Center	FOA Title	Purpose	# of Awards	Award Size Per Year	Amount Available	Anticipated FOA Posting Date	Eligibility
CMHS	Garrett Lee Smith (GLS) Campus Suicide Prevention Grant	The purpose of this program is to facilitate a comprehensive public health approach to prevent suicide in institutions of higher education. The grant is designed to assist colleges and universities in building essential capacity and infrastructure to support expanded efforts to promote wellness and help-seeking of all students. Additionally, this grant will offer outreach to vulnerable students, including those experiencing substance abuse and mental health problems who are at greater risk for suicide and suicide attempts.	15	\$102,000	\$1,521,000	10/3/2016	Eligibility is limited to institutions of higher education that have not previously been awarded a GLS Campus Suicide Prevention grant. Tribal Colleges and Universities are eligible and encouraged to apply.
CMHS	Cooperative Agreements for Expansion and Sustainability of the Comprehensive Community Mental Health Services for Children with Serious Emotional Disturbances	The purpose of this program is to improve behavioral health outcomes for children and youth (birth-21) with serious emotional disturbances (SED) and their families. This program will support the widescale operation, expansion, and integration of the system of care approach by creating sustainable infrastructure and services that are required as part of the Comprehensive Community Mental Health Services for Children and their Families Program (also known as the Children's Mental Health Initiative or CMHI).	5-15	Up to \$3 million for states; up to \$1 million for political subdivisions of states, territories, and Indian or tribal organizations	\$15,045,000	10/4/2016	Eligibility for this program is statutorily limited to public entities.

CMHS	Planning and Developing Infrastructure to Improve the Mental Health and Wellness of Children, Youth and Families in American Indian/Alaska Natives (AI/AN) Communities (Circles of Care VII)	The purpose of this program is to provide tribal and urban Indian communities with tools and resources to plan and design a holistic, community-based, coordinated system of care approach to support mental health and wellness for children, youth, and families. These grants are intended to increase the capacity and effectiveness of mental health systems serving AI/AN communities. Circles of Care grantees will focus on the need to reduce the gap between the need for mental health services and the availability and coordination of mental health, substance use, and co-occurring disorders in AI/AN communities for children, youth, and young adults from birth through age 25 and their families.	11	\$418,000	\$4,600,000	10/4/2016	<p>Eligibility is limited to federally recognized tribes and tribal organizations. Eligible applicants are as follows:</p> <ul style="list-style-type: none"> a. Federally recognized tribes and tribal organizations (as defined by USC 25, Chapter 14, Subchapter II, Section 450b). b. Tribal Colleges and Universities (as identified by the American Indian Education Consortium). c. Urban Indian Organizations (as identified by the Office of Indian Health Service Urban Indian Health Programs through active Title V grants/contracts). <p>Prior Circles of Care grantees are ineligible to apply</p>
CMHS	Youth Violence Prevention	The purpose of the SS/HS State Program is to create safe and supportive schools and communities by bringing the SS/HS model to scale at the state/tribe level by building partnerships among educational, behavioral health, and criminal/juvenile justice systems. By implementing this program, SAMHSA expects to achieve an increase in the number of children and youth who have access to behavioral health services; a decrease in the number of students who abuse substances; an increase in supports for early childhood development; improvements in school climate; and a reduction in the number of students who are exposed to violence.	8	\$2,141,000	\$17,800,000	2/14/2017	<p>Eligibility is limited to State Education Agencies (SEA) in partnership with the State Mental Health Authority (SMHA) in states, territories and the District of Columbia; and federally recognized American Indian/Alaska Native (AI/AN) tribes or tribal organizations.</p>

CMHS	Advancing Wellness and Resilience Education	The purpose of the AWARE-SEA Cooperative Agreement program is to build and expand the capacity of State Educational Agencies to increase awareness of mental health issues among school-aged youth, provide training for school personnel and other adults who interact with school-aged youth to detect and respond to mental health issues in children and young adults, and connect children, youth and families who may have behavioral health issues with appropriate services. The intent of AWARE-SEA is to develop a comprehensive, coordinated, and integrated program for advancing wellness and resilience in educational settings for school-aged youth.	2	\$2,000,000	\$5,033,000	2/23/2017	Eligibility is limited to State Educational Agencies (SEAs) as defined by section 9101(41) of the Elementary and Secondary Education Act in partnership with the State Mental Health Agency.
CMHS	Linking Actions for Unmet Needs in Children's Health	The purpose of Project LAUNCH is to promote the wellness of young children from birth to 8 years by addressing the physical, social, emotional, cognitive and behavioral aspects of their development. The goal of Project LAUNCH is for children to be thriving in safe, supportive environments and entering school ready to learn and able to succeed.	15	\$550,000	\$8,500,000	12/29/2016	Eligible applicants are federally recognized American Indian/Alaska Natives (AI/AN) tribes or tribal organizations, as defined in the Indian Self Determination and Educational Assistance Act (USC25, Chapter 14, Subchapter II, Section 450b). Consortia of tribes or tribal organizations are eligible to apply, but each participating entity must indicate its approval, and U. S. Territories.

CMHS	Primary and Behavioral Health Care Integration	The purpose of this program is to establish projects for the provision of coordinated and integrated services through the co-location of primary and specialty care medical services in community-based behavioral health settings. The goal is to improve the physical health status of adults with serious mental illnesses (SMI) and those with co-occurring substance use disorders who have or are at risk for co-morbid primary care conditions and chronic diseases. The program's objective is to support the triple aim of improving the health of individuals with SMI; enhancing the consumer experience of care (including quality, access, and reliability); and reducing/controlling the per capita cost of care.	57	\$400,000	\$22,612,000	2/8/2017	Eligibility for this program is statutorily limited to qualified community mental health programs, as defined under section 1913(b)(1) of the Public Health Service Act, as amended.
CMHS	NSSP	The purpose of this program is to support states in implementing the 2012 <i>National Strategy for Suicide Prevention</i> (NSSP) goals and objectives focused on preventing suicide and suicide attempts among working-age adults 25-64 years old in order to reduce the overall suicide rate and number of suicides in the U.S. nationally.	4	\$470,000	\$1,885,000	2/10/2017	Eligibility is limited to the Mental Health Authority in states, territories, and the District of Columbia.
CSAP	Minority AIDS Initiative			\$200,000	\$4,800,000	1/20/2017	Eligible applicants are community-level domestic public and private nonprofit entities, federally recognized American Indian/Alaska Native Tribes (AI/AN) and tribal organizations, and urban Indian organizations.

CSAP	Drug-Free Communities (DFC) Support Program	<p>The DFC Support Program has two goals:</p> <ol style="list-style-type: none"> 1. Establish and strengthen collaboration among communities, public and private non-profit agencies, as well as federal, state, local, and tribal governments to support the efforts of community coalitions working to prevent and reduce substance use among youth*. 2. Reduce substance use among youth and, over time, reduce substance abuse among adults by addressing the factors in a community that increase the risk of substance abuse and promoting the factors that minimize the risk of substance abuse. 		\$125,000	\$	12/14/2016	<p>Eligible applicants are community-based coalitions addressing youth substance use that have never received a DFC grant; or have previously received a DFC grant, but experienced a lapse in funding; or have concluded the first five-year funding cycle and are applying for a second five-year funding cycle. Applicants must meet all Statutory Eligibility Requirements.</p>
CSAP	Drug-Free Communities (DFC) Mentoring Program	<p>The primary purpose of the DFC Mentoring grant is to assist newly forming coalitions in becoming eligible to apply for DFC Program funding on their own. It is the intent of the DFC Mentoring Program that, at the end of the grant, each mentee coalition will meet all of the statutory eligibility requirements of the DFC Program and will be fully prepared to compete for the DFC grant on their own. Grantees will be expected to achieve this goal by implementing the following objectives: (1) Strengthen mentee coalition's organizational structure; (2) Increase mentee coalition's leadership and community readiness to address youth substance use problems in the mentee community; and (3) Assist the mentee coalition in working through a strategic planning process that will result in a comprehensive action plan. Through the DFC Mentoring Program, the mentor coalition will develop mentoring activities that will support and encourage the development of the mentee coalition(s) that are focused on the prevention of youth substance use.</p>		\$75,000	\$	1/6/2017	<p>Grant eligibility is limited to nonprofit entities that are current DFC grantees which will be funded DFC grantees during the period of the DFC Mentoring Program grant award. In addition, an applicant coalition must meet the following criteria:</p> <ol style="list-style-type: none"> 1. Have been in existence for at least five years (not to be interpreted as having been a DFC grantee for five years); 2. Have an active DFC grant at the time of application; and 3. Be in good standing (cannot be on high-risk).

FY 2017 Discretionary Grant Programs

Center	FOA Title	Purpose	# of Awards	Award Size Per Year	Amount Available	Anticipated FOA Posting Date	Eligibility
CSAT	Cooperative Agreement for the Provider's Clinical Support System - Medication Assisted Treatment Supplement	The purpose program is to expand on the Drug Addiction Treatment Act (DATA) of 2000 and continue SAMHSA's currently funded PCSS-MAT initiative. This supplement will provide additional support to the current PCSS-MAT grantee by enhancing/expanding MAT training and educational resources to health professionals on evidence based practices for preventing, identifying and treating opioid use disorders.	1	\$1,000,000	\$1,000,000	1/3/2017	Eligibility is limited to the current SAMHSA FY 2016 PCSS-MAT grantee.
CSAT	Services Grant Program for Residential Treatment for Pregnant and Postpartum Women	The purpose of this program is to expand comprehensive treatment, prevention and recovery support services for women and their children in residential substance use treatment facilities, including services for non-residential family members of both the women and children.	18	\$524,000	\$9,500,000	1/26/2017	Eligible applicants are domestic public and private nonprofit entities.
CSAT	Cooperative Agreements for Adolescent and Transitional Aged Youth Treatment Implementation	The purpose of this program is to provide funding to states/territories/tribes (hereafter known as states) to improve treatment for adolescents and/or transitional aged youth with substance use disorders (SUD) and/or co-occurring substance use and mental disorders (hereafter known as "the population of focus") by assuring youth state-wide access to evidence-based assessments, treatment models, and recovery services supported by the strengthening of the existing infrastructure system.	Up to 12	Up to \$800,000	\$9,600,000	12/12/2016	Eligible applicants are the entity within the state/territory/federally recognized American Indian/Alaska Native tribe or tribal organization responsible for leading treatment and recovery support services for adolescents and/or transitional aged youth with substance use disorder or co-occurring substance use and mental disorders.

FY 2017 Discretionary Grant Programs

Center	FOA Title	Purpose	# of Awards	Award Size Per Year	Amount Available	Anticipated FOA Posting Date	Eligibility
CSAT	Cooperative Agreements for Adolescent and Transitional Aged Youth Treatment Planning	The purpose of this program is to develop and improve state/territorial/tribal capacity to increase access to and quality of treatment for youth with substance use disorders (SUD) and co-occurring substance use and mental disorders and their families/primary caregivers by building a solid foundation for sustaining an effective, integrated, comprehensive treatment and recovery support services system.	12	\$250,000	\$3,000,000	12/12/2016	Eligible applicants are the entity within the state/territory/federally recognized American Indian/Alaskan Native (AI/AN) tribe or tribal organization responsible for leading treatment and recovery support services for adolescents and/or Transition Aged Youth with SUD or co-occurring substance use and mental disorders.
CSAT	Grants to Expand Substance Abuse Treatment Capacity in Adult Treatment Drug Courts and Adult Tribal Healing to Wellness Courts	The purpose of this program is to expand and/or enhance substance use disorder treatment services in existing adult problem solving courts, and adult Tribal Healing to Wellness courts, which use the treatment drug court model in order to provide alcohol and drug treatment (including recovery support services, screening, assessment, case management, and program coordination) to defendants/offenders.	56	Up to \$325,000	\$18,230,000	10/7/2016	Eligible applicants are tribal, state, and local governments with direct involvement with the drug court/tribal healing to wellness court, such as the Tribal Court Administrator, the Administrative Office of the U.S. Courts, the Single State Agency for Alcohol and Drug Abuse, the designated State Drug Court Coordinator, or local governmental unit such as county or city agency, federally recognized American Indian/Alaska Native (AI/AN) tribes and tribal organizations, and individual adult treatment drug courts.

CSAT	Grants to Expand Substance Abuse Treatment Capacity in Family Treatment Drug Courts	The purpose of this program is to expand and/or enhance existing Family Treatment Drug Courts (FTDC) treatment services, which have adapted the adult treatment drug court model in order to provide substance use disorder (SUD) treatment (including recovery and other support services supporting treatment, screening, assessment, case management, and program coordination) to individuals with a SUD and/or co-occurring SUD and mental disorders who have had a dependency petition filed against them or are at risk of such filing. Services must address the needs of the family as a whole and include direct service provision to children (18 and under) of individuals served by this program.	Up to 15	Up to \$425,000	\$6,375,000	1/3/2017	Eligible applicants include state and local governments, such as the Administrative Office of the Courts, the Single State Agency for Alcohol and Drug Abuse, the designated State Drug Court Coordinator, or local governmental unit such as county or city agency with direct involvement with the family treatment drug court, Tribal Court Administrator, federally recognized American Indian/Alaska Native (AI/AN) tribes and tribal organizations, and individual family treatment drug courts. Family treatment drug courts that received an award under TI-15-002 (FY 2015 Grants to Expand Substance Abuse Treatment Capacity in Adult and Family Drug Courts) are not eligible to apply for this funding opportunity.

FY 2017 Discretionary Grant Programs

Center	FOA Title	Purpose	# of Awards	Award Size Per Year	Amount Available	Anticipated FOA Posting Date	Eligibility
CSAT	Addiction Technology Transfer Center	The purpose of the Addiction Technology Transfer Center (ATTC) Network program is to develop and strengthen the workforce that provides addiction treatment and recovery support services to those in need. This is done by accelerating the adoption and implementation of evidence-based and promising addiction treatment and recovery-oriented practices and services; heightening the awareness, knowledge, and skills of the workforce that addresses the needs of people with substance use or other behavioral health disorders; and fostering regional and national alliances among culturally diverse practitioners, researchers, policy makers, funders, and the recovery community.	11 - one ATTC National Coordinating Center and ten ATTC Regional Centers	\$775,294 for Coordinating Center; and \$775,294 per regional center	\$8,928,240	12/12/2016	Domestic public and private nonprofit entities.
CSAT	Recovery Community Services Program-Statewide Network	The intent of the Recovery Community Services Program-Statewide Network (RCSP-SN) grant program is to further strengthen the engagement of Recovery Community Organizations (RCOs) and their statewide network of recovery stakeholders as key partners in the delivery of state and local treatment and recovery support services, as well as allied health systems through collaboration, advocacy, public health messaging, and training conducted for (or with) key recovery stakeholder organizations. RCSP-SN grantees will collaborate with traditional SUD treatment providers to underscore the relevance and appropriateness of peer recovery support services (PRSSs) as fundamental fixtures on the Recovery Oriented Systems of Care (ROSC) landscape.	15	\$150,000	\$1,500,000	1/13/2017	SAMHSA is limiting eligibility for this program to RCOs that are domestic private nonprofit entities in states, territories, or tribes. RCOs are independent, non-profit organizations led and governed by representatives of local communities of recovery. To ensure that recovery communities are fully represented, only organizations controlled and managed by members of the addiction recovery community are eligible to apply.
