. 13819, was increased to \$189,600 effective January 1, 2018.</p> <p>For awards issued prior to this change, if adequate funds are available in active awards, and if the salary cap increase is consistent with the institutional base salary, recipients may rebudget to accommodate the current Executive Level II salary level. However, no additional funds will be provided to these grant awards.</p>
