

Fiscal Year 2019 – Award Standard Terms

Terms/ Reports	Name	Language
1	Standard Term Acceptance of the Terms of an Award	<p>By drawing or otherwise obtaining funds from the Health and Human Services (HHS) Payment Management System, the recipient acknowledges acceptance of the terms and conditions of the award and is obligated to perform in accordance with the requirements of the award. If the recipient cannot accept the terms, the recipient should notify the Grants Management Officer (GMO) within thirty (30) days of receipt of this award notice. Once an award is accepted by a recipient, the contents of the Notice of Award (NoA) are binding on the recipient unless and until modified by a revised NoA signed by the GMO.</p> <p>Certification Statement: By drawing down funds, the recipient certifies that proper financial management controls and accounting systems, to include personnel policies and procedures, have been established to adequately administer Federal awards and funds drawn down. Recipients of Department of Health and Human Services' (DHHS) grants or cooperative agreement awards must comply with all terms and conditions of their awards, including: (a) terms and conditions included in the HHS Grants Policy Statement in effect at the time of a new, non-competing continuation, or renewal award (http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf), including the requirements of HHS grants administration regulations; (b) requirements of the authorizing statutes and implementing regulations for the program under which the award is funded; (c) applicable requirements or limitations in appropriations acts; and (d) any requirements specific to the particular award specified in program policy and guidance, the Funding Opportunity Announcement, or the NoA.</p>
2	Standard Term Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards	<p>The NoA issued is subject to the administrative requirements, cost principles, and audit requirements that govern Federal monies associated with this award, as applicable, in the Uniform Guidance 2 Code of Federal Regulations (CFR) Part 200 as codified by HHS at 45 CFR Part 75 (http://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=0ddb69baec587eaea4ab7e6a68c4acb0&mc=true&r=PART&n=pt45.1.75).</p>
3	Standard Term Award Expectations	<p>The eligibility and program requirements originally outlined in funding opportunity must continue to be adhered to as the funded project is implemented. Recipients must comply with the performance goals, milestones, outcomes, and performance data collection as reflected in the FOA and related policy and guidance. Additional terms and/or conditions may be applied to this award if outstanding financial or programmatic compliance issues are identified by Substance Abuse and Mental Health Services Administration (SAMHSA).</p>

4	Standard Term	Flow down of requirements to sub-recipients	The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients, in accordance with 45 CFR §§ 75.351 – 75.352, Sub-recipient monitoring and management.
5	Standard Term	Future Funding	If indicated in the NoA, recommended future support reflects TOTAL costs (direct plus indirect). Funding is subject to the availability of Federal funds, and that matching funds, (if applicable), are verifiable, and progress of the award is documented and acceptable.
6	Standard Term	Non-Supplant	Federal award funds must supplement, not replace (supplant) non-Federal funds. All recipients who receive awards under programs that prohibit supplanting by law must ensure that Federal funds do not supplant funds that have been budgeted for the same purpose through non-Federal sources. Applicants or award recipients may be required to demonstrate and document that a reduction in non-Federal resources occurred for reasons other than the receipt of expected receipt of Federal funds.
7	Standard Term	Unallowable Costs	All costs incurred prior to the award issue date and costs not consistent with the funding opportunity, 45 CFR Part 75, and the HHS Grants Policy Statement, are not allowable under this award.
8	Standard Term	Conflicts of Interest Policy	<p>Recipients must establish written policies and procedures to prevent employees, consultants, and others (including family, business, or other ties) involved in grant-supported activities, from involvement in actual or perceived conflicts of interest. The policies and procedures must:</p> <ul style="list-style-type: none"> • address conditions under which outside activities, relationships, or financial interests are proper or improper; • provide for advance disclosure of outside activities, relationships, or financial interests to a responsible organizational official; • include a process for notification and review by the responsible official of potential or actual violations of the standards; and • specify the nature of penalties that may be imposed for violations.
9	Standard Term	Carryover - Expanded Authority for Unobligated Balances from One Budget Period to Any Subsequent Budget Period	<p>Federal administrative requirements allow agencies to provide recipients with expanded authorities, which waive certain cost-related and administrative prior approvals under certain conditions. Per 45 CFR Part 75.308 (d)(3) SAMHSA has extended expanded authorities to recipients that requesting to carryover unobligated balances (UOB) of 25 percent or less from prior budget periods to the current budget period within the project period without prior approval, provided they are not designated Restricted Status and placed on drawdown restriction.</p> <p>Recipients who can exercise expanded authority MUST report an Intent to Carry Over an UOB in the remarks section (box 12) of the annual Federal Financial Report (FFR).</p> <p>Recipients who are requesting to carryover unobligated balances (UOB) of more than 25 percent or less from prior budget periods to the current budget period within the project period without prior approval, or are designated Restricted Status and placed on drawdown restriction, cannot exercise this expanded authority. Instead, these recipients must submit a Prior Approval and receive formal written approval from the Grants Management Officer (GMO).</p> <p>Guidance on reporting Intent to Carry Over on the FFR, and for submitting a Prior Approval for Carry Over, are available at http://www.samhsa.gov/grants/grants-management/post-award-changes/carryover-requests. Only responses to prior approval requests signed by the GMO in an amended NoA are considered valid.</p>

This authority may be overridden by other special terms or conditions of the award. Recipients must carefully review the NoA to determine if a particular authority is withheld for a specific award.

Recipients must exercise proper stewardship over Federal funds and ensure that costs charged to awards are allowable, allocable, reasonable, necessary, and consistently applied regardless of the source of funds. SAMHSA may disallow the costs if it is determined, through audit or otherwise, that the costs do not meet the tests of allowability, allocability, reasonableness, necessity, and consistency.

10	Standard Term	Prior Approval	<p>SAMHSA anticipates that the recipient may need to modify the recipient's award budget or other aspects of its approved application during performance to accomplish the award's programmatic objectives. In general, recipients are allowed a certain degree of latitude to rebudget within and between budget categories to meet unanticipated needs and to make other types of post-award changes, provided that the changes still meet the statutory program requirements and the regulatory requirements under 45 CFR, as applicable.</p> <p>Items that require prior approval (i.e. formal written approval) from the GMO, as indicated in either 45 CFR Part 75 or the HHS Grants Policy Statement, must be submitted in writing to the GMO. Based on the nature, extent, and timing of the request, the SAMHSA GMO may approve, deny, or request additional material to further document and evaluate your request. Only responses provided by the GMO are considered valid. If SAMHSA approves the request, an amended NoA will be issued. Verbal authorization is not approval and is not binding on SAMHSA. Recipients that proceed on the basis of actions by unauthorized officials do so at their own risk, and SAMHSA is not bound by such responses.</p> <p>Prior approval is required for, but is not limited to: Changes in Key Personnel and Level of Effort, Budget Revisions, Changes in Scope, Carryover Requests (that fall outside the term for the Expanded Authority for Carryover), and No Cost Extensions. A summary of activities that require prior approval are listed in the HHS Grants Policy Statement under Exhibit 5, Page II-49 Activities, is available at http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf. SAMHSA instructions post-award changes that require prior approval and how to submit information through the eRA Post Award Amendments module, is available at http://www.samhsa.gov/grants/grants-management/post-award-changes.</p>
----	---------------	-----------------------	---

11	Standard Term	Administrative and National Policy Requirements	<p>Public policy requirements are requirements with a broader national purpose than that of the Federal sponsoring program or award that an applicant/recipient must adhere to as a prerequisite to and/or condition of an award. Public policy requirements are established by statute, regulation, or Executive order. In some cases they relate to general activities, such as preservation of the environment, while in other cases, they are integral to the purposes of the award-supported activities. An application funded with the release of Federal funds through a grant award does not constitute or imply compliance with Federal statute and regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.</p>
----	---------------	--	---

12	Standard Term	<p>Executive Pay</p> <p>The Consolidated Appropriations Act, 2018 (Pub. L.115-141) signed into law on January 10, 2016, restricts the amount of direct salary to Executive Level II of the Federal Executive Pay scale. The Executive Level II salary per E.O. 13819, was increased to \$189,600 effective January 1, 2018.</p> <p>For awards issued prior to this change, if adequate funds are available in active awards, and if the salary cap increase is consistent with the institutional base salary, recipients may rebudget to accommodate the current Executive Level II salary level. However, no additional funds will be provided to these grant awards.</p>

A. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report

(4) Any other criminal, civil, or administrative proceeding if:

(i) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;

(ii) It had a different disposition arrived at by consent or compromise with an acknowledgement of fault on your part; and

(iii) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do

not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency

During any period of time when you are subject to this requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Failure to comply with these requirements may be cause for debarment. Government wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR part 182; HHS implementing regulations are set forth in 2 CFR part 382.400. 23	Standard Term	Accessibility Provisions	<p>Recipients of Federal financial assistance (FFA) from HHS must administer their programs in compliance with Federal civil rights law. 27	Standard Term	Federal Recognition of Same-Sex Spouses/Marriages	<p>On June 26, 2013, in United States v. Windsor, the Supreme Court held that section 3 of the Defense of Marriage Act (DOMA) (P.L. 104-199), which prohibited Federal recognition of same-sex marriages, was unconstitutional. As a result of that decision and consistent with HHS policy, SAMHSA recognizes same-sex marriages and same-sex spouses on equal terms with opposite sex-marriages and opposite-sex spouses, regardless of where the couple resides.</p> <p>On June 26, 2015, in Obergefell v. Hodges, the Court held that the Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out-of-state. Consistent with both of these decisions, you must treat as valid the marriages of same- sex couples. This policy does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under state law as something other than a marriage.</p>
