| 2 | Special Term | Drug-Free Communities Mentoring (DFC-M) Program | The purpose of the Drug-Free Communities Mentoring (DFC-M) Program is, through the assistance and expertise of existing DFC recipients, to encourage the development of new, self-supporting community coalitions that are focused on the prevention of youth substance use. Through the Implementation of appropriate training and technical assistance, it is the intent of the DFC Mentoring (DFC-M) Program to bolster newer coalitions and move them onto becoming DFC recipients in the near future. |
|    |               | The DFC-M Program is funded and directed by the Office of National Drug Control Policy (ONDCP) and partners with the Substance Abuse and Mental Health Services Administration (SAMHSA) for day-to-day management. While responsibility rests with the recipient for achieving the primary goals of the program, SAMHSA shall monitor and provide continuing technical assistance, consultation, and coordination in the execution of the project during the funding period. You can find additional details about the support available to you as a recipient on the DFC Me (Management and Evaluation) system’s Learning Center at [https://dfcme.ondcp.eop.gov/](https://dfcme.ondcp.eop.gov/). |
|    |               | In addition to these Terms and Conditions and the applicable statutes and regulations, recipients are bound by all requirements in the Funding Opportunity Announcement (FOA) for the FY 2019 DFC-M Program available at [https://www.samhsa.gov/grants/archive](https://www.samhsa.gov/grants/archive) |

The following Statutory Eligibility Requirements must be met each year while the coalition is funded by the *DFC Mentoring Program*.

The Statutory Eligibility Requirements pertain to DFC-funded coalitions. If you are the recipient for a coalition, you are responsible for ensuring all eligibility criteria are met by the coalition.

The recipient must continue to meet the Statutory Eligibility Requirements, as required by the original Funding Opportunity Announcement and the Drug-Free Communities Act during each year of funding.

- The Mentor coalition must maintain that it has been in existence for at least five (5) years.
- The Mentor coalition must be in compliance with all requirements of their existing DFC grant for the previous year and remain in good standing for the full duration of the Mentoring grant.
- The Mentor coalition must continue to document achievable results in the prevention of youth substance use.
- The Mentor coalition must have at least one staff person, as well as sector volunteers willing to serve as mentors to the Mentee community/coalition.
- The Mentee coalition must not have received a DFC grant in the past year.
- The Mentor coalition may request up to $75,000 from the DFC Mentoring Program.

- The Key Personnel (Program Director and Project Coordinator) of the DFC-funded Mentor coalition must participate in the *DFC Me* system ([https://dfcmme.ondcp.eop.gov/](https://dfcmme.ondcp.eop.gov/)), so that he/she receives information from the DFC Staff on a timely basis.
- The recipient must send the Grants Management Specialist (GMS) and DFC Government Project Officer (GPO) copies of all training and technical assistance related contracts and/or other documents produced as a result of participation in any training and/or technical assistance resulting directly from the expenditure of DFC grant funds, including but not limited to assessment/planning/implementation documents, evaluation agreements and documents and attendance at conferences, workshops, etc.

### Special Term: DFC New Recipient Webinar Series

For FY 2019 DFC-M grant award recipients will not be required to attend a New Recipient Training in DC. Instead, Key Personnel will be required to participate in a series of training webinars to ensure understanding of the DFC-M Program and key requirements. Additional information regarding the DFC-M New Recipient Webinar Series will be provided via the *DFC Me System* and the assigned DFC-M GPO.
DFC Me is the Drug-Free Communities (DFC) Support Program's new interactive system designed to improve communication and help your coalition better manage its DFC-M grant. DFC Me is also your one-stop shop for submitting Semi-Annual Progress Report, sharing best practices, receiving the latest program and training updates, and also provides you with the ability to request technical assistance.

The Program Director and Project Coordinator of the DFC-M funded coalition must participate in the DFC Me system (https://dfcme.ondcp.eop.gov/), so that they receive information from ONDCP DFC Staff on a regular basis.

DFC-M funded coalitions will receive additional information on the DFC Me system via email from their assigned DFC-M GPO. For more information on the DFC Me system, please contact your DFC-M GPO and the DFC National Evaluation Team (dfc_evaluators@icf.com).

The recipient must receive and expend non-Federal matching funds as required in the FOA and the Drug-Free Communities Act. In-kind support (i.e., donations, volunteer time, etc.) may also be used to satisfy the match requirement. The table below indicates the percentage of match required for DFC-M grant recipients in each year of the grant.

The eligibility and program requirements originally outlined in the funding opportunity must continue to be adhered to as the funded project is implemented. Recipients must comply with the performance goals, milestones, outcomes, and performance data collection as reflected in the FOA and related policy and guidance, as well as the certifications and assurances submitted with the award application.

Failure to meet any one of these requirements is considered non-compliance with program and grant regulations. If for any reason you do not comply with the applicable terms, conditions, rules and regulations, or deadlines for the DFC–M Program, your grant will be subject to the Progressive Discipline and Appeals Process. There are three progressive discipline actions that can be taken: 1) Addition of special terms or conditions, 2) Suspension, and 3) Termination.

Failure to comply with Special Terms and Conditions may also result in a financial drawdown restriction on your Payment Management System account or denial of funding in the future. Additional terms and/or conditions may also be applied to this award if outstanding financial or programmatic compliance issues are identified by Substance Abuse and Mental Health Services Administration (SAMHSA).

An overview of the DFC Program’s Progressive Discipline and Appeals Process will be discussed in the DFC-M New Recipient Training webinar series required of all DFC grant recipients.
| 8 | Special Term | Corrective Action Plan (CAP) | When requested by the DFC-M GPO, the recipient must develop a Corrective Action Plan (CAP) and complete the approved plan within the designated timeframe designated by the DFC-M GPO. The Corrective Action Plan must be designed to address identified deficiencies in performance and/or in the conditions contributing or causing the identified unsatisfactory performance. Failure to submit a responsive CAP may result in a determination of non-compliance with program and grant regulations and the addition of special terms or conditions to the award. |
| 1 | Standard Term | Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards | The NoA issued is subject to the administrative requirements, cost principles, and audit requirements that govern Federal monies associated with this award, as applicable, in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR Part 200 as codified by 45 CFR Part 75, [https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75](https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75). |
| 2 | Standard Term | Future Funding | If indicated in the NoA, recommended future support reflects TOTAL costs (direct plus indirect). Funding is subject to the availability of Federal funds, and that matching funds, are verifiable, and progress of the award is documented and acceptable. |
| 3 | Standard Term | Non-Supplant | Federal award funds must supplement, not replace (supplant) non-Federal funds. All recipients who receive awards under programs that prohibit supplanting by law must ensure that Federal funds do not supplant funds that have been budgeted for the same purpose through non-Federal sources. Applicants or award recipients may be required to demonstrate and document that a reduction in non-Federal resources occurred for reasons other than the receipt of expected receipt of Federal funds. |
| 4 | Standard Term | Unallowable Costs | All costs incurred prior to the award issue date and costs not consistent with the FOA per 45 CFR Part 75, are not allowable under this award. |
| 5 | Standard Term | Carryover - Expanded Authority for Unobligated Balances from One Budget Period to Any Subsequent Budget Period | Federal administrative requirements allow agencies to waive certain cost-related and administrative prior approvals; these are known as expanded authorities. Per 45 CFR Part 75.308 (d)(3) SAMHSA has extended expanded authorities to allow recipients that have not been designated Restricted Status and placed on drawdown restriction, to carry over unobligated balances (UOB) of 10 percent or less from one budget period to any subsequent period within the project period without prior approval. Recipients MUST report an Intent to Carry Over an UOB in the remarks section of the annual Federal Financial Report (FFR). Recipients who are on Restricted Status or requested amount for carryover fall outside of the criteria described above must submit a Prior Approval and receive formal written approval from the Grants Management Officer (GMO). Instrucions on reporting Intent to Carry Over on the FFR, and for submitting a Prior Approval for Carry Over, are available at [https://www.samhsa.gov/grants/grants-management/post-award-amendments#carryover](https://www.samhsa.gov/grants/grants-management/post-award-amendments#carryover). Only responses to prior approval requests signed by the GMO in an amended NoA are considered valid. This authority may also be overridden by other special terms or conditions of the award. Recipients must carefully review the NoA to determine if a particular authority is withheld for a specific award. Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and |
consistently applied regardless of the source of funds. SAMHSA may disallow the
costs if it is determined, through audit or otherwise, that the costs do not meet
the tests of allowability, allocability, reasonableness, necessity, and consistency.

For all items requiring prior approval, DFC-M grant recipients must notify their
assigned DFC-M GPO and GMS via email.

<tr>
<th>Standard Term</th>
<th>Prior Approval</th>
</tr>
</thead>
</table>
| SAMHSA anticipates that the recipient may need to modify the recipient's award
budget or other aspects of its approved application during performance to
accomplish the award's programmatic objectives. In general, recipients are
allowed a certain degree of latitude to rebudget within and between budget
categories to meet unanticipated needs and to make other types of post-award
changes, provided that the changes still meet the statutory program
requirements and the regulatory requirements under 45 CFR, as applicable.

Items that require prior approval (i.e. formal written approval) from the GMO, as
indicated in either 45 CFR Part 75 or the HHS Grants Policy Statement, must be
submitted in writing to the GMO. Based on the nature, extent, and timing of the
request, the SAMHSA GMO may approve, deny, or request additional material to
further document and evaluate your request. Only responses provided by the
GMO are considered valid. If SAMHSA approves the request, an amended Notice
of Award (NoA) will be issued. Verbal authorization is not approval and is not
binding on SAMHSA. Recipients that proceed on the basis of actions by
unauthorized officials do so at their own risk, and SAMHSA is not bound by such
responses.

Prior approval is required for, but is not limited to: Changes in Key Personnel and
Level of Effort (an absence of 3 months or more, or a change in effort of 25
percent or more), Budget Revisions, Changes in Scope, Carryover Requests (that
fall outside the term for the Expanded Authority for Carryover), and No Cost
Extensions. A summary of activities that require prior approval are listed in the
HHS Grants Policy Statement under Exhibit 5, Page II-49 Activities, is available at

DFC-M grant recipients must submit prior approval requests into the eRA
Commons system. SAMHSA Instructions for post-award changes that require
prior approval is available at http://www.samhsa.gov/grants/grants-
management/post-award-changes.

<th>Accounting Records and Disclosure</th>

| Recipients and subrecipients must maintain records which adequately identify
the source and application of funds provided for financially assisted activities.
These records must contain information pertaining to grant or sub-grant awards
matching funds and in-kind support, and authorizations, obligations, unobligated
balances, assets, liabilities, outlays or expenditures, and income. Reference 45
CFR Part 75, Performance and Financial Monitoring, and Subrecipient Monitoring
and Management §§ 75.341 – 75.360.

SAMHSA, or its designee, reserves the right to conduct a financial compliance
audit and on-site program review of grants with significant amounts of Federal
funding. Please reference Audits.
Recipients must establish written policies and procedures to prevent employees, consultants, and others (including family, business, or other ties) involved in grant-supported activities, from involvement in actual or perceived conflicts of interest. The policies and procedures must:

- address conditions under which outside activities, relationships, or financial interests are proper or improper;
- provide for advance disclosure of outside activities, relationships, or financial interests to a responsible organizational official;
- include a process for notification and review by the responsible official of potential or actual violations of the standards; and,
- specify the nature of penalties that may be imposed for violations.

Public policy requirements are requirements with a broader national purpose than that of the Federal sponsoring program or award that an applicant/recipient must adhere to as a prerequisite to and/or condition of an award. Public policy requirements are established by statute, regulation, or Executive order. In some cases they relate to general activities, such as preservation of the environment, while, in other cases they are integral to the purposes of the award-supported activities. An application funded with the release of Federal funds through a grant award does not constitute or imply compliance with Federal statute and regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

The Consolidated Appropriations Act, 2019 (Pub. L.115-245) signed into law on September 28, 2018, restricts the amount of direct salary to Executive Level II of the Federal Executive Pay scale. The Executive Level II salary per E.O. 13819, was increased to $192,300 effective January 6, 2019.

For awards issued prior to this change, if adequate funds are available in active awards, and if the salary cap increase is consistent with the institutional base salary, recipients may rebudget to accommodate the current Executive Level II salary level. However, no additional funds will be provided to these grant awards.

<td>Accessibility Provisions</td>
<td>Recipients of Federal financial assistance (FFA) from HHS must administer their programs in compliance with Federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person’s age, disability, sex, race, color, national origin, religion, gender identity, or sexual orientation. This includes ensuring your programs are accessible to persons with limited English proficiency. The HHS Office for Civil Rights also provides guidance on complying with civil rights laws enforced by HHS. Please see <a href="http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html">http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html</a>; and <a href="http://www.hhs.gov/ocr/civilrights/understanding/index.html">http://www.hhs.gov/ocr/civilrights/understanding/index.html</a>. Windsor, the Supreme Court held that section 3 of the Defense of Marriage Act (DOMA) (P.L. 104-199), which prohibited Federal recognition of same-sex marriages, was unconstitutional. As a result of that decision and consistent with HHS policy, SAMHSA recognizes same-sex marriages and same-sex spouses on equal terms with opposite sex-marriages and opposite-sex spouses, regardless of where the couple resides. On June 26, 2015, in Obergefell v. Hodges, the Court held that the Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out-of-state. Consistent with both of these decisions, you must treat as valid the marriages of same-sex couples. This policy does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under state law as something other than a marriage.</td>

The PPR should be prepared in accordance with the terms and conditions of the NoA and/or directions provided by the DFC-M GPO listed at the bottom of your latest NoA under Contacts. It should cover the entire grant period and include, at a minimum, an overview of the goals and objectives accomplished during the grant period identified in your grant application.

**All DFC-M Recipients**

Must provide information on an Annual basis:

- A comparison of actual accomplishments to the objectives of the award established for the funding period ending September 30, 2020.
- The reasons why established goals were not met.
- Additional pertinent information including, when appropriate, analysis and explanation of costs associated with the project.

2 Closeout Reporting Requirement | Final Federal Financial Report | The recipient is required to submit a final Federal Financial Report (FFR), which must be submitted no later than 90 days after the end of the budget period. The final FFR should only include cumulative actual Federal funds authorized and disbursed, any non-Federal matching funds (if identified in the FOA), the unobligated balance of the Federal funds for the award, as well as program income generated during the timeframe covered by the report.

Expenditures reported on line 10, e. should be based on the total actual grant expenditures reported in the accounting system. The total expenditures reported should reconcile to the total quarterly cash-basis expenditures reported to the Payment Management Service (PMS) and on line 10.b. If non-Federal expenditures (matching) was required under the grant, lines 10.i. and 10.j. must be completed. Drawdowns made from PMS under the grant in excess of the total grant expenditures must be returned to SAMHSA along with any funds received as a result of refunds, corrections, overspending and audits. All program income earned as a result of the grant and expended must be reported on lines 10.l., 10.m, and 10.n as well. No unliquidated obligations may be reported on line 10.f in the final FFR.

Additional guidance to complete the FFR can be found: [http://www.samhsa.gov/grants/grants-management/reporting-requirements](http://www.samhsa.gov/grants/grants-management/reporting-requirements).

| Closeout Reporting Requirement | Tangible Personal Property Report | The recipient is required to submit a Tangible Personal Property Report (SF-428) within 90 days of the end of the award project period. Tangible personal property means property of any kind, except real property, that has physical existence. It includes equipment and supplies. It does not include copyrights, patents or securities. Recipients must disclose any acquired equipment with acquisition cost of $5,000 or more and residual unused supplies with total aggregate fair market value exceeding $5,000.

The report must contain the SF-428 cover sheet and the SF-428-B Final Report. As applicable, the SF-428-C Disposition Request/Report and the SF-428-S Supplemental Sheet may be included.

If your organization has not purchased individual items of equipment or cumulative supplies with a fair market value of $5,000 or more under the award, please report this in the comments section on the SF-428-B Final Report.

| Closeout Standard Term | Record Retention | Recipients must retain financial and programmatic records, supporting documents, and all other records that are required by the terms of a grant, or may reasonably be considered pertinent to a grant, for a period of three years from the date the final FFR is submitted in accordance with 45 CFR 75.361.

In addition, the closeout of the referenced grant does not affect SAMHSA’s right to disallow and recover funds on the basis of subsequent audits and reviews. Records related to audits, appeals, litigation or the settlement of claims arising out of the performance of the project will be retained until such audits, appeals, litigation or claims have been disposed of.
