| **1 Acceptance of the Terms of an Award**                           | By drawing or otherwise obtaining funds from the Health and Human Services (HHS) Payment Management System, the recipient acknowledges acceptance of the terms and conditions of the award and is obligated to perform in accordance with the requirements of the award. If the recipient cannot accept the terms, the recipient should notify the Grants Management Officer (GMO) within thirty (30) days of receipt of this award notice. Once an award is accepted by a recipient, the contents of the Notice of Award (NoA) are binding on the recipient unless and until modified by a revised NoA signed by the GMO.  
**Certification Statement:** By drawing down funds, the recipient certifies that proper financial management controls and accounting systems, to include personnel policies and procedures, have been established to adequately administer Federal awards and funds drawn down. Recipients of Department of Health and Human Services’ (DHHS) grants or cooperative agreement awards must comply with all terms and condition of their awards, including: (a) terms and conditions included in the HHS Grants Policy Statement in effect at the time of a new, non-competing continuation, or renewal award [https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf](https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf), including the requirements of HHS grants administration regulations; (b) requirements of the authorizing statutes and implementing regulations for the program under which the award is funded; (c) applicable requirements or limitations in appropriations acts; and (d) any requirements specific to the particular award specified in program policy and guidance, the Funding Opportunity Announcement, or the NoA. |
| **2 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards** | The NoA issued is subject to the administrative requirements, cost principles, and audit requirements that govern Federal monies associated with this award, as applicable, in the Uniform Guidance 2 Code of Federal Regulations (CFR) Part 200 as codified by HHS at 45 CFR Part 75 (Electronic Code of Federal Regulations (eCFR)). |
| **3 Award Expectations**                                           | The eligibility and program requirements originally outlined in the Funding Opportunity Announcement (FOA) must continue to be adhered to as the funded project is implemented. Recipients must comply with the performance goals, milestones, outcomes, and performance data collection as reflected in the FOA and related policy and guidance. Additional terms and/or conditions may be applied to this award if outstanding financial or programmatic compliance issues are identified by Substance Abuse and Mental Health Services Administration (SAMHSA). |
| **4 Flow down of requirements to sub-recipients**                  | The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients, in accordance with 45 CFR §§ 75.351 – 75.352, Sub-recipient monitoring and management. |
| **5 Future Funding**                                               | As indicated in the NoA, recommended future support reflects total costs (direct plus indirect). Funding is subject to the availability of Federal funds and satisfactory progress of the project. |
| **6 Non-Supplant**                                                 | Federal award funds must supplement, not replace (supplant) nonfederal funds. All recipients who receive awards under programs that prohibit supplanting by law must ensure that federal funds do not supplant funds that have been budgeted for the same purpose through non-federal sources. Applicants or award recipients may be required to demonstrate and document that a reduction in non-federal resources occurred for reasons other than the receipt of expected receipt of federal funds. |
| **7 Unallowable Costs**                                           | All costs incurred prior to the award issue date and costs not consistent with the funding opportunity, 45 CFR Part 75, and the HHS Grants Policy Statement, are not allowable under this award. |
### Name | Language
---|---
**8** Conflicts of Interest Policy | Recipients must establish written policies and procedures to prevent employees, consultants, and others (including family, business, or other ties) involved in grant-supported activities, from involvement in actual or perceived conflicts of interest. The policies and procedures must:
- address conditions under which outside activities, relationships, or financial interest are proper or improper;
- provide for advance disclosure of outside activities, relationships, or financial interest to a responsible organizational official;
- include a process for notification and review by the responsible official of potential or actual violations of the standards; and
- specify the nature of penalties that may be imposed for violations.

**9** Administrative and National Policy Requirements | Public policy requirements are requirements with a broader national purpose than that of the Federal sponsoring program or award that an applicant/recipient must adhere to as a prerequisite to and/or condition of an award. Public policy requirements are established by statute, regulation, or Executive order. In some cases they relate to general activities, such as preservation of the environment, while, in other cases they are integral to the purposes of the award-supported activities. An application funded with the release of federal funds through a grant award does not constitute or imply compliance with federal statute and regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

**10** Carryover - Expanded Authority for Unobligated Balances from One Budget Period to Any Subsequent Budget Period | Federal administrative requirements allow agencies to provide recipients with expanded authorities, which waive certain cost-related and administrative prior approvals under certain conditions.

Per 45 CFR Part 75.308 (d)(3) SAMHSA has extended expanded authority to recipients requesting carryover of unobligated balances (UOB) up to 25% or less of the current budget period (year when the funds are needed) provided that recipients are not on drawdown restriction.

Recipients requesting a carryover greater than 25% of the current budget period award cannot exercise this expanded authority.

Recipients who exercise expanded authority MUST include an Intent to Carryover statement in the Remarks section (box 12) of the annual Federal Financial Report (FFR).

Expanded authority may be overridden by other special terms or conditions of the award. Recipients must carefully review the Notice of Award to determine if a particular authority is withheld for a specific award.

Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and consistently applied regardless of the source of funds.

Grant funds may not be used, directly or indirectly, to purchase, prescribe, or provide marijuana or treatment using marijuana. Treatment in this context includes the treatment of opioid use disorder. Grant funds also cannot be provided to any individual who or organization that provides or permits marijuana use for the purposes of treating substance use or mental disorders. See, e.g., 45 C.F.R. § 75.300(a) (requiring HHS to "ensure that Federal funding is expended in full accordance with U.S. statutory requirements."); 21 U.S.C. §§ 812(c)(10) and 841 (prohibiting the possession, manufacture, sale, purchase or distribution of marijuana). This prohibition does not apply to those providing such treatment in the context of clinical research permitted by the DEA and under an FDA-approved investigational new drug application where the article being evaluated is marijuana or a constituent thereof that is otherwise a banned controlled substance under federal law.

Prior approval is required for but is not limited to: Changes in Key Personnel and Level of Effort, Budget Revisions, Changes in Scope, Carryover Requests (that fall outside the term for the Expanded Authority for Carryover), and No Cost Extensions. A summary of activities that require prior approval is listed in the HHS Grants Policy Statement under Exhibit 5, Page II-49. See link: [https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf](https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf).

The Consolidated Appropriations Act, 2021 (Public Law 116-260), signed into law on December 27, 2020 restricts the amount of direct salary to Executive Level II of the Federal Executive Pay scale. Effective January 3, 2021, the salary limitation for Executive Level II is $199,300.

For awards issued prior to this change, if adequate funds are available in active awards, and if the salary cap increase is consistent with the institutional base salary, recipients may re-budget to accommodate the current Executive Level II salary level. However, no additional funds will be provided to these grant awards.

SAMHSA grant funds may not be used for Promotional Items. Promotional items include but are not limited to: clothing and commemorative items such as pens, mugs/cups, folders/folios, lanyards, and conference bags.

17 FAPIIS - Recipient Integrity and Performance

https://www.fapiis.gov/fapiis/index.action

A. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement
If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report
Submit the information required about each proceeding that:
a. is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
b. reached its final disposition during the most recent five-year period; and

c. if one of the following:
   (1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;
   (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more;
   (3) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of $5,000 or more or reimbursement, restitution, or damages in excess of $100,000; or
   (4) Any other criminal, civil, or administrative proceeding if:
      i. It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;
      ii. It had a different disposition arrived at by consent or compromise with an acknowledgement of fault on your part; and
iii. The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures
Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency
During any period of time when you are subject to this requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five-year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than $10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions
For purposes of this award term and condition:

a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes—
   (1) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and
   (2) The value of all expected funding increments under a Federal award and options, even if not yet exercised

costs of identifying, but not providing, locally available dependent-care resources are allowable. Conference hosts/sponsors must exercise discretion and judgment in ensuring that conference costs are appropriate, necessary and managed in a manner that minimizes costs to the Federal award. The HHS awarding agency may authorize exceptions where appropriate for programs including Indian tribes, children, and the elderly. See also §§75.438, 75.456, 75.474, and 75.475.

20 Rights in Data and Publications

As applicable, recipients agree to the requirements for intellectual property, rights in data, access to research data, publications, and sharing research tools, and intangible property and copyrights as described in 45 CFR § 75.322 and the HHS Grants Policy Statement.

SAMHSA reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

21 Mandatory Disclosures

Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the HHS Office of Inspector General (OIG), all information related to violations, or suspected violations, of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Subrecipients must disclose, in a timely manner, in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations, or suspected violations, of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Disclosures must be sent in writing to the awarding agency and to the HHS OIG at the following addresses:

Healthy People 2020 is a national initiative led by HHS that set priorities for all SAMHSA programs. The initiative has two major goals: (1) increase the quality and years of a healthy life; and (2) eliminate our country’s health disparities. The program consists of 28 focus areas and 467 objectives. SAMHSA has actively participated in the work groups of all the focus areas and is committed to the achievement of the Healthy People 2020 goals. Healthy People 2010 and the conceptual framework for the forthcoming Healthy People 2020 process can be found online at: http://www.healthypeople.gov/

Recipients of Federal financial assistance (FFA) from HHS must administer their programs in compliance with Federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person’s race, color, national origin, disability, age, and in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency.

The HHS Office for Civil Rights also provides guidance on complying with civil rights laws enforced by HHS. Please see: http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html.
