How to Register an Organization in eRA Commons

All organizations responding to SAMHSA Funding Opportunity Announcements (FOAs) for the first time **must** register with [NIH's eRA Commons](#). The SAMHSA Business Official (BO) listed in Part C of the HHS 5161 Checklist form **or** the Authorized Organization Representative (AOR) in the SF-424 will be the individual with legal signing authority who **must** register their organization in eRA Commons. One eRA account with the Signing Official (SO) role is automatically created for the BO/AOR during registration. The SO will receive a username to access their electronic submission, receive notifications on application status, and have access to retrieve grant information. The SO must regularly check their email (including spam folder) during the registration process and take action if necessary.

Organizations submitting an application to SAMHSA for the first time must also register their Authorized Organizational Representative (AOR) in [Grants.gov](#). If applying through eRA [Application Submission System and Interface for Submission Tracking \(ASSIST\)](#), the AOR's credentials must be entered.

Please see the following step-by-step instructions with screenshots from eRA Commons on the registration process. To view screenshots, click the  icon.
