

**Announcement of Pre-Application Webinar and Conference Call For  
Notice of Funding Opportunity (NOFO) No. TI-24-001  
Provider's Clinical Support System – University  
Short Title: PCSS-U**

The Substance Abuse and Mental Health Services Administration (SAMHSA) is announcing a webinar and conference call for prospective applicants interested in applying for fiscal year 2024 **Provider's Clinical Support System University (PCSSU)**, Notice of Funding Opportunity Announcement No. TI-24-001. The webinar and conference call will be led by SAMHSA Center for Substance Abuse Treatment staff.

The purpose of the PCCC-U program is to ensure that graduate-level healthcare students receive substance use disorder (SUD) education early in their academic careers and to prepare them to identify and treat SUD in mainstream healthcare. Students will gain a basic knowledge of strategies to identify, assess, intervene, and treat addiction, support recovery and address SUD stigma. This program supports the integration of SUD content into the curricula of the respective academic institution.

The populations of focus include students in medical, physician associate (PA), and nursing programs. It is expected that these schools work in collaboration with local social work, public health, and counselor academic programs. Historically Black Colleges and Universities (HBCUs), Tribal Colleges and Universities (TCUs), Hispanic serving Institutions (HSI), and Asian American and Native American Pacific Islander serving Institutions (AANAPI); and Urban Native American Organizations and consortia of tribes or tribal organizations have historically faced disparities in resources and opportunities for their students. HBCUs, TCUs, HSI, and AANAPI-serving institutions and Urban Indian Organizations and consortia of tribes or tribal organizations are encouraged to apply.

**The webinar will be held on Tuesday, March 5, 2024, from 3 - 4 p.m. EST.**
