1. What is a Carryover?

A carryover is the unspent or unobligated balance of funds from prior budget periods that the recipient may request to use in the current budget period for unmet needs supporting the goals and objectives of the project.

For the recipient to carry forward unspent funds from prior [budget periods](#) to the current budget period, the recipient must have reported an [unobligated balance of federal funds \(UOB\)](#) from prior budget periods in the [Federal Financial Report \(FFR or SF-425\)](#), [Section 10, line h](#), and entered carryover remark(s) in the [FFR Section 12 – Remarks](#).

There are two types of Carryovers – **Intent to Carryover** (also referred to as **Expanded Authority**) and **Formal Carryover** – each with specific requirements.

An **Intent to Carryover (Expanded Authority)** is the carryover of UOB of **25% or less** of the award for the current budget period (year when the funds are needed) and requires the submission of the FFR via [eRA Commons](#) with Intent to Carryover remark in Section 12 – Remarks.

A **Formal Carryover** is the carryover of UOB of **more than 25%** of the current budget period award and requires submission of a Formal Carryover request as a post-award amendment via eRA at the same time as the FFR with Formal Carryover remark in Section 12 – Remarks.

 A recipient must enter remarks in the FFR Section 12 for either Intent or Formal Carryover, otherwise SAMHSA will conclude the remaining UOB will not be used in the current budget period.

 **Required documentation to submit in eRA**

 **When the recipient may spend the carryover UOB**

3. What is the required documentation for Carryovers?

A recipient may request only **ONE** type of Carryover in a budget period.

Recipient must submit the Formal Carryover at the **same time** they submit the FFR.

Remarks for Intent to Carryover

★ The recipient must enter **Intent to Carryover remark** in the **FFR Section 12**.

- ✔ Example of an Intent to Carryover remark:
"The recipient intends to carry over \$25,000 from year 3 to year 4 of the grant. This amount does not exceed 25% of the current budget period award."

Required Documents

Remarks for Formal Carryover

★ The recipient must enter **Formal Carryover remark** in the **FFR Section 12**.

- ✔ Example of a Formal Carryover remark:
"The recipient will submit a Formal Carryover request as a post-award amendment in the amount of \$125,000 from year 3 to year 4 of the grant as this amount exceeds 25% of the current budget period award."

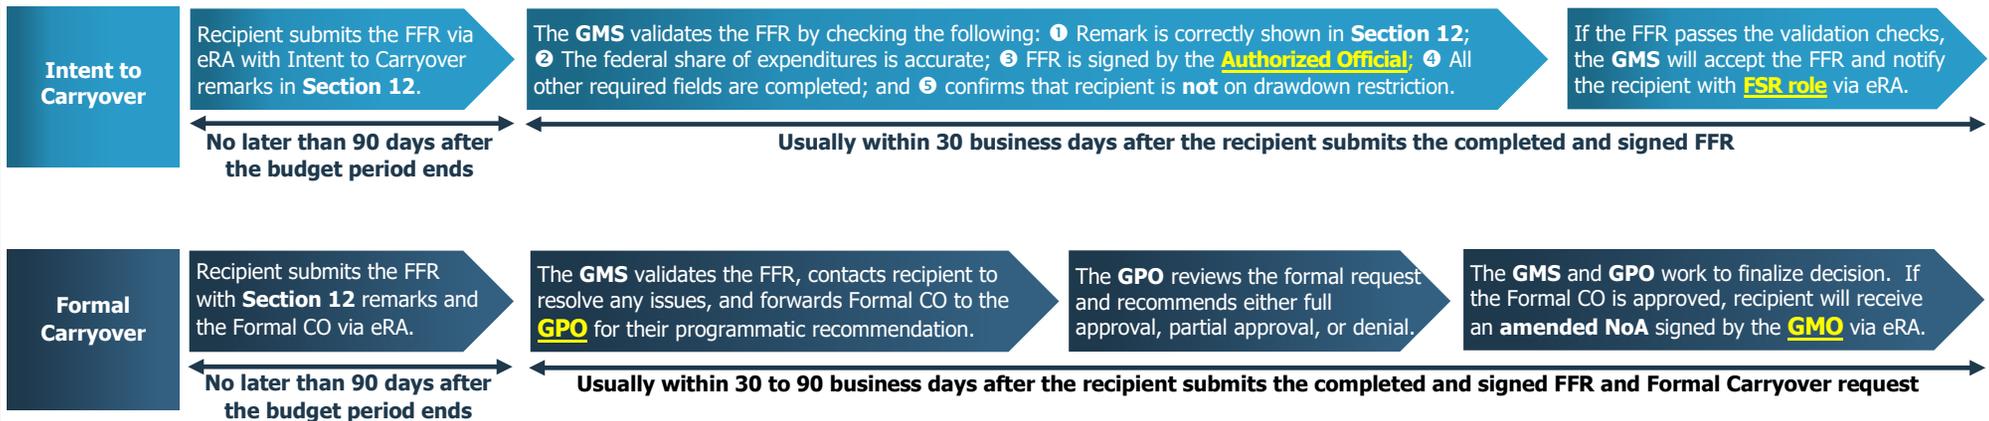

Required Documents

★ If recipient does **not** enter Carryover remarks for either Intent or Formal Carryover in the FFR Section 12, the GMS will conclude the **remaining UOB will not be used** in the current budget period.

4. How are Carryovers processed?

Once the recipient submits the FFR and the carryover request via eRA, the [Grants Management Specialist \(GMS\)](#) will confirm the amount of UOB available for carryover and then follow several steps to determine whether to accept the carryover as an [Intent to Carryover](#) or process as a [Formal Carryover](#) or neither. See below for an overview of the processes for both types of Carryover.

★ To ensure timely review of your Formal Carryover request and upcoming continuation application, verify your FFR is complete and accurate, and submit the Formal Carryover as a post-award amendment request in eRA at the same time with your FFR.

5. How can recipients help expedite the processing of a Carryover?

Intent to Carryover

To expedite the GMS' acceptance of the FFR for an Intent to Carryover, the recipient should **not** be on drawdown restriction and must:

- ✓ **Verify the federal share of expenditures** reported in the FFR is complete and accurate;
- ✓ **Enter remarks in the FFR Section 12 for a carryover of less than 25% of the federal share** for the current budget period (year when the funds are needed);
- ✓ **Submit the FFR within 90 days after the budget period ends:** The GMS will have to validate the FFR in order to confirm the amount of UOB available for carryover before accepting the FFR; and
- ✓ **Use the carryover funds to cover allowable project costs of the current budget period.**

Formal Carryover

To expedite processing times for a formal carryover request and increase the likelihood of approval, the recipient should:

- ✓ **Verify the federal share of expenditures** reported in the FFR is complete and accurate;
- ✓ **Enter remarks in the FFR Section 12 for a carryover of more than 25% of the federal share** for the current budget period (year when the funds are needed);
- ✓ **Provide adequate budget justification:** Budget line items must have sufficient detail to justify the request. UOB funds available for carryover must be used to support the original approved goals and objectives of the award in the Funding Opportunity Announcement (FOA). The budget must follow the formatting requirements outlined in the FOA and if applicable, include matching or cost sharing;
- ✓ **Submit the FFR well ahead of the 90-day deadline:** The GMS will have to validate the FFR in order to confirm the amount of UOB available for carryover before reviewing the Formal Carryover request; and
- ✓ **Use the carryover funds to cover allowable project costs of the current budget period.**

Restrictions on the use of carryover funds

The use of carryover funds is subject to the same restrictions specified in the **Funding Limitations/Restrictions** section in the Funding Opportunity Announcement (FOA) and in the **Terms and Conditions** section in the NoA including but not limited to:

- ⊗ Replace (supplant) other sources of funding already committed to a project as outlined in the FOA;
- ⊗ Purchase or improve land, or to purchase, construct, or make permanent improvements to any building; and
- ⊗ Reimburse pre-award costs.

	Differences between an Intent to Carryover and a Formal Carryover	
	Intent to Carryover	VS Formal Carryover
UOB thresholds for each type of Carryover:	The amount of UOB to be carried over must be 25% or less of the award or federal share for the current budget period (year when the funds are needed).	The amount of UOB to be carried over must be more than 25% of the award or federal share for the current budget period (year when the funds are needed).
If recipient is on drawdown restriction :	A recipient on drawdown restriction cannot use Intent to Carryover.	A recipient on drawdown restriction must submit a Formal Carryover for SAMHSA's prior approval to carry over any amount of UOB.
How to determine the carryover UOB as a percentage of the award or federal share for the current budget period:	<p>Example of an Intent to Carryover:</p> <p>UOB in FFR (Section 10, line h) for the prior budget period (9/30/2018 to 9/29/2019) = \$25,000</p> <p>Federal share awarded for the current budget period (9/30/2019 to 9/29/2020) = \$100,000</p> <p><i>If the recipient is not on drawdown restriction, they may carryover up to \$25,000 of the UOB into the current budget period (year when the funds are needed) because it represents 25% of the federal share awarded.</i></p>	<p>Example of a Formal Carryover:</p> <p>UOB in FFR (Section 10, line h) for the prior budget period (9/30/2018 to 9/29/2019) = \$125,000</p> <p>Federal share awarded for the current budget period (9/30/2019 to 9/29/2020) = \$375,000</p> <p><i>The recipient must submit a formal request to carry over the UOB of \$125,000 into the current budget period (year when the funds are needed) because it represents 33% of the federal share awarded.</i></p>
Required documentation to submit in eRA:	The completed and signed FFR with Intent to Carryover remark(s) in Section 12. If recipient does not enter remarks in Section 12 for either an Intent to Carryover or a Formal Carryover, the Grants Management Specialist (GMS) will conclude the UOB will not be used in the current budget period. The recipient will not be able to use UOB unless they have an accepted Intent to Carryover or an approved Formal Carryover.	The documentation (see Section 3 of this document) for a Formal Carryover must be submitted at the same time with the completed and signed FFR with Formal Carryover remark(s) in Section 12. If recipient does not enter remarks in Section 12 for either an Intent to Carryover or a Formal Carryover, the Grants Management Specialist (GMS) will conclude the UOB will not be used in the current budget period. The recipient will not be able to use UOB unless they have an accepted Intent to Carryover or an approved Formal Carryover.
Notification of SAMHSA's acceptance/approval of the Carryover:	The GMS will not issue an amended Notice of Award (NoA) for an Intent to Carryover. However, the recipient will be notified via eRA that the GMS validated and accepted the FFR.	The recipient will receive an amended Notice of Award (NoA) via eRA indicating either full or partial approval of the Formal Carryover.
When to spend the carryover UOB:	The recipient may expend the Intent to Carryover UOB once the recipient's eRA Commons user with the Financial Status Reporter (FSR) role has been notified via eRA that the GMS accepted the FFR. The carryover UOB can only be used during the current budget period or year when the funds are needed.	The recipient must receive the amended Notice of Award (NoA) via eRA before expending the Formal Carryover UOB. If the recipient expends the carryover UOB before receiving the amended NoA and SAMHSA does not approve the request, the expenses will be disallowed and the recipient will have to reimburse SAMHSA. The carryover UOB can only be used during the current budget period or year when the funds are needed.
