

FY 2020 SAMHSA Funding Opportunity Announcements

Name of FOA	Award Dollar Amount	Description	Eligible Applicants	Closing Date
Expansion of Practitioner Education	\$100,000 to \$250,000	The purpose of this program is to expand the integration of substance use disorder (SUD) education into the standard curriculum of relevant healthcare and health services education programs. Through the mainstreaming of this education, the ultimate goal is to expand the number of practitioners to deliver high-quality, evidence-based SUD treatment.	Public or private non-profit professional associations representing healthcare professionals in the fields of medicine, physician assistants, nursing, social work, psychology, marriage and family therapy, health services administration.	12/16/2019
Family Support Technical Assistance Center	\$800,000	The Fam-CoE will focus on training and education of the general public and healthcare practitioners on the importance of family supports and services and the integration of these services into mental and substance use disorder treatment programs.	Domestic public and private non-profit entities.	2/28/2020
Disaster Response - Schools	\$1,000,000	The purpose of this program is to provide mental and substance use disorder treatment, crisis counseling, and other related supports to children in school-based settings impacted by Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency was declared.	Eligible applicants are domestic public and private nonprofit entities in affected areas. Affected Areas include those impacted by: Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency was declared	2/12/2020
Disaster Response - Adults	\$1,000,000	The purpose of this program is to provide mental and substance use disorder treatment, crisis counseling, other related supports to adults impacted by Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency was declared.	Eligible applicants are domestic public and private nonprofit entities in affected areas. Affected Areas include those impacted by: Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires and earthquakes occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a	2/12/2020

			major disaster or emergency was declared	
Consumer and Consumer Supporter TA Center	\$361,200	The purpose of this program is to provide technical assistance to promote evidence-based care for adults with serious mental illnesses. These programs recognize the value of those with lived experience as a component of the treatment system. The entities responsible for providing technical assistance for this program may be either consumer or consumer supporter organizations.	Domestic public and private entities that meet the criteria for consumer or consumer supporter organizations.	12/10/2019
Tribal Behavioral Health	\$250,000	The purpose of this program is to prevent suicide and substance misuse, reduce the impact of trauma, and promote mental health among American Indian/Alaska Native (AI/AN) youth through the age of 24 years.	Federally recognized American Indian/Alaska Native (AI/AN) tribes, tribal organizations, Urban Indian Organizations, or consortia of tribes or tribal organizations.	12/10/2019
Promoting Integration of Primary and Behavioral Health Care	\$2,000,000	The purpose of this program is to: (1) promote full integration and collaboration in clinical practice between primary and behavioral healthcare; (2) support the improvement of integrated care models for primary care and behavioral health care to improve the overall wellness and physical health status of adults with a serious mental illness (SMI) or children with a serious emotional disturbance (SED); and (3) promote and offer integrated care services related to screening, diagnosis, prevention, and treatment of mental and substance use disorders, and co-occurring physical health conditions and chronic diseases.	Eligibility for this program is statutorily limited to a State or appropriate State agency in collaboration with one or more qualified community health programs or one or more community health centers.	12/10/2019
National Child Traumatic Stress Initiative – Category II	\$600,000	The purpose of the TSA Centers is to provide national expertise for specific types of traumatic events, population groups, and service systems, and support the specialized adaptation of effective evidence-based treatment and service approaches for communities across the nation.	Domestic public and private non-profit entities.	12/23/2019
National Child Traumatic Stress Initiative – Category III	\$400,000	The purpose of this program is to provide and increase access to effective trauma-focused treatment and services systems in communities for children and adolescents, and their families	Domestic public and private non-profit entities.	12/23/2019

		who experience traumatic events throughout the nation.		
Assisted Outpatient Treatment	\$1,000,000	This program is intended to implement and evaluate new AOT programs and identify evidence-based practices in order to reduce the incidence and duration of psychiatric hospitalization, homelessness, incarcerations, and interactions with the criminal justice system while improving the health and social outcomes of individuals with a serious mental illness (SMI).	States, counties, cities, mental health systems (including state mental health authorities), mental health courts, or any other entity with authority under the law of the state in which the applicant is located to implement, monitor, and oversee AOT programs.	1/24/2020
System of Care Expansion and Sustainability Grants	\$1,000,000 to \$3,000,000	The purpose of this program is to improve the mental health outcomes for children and youth, birth through age 21, with serious emotional disturbance (SED), and their families. This program will support the implementation, expansion, and integration of the SOC approach by creating sustainable infrastructure and services that are required as part of the Comprehensive Community Mental Health Services for Children and their Families Program.	Public entities to include State governments and territories; Governmental units within political subdivisions of a state; Federally recognized tribes and tribal organizations.	2/3/2020
National Training and TA Center for Child, Youth and Family Mental Health	\$3,000,000	The purpose of this program is to provide training and technical assistance (TTA) to increase the access to, effectiveness of, and dissemination of evidence-based mental health services for children, youth and young adults (through age 21) with Serious Emotional Disturbances (SED)/Serious Mental Illness (SMI) and their families and to promote the coordination of these services.	Domestic public and private non-profit entities.	2/4/2020
Homeless and Housing Resource Center	\$800,000	The purpose of this program is to provide training and technical assistance (TTA) to the general public and persons working with individuals who are at risk for, or are experiencing, homelessness.	Domestic public and private non-profit entities.	2/28/2020
Circles of Care	\$310,000	The purpose of this program is to provide tribal and urban Indian communities with tools and resources to plan and design a holistic, evidence and community-based, coordinated system of care to support mental health for children, youth, and families.	Federally recognized American Indian/Alaska Native (AI/AN) tribes and tribal organizations; Urban Indian Organizations; Consortia of tribes or tribal organizations; Tribal colleges and universities.	3/9/2020
Suicide Prevention	\$7,586,977	The purpose of this program is to build national capacity for	Domestic public and private non-profit entities.	3/9/2020

Resource Center		preventing suicide by providing technical assistance, training, and resources to assist states, tribes, communities, providers, practitioners and members of the public on suicide prevention strategies and best practices to address the issue of suicide.		
Certified Community Behavioral Health Clinic Expansion Grants	\$2,000,000	The purpose of this program is to increase access to and improve the quality of community mental and substance use disorder treatment services through the expansion of CCBHCs.	Certified community behavioral health clinics or community-based behavioral health clinics who may not yet be certified but meet the certification criteria and can be certified within 4 months of award.	3/10/2020
Minority Fellowship Program	\$1,925,000	The purpose of this program is to increase the knowledge of mental health professionals on issues related to prevention, treatment, and recovery support for individuals who are from racial and ethnic minority populations and have a mental or co-occurring mental and substance use disorder (COD), and to improve the quality of care provided to these individuals.	Public or private non-profit professional organizations representing mental and substance use disorder treatment professionals in the fields of psychiatry, nursing, social work, psychology, marriage and family therapy, mental health counseling, and substance use disorder and addictions counseling.	3/16/2020
Substance Abuse and HIV Prevention Navigator Program for Racial/Ethnic Minorities	\$200,000	The purpose of this program is to provide services to those at highest risk for HIV and substance use disorders. The program proposes to use a navigation approach (Community Health Workers, Neighborhood Navigators, and Peer Support Specialists) to expedite services for these populations.	Community-based domestic public and private nonprofit entities, federally recognized American Indian/Alaska Native Tribes (AI/AN) and tribal organizations, and urban Indian organization	12/27/2019
Strategic Prevention Framework – Partnerships for Success	\$300,000 to \$1,000,000	The purpose of this grant program is to prevent the onset and reduce the progression of substance abuse and its related problems while strengthening prevention capacity and infrastructure at the community and state level.	Domestic public and private non-profit entities	3/6/2020
Grants for the Benefit of Homeless Individuals	\$400,000	The purpose of this program is to support the development and/or expansion of local implementation of a community infrastructure that integrates substance use disorder treatment, housing services and other critical services for individuals (including youth) and families experiencing homelessness.	Domestic public and private non-profit entities. States are not eligible for apply.	12/16/2019

Recovery Community Services Program	\$300,000	The purpose of this program is to provide peer recovery support services via recovery community organizations to individuals with substance use disorders or co-occurring substance use and mental disorders or those in recovery from these disorders.	Recovery Community Organizations (RCOs) that are domestic private non-profit entities in states, territories, or tribes. RCOs are independent, non-profit organizations led and governed by representatives of local communities of recovery.	12/23/2019
SAMHSA Treatment Drug Courts	\$400,000	The purpose of this program is to expand substance use disorder (SUD) treatment services in existing drug courts. The program recognizes the need for treatment instead of incarceration for individuals with SUDs.	State, local, and tribal governments with direct involvement with the Adult Treatment Drug Court, Adult Tribal Healing to Wellness Court or Family Treatment Drug Court.	2/4/2020
National Peer-Run Training and TA Center for Addiction Recovery Peer Support	\$949,784	The purpose of this program is to provide TA and training to recovery community organizations (RCOs), as well as peer support networks.	Domestic public and private non-profit entities	2/28/2020
EMS – SIREN Act		The purpose of this program is to recruit and train emergency medical services personnel in rural areas or to residents of rural areas.	Rural emergency medical service agencies operated by a local or tribal government (fire-based and non-fire based) and non-profit emergency medical service agencies.	pending
State Pilot Grant Program for Treatment for Pregnant and Postpartum Women	\$900,000	The purpose of the program is to enhance flexibility in the use of funds designed to: 1) support family-based services for pregnant and postpartum women with a primary diagnosis of a substance use disorder, including opioid use disorders; 2) help state substance abuse agencies address the continuum of care, including services provided to pregnant and postpartum women in nonresidential-based settings; and 3) promote a coordinated, effective and efficient state system managed by state substance abuse agencies by encouraging new approaches and models of service delivery.	Eligible applicants are Single State Agencies (SSAs) for Substance Abuse	pending
Services Grant Program for Residential Treatment for Pregnant and	\$524,000	The purpose of this program is to expand comprehensive treatment, prevention, and recovery support services for women and their children in residential substance use treatment facilities, including	Domestic public and private non-profit entities	pending

Postpartum Women		services for non-residential family members of both the women and children.		
Grants to Implement the National Strategy for Suicide Prevention	\$400,000	The purpose of this program is to support states and communities in advancing efforts to prevent suicide and suicide attempts among adults age 25 and older in order to reduce the overall suicide rate and number of suicides in the U.S. nationally. Addressing suicide prevention among adults is imperative to decreasing the nation's suicide rate.	States, the District of Columbia, and U.S. territories, community-based primary care or behavioral healthcare organizations, public health agencies, emergency departments, tribes and tribal organizations.	pending
Grants to Implement Zero Suicide in Health Systems	\$400,000 to \$700,000	The purpose of this program is to implement suicide prevention and intervention programs for individuals who are 25 years of age or older. This program is designed to raise awareness of suicide, establish referral processes, and improve care and outcomes for such individuals who are at risk for suicide.	States, the District of Columbia, or U.S. Territories health agencies with mental and/or behavioral health functions; an Indian tribe or tribal organization; community-based primary care or behavioral health care organizations; emergency departments; local public health agencies.	pending
State Opioid Response Technical Assistance	\$12,000,000	The purpose of this program is to identify local physicians, other clinicians, and other providers (advance practice nurses, physician assistants, peers and other healthcare professionals) with expertise in treatment and in recovery services for opioid use disorders (OUDs).	Domestic public and private non-profit entities	pending
State Opioid Response	\$250,000 to \$110,521,405	The program aims to address the opioid crisis by increasing access to medication-assisted treatment using the three FDA-approved medications for the treatment of opioid use disorder, reducing unmet treatment need, and reducing opioid overdose related deaths through the provision of prevention, treatment and recovery activities for opioid use disorder (OUD) (including prescription opioids, heroin, and illicit fentanyl and fentanyl analogs).	Single State Agencies (SSAs) and territories.	pending
Tribal Opioid Response		The program aims to address the opioid crisis in tribal communities by increasing access to culturally appropriate and evidence-based treatment, including medication-	Federally recognized tribes and tribal organizations.	pending

		assisted treatment (MAT) using one of the three FDA-approved medications for the treatment of opioid use disorder (OUD).		
Rural Opioid Technical Assistance Grants	\$550,000	The purpose of this program is to develop and disseminate training and technical assistance for rural communities on addressing opioid issues affecting these communities.	Existing USDA Cooperative Extensions Grantees.	pending
Comprehensive Opioid Response Recovery Centers		The purpose of this program is to provide comprehensive treatment and recovery services in rural communities, including tribal communities.	Previous recipients of HRSA Rural Communities Opioid Response Program Planning Grants	pending
Treatment, Recovery, and Workforce Support Grants		The purpose of this program is to implement evidence-based programs to support individuals in substance use disorder treatment and recovery to live independently and participate in the workforce.	Entities that provide treatment or recovery services for individuals with substance use disorders.	pending
Emergency Department Alternatives to Opioids		The purpose of this program is to develop, implement, enhance, or study alternatives to opioids for pain management in hospitals and emergency departments.	Hospitals and emergency departments	pending
