EXECUTIVE SUMMARY

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) is accepting applications for fiscal year (FY) 2019 Provider's Clinical Support System - Medication Assisted Treatment (Short Title: PCSS-MAT) grant. The purpose of this program is to expand the number of Drug Addiction Treatment Act (DATA) 2000 waived providers, increase understanding of the importance of medication-assisted treatment and ultimately increase access to MAT through expanded prescribing of FDA-approved medications for the treatment of opioid use disorders. Although the current initiative has provided multiple trainings and mentoring support, there still remains a significant need to increase the number of healthcare providers to address the nation’s lack of adequate access to care and treatment for opioid and other substance use disorders. The PCSS-MAT program will continue to provide up-to-date and evidence-based information to support the training of health professionals and to address the complex issues of addiction.

| Eligible Applicants: | Eligibility is limited to the national professional medical organizations authorized by the Drug Addiction Treatment Act of 2000 (DATA) to carry out the training of providers desiring to prescribe and/or dispense FDA-approved schedule III medications for the addictive disorders. These are the American Society of Addiction Medicine (ASAM), the American Academy of Addiction Psychiatry (AAAP), the American Medical Association (AMA), the American Osteopathic Academy of Addiction Medicine (AOAAM), and the American Psychiatric Association (APA).

[See Section III-1 of this FOA for complete eligibility information.] |
Be sure to check the SAMHSA website periodically for any updates on this program.

All applicants MUST register with NIH’s eRA Commons in order to submit an application. This process takes up to six weeks. If you believe you are interested in applying for this opportunity, you MUST start the registration process immediately. Do not wait to start this process.

WARNING: BY THE DEADLINE FOR THIS FOA YOU MUST HAVE SUCCESSFULLY COMPLETED THE FOLLOWING TO SUBMIT AN APPLICATION:

- The applicant organization MUST be registered in NIH’s eRA Commons;
  AND
- The project director MUST have an active eRA Commons account (with the PI role) affiliated with the organization in eRA Commons.

No exceptions will be made.

Applicants also must register with the System for Award Management (SAM) and Grants.gov (see Appendix A for all registration requirements).

I. PROGRAM DESCRIPTION

1. PURPOSE

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) is accepting applications for fiscal year (FY) 2019 Provider's Clinical Support System - Medication Assisted Treatment (Short Title: PCSS-MAT) grant. The purpose of this program is to expand the number of Drug Addiction Treatment Act (DATA) 2000 waived providers, increase understanding of the importance of medication-assisted treatment and ultimately increase access to MAT through expanded prescribing of FDA-approved medications for the treatment of opioid use disorders. Although the current initiative has provided multiple trainings and mentoring support, there still remains a significant need to increase the number of healthcare providers to address the nation’s lack of adequate access to care and treatment for opioid and other substance use disorders. The PCSS-MAT program will continue to provide up-to-date and evidence-based information to support the training of health professionals and to address the complex issues of addiction.

The PCSS-MAT grant is authorized under Section 509 of the Public Health Service Act, as amended. This announcement addresses Healthy People 2020 Substance Abuse Topic Area HP 2020-SA.
2. **EXPECTATIONS**

The indirect cost rate may not exceed **8 percent** of the proposed budget. Even if an organization has an established indirect cost rate, under training grants, SAMHSA reimburses indirect costs at a fixed rate of **8 percent** of modified total direct costs, exclusive of tuition and fees, expenditures for equipment, and sub-awards and contracts in excess of $25,000.

**Key Personnel:**

Key personnel are staff members who must be part of the project regardless of whether or not they receive a salary or compensation from the project. These staff members must make a substantial contribution to the execution of the project.

The key personnel for this program will be the Project Director. It is expected that the Project Director (PD) will, at a minimum, provide 25 percent level of effort in overseeing the day-to-day activities of the project. The PD is responsible for ensuring that all CSAT requirements are met and that all reports are submitted timely and accurately. **This position requires prior approval by SAMHSA after review of credentials of staff and job descriptions.**

**Required Activities**

- Collaborate with other SAMHSA supported TA Centers including, but not limited to, the SAMHSA-funded regional and specialty Technology Transfer Centers (i.e.: Substance Abuse Prevention, Mental Health, and Addiction Technology Transfer Centers) and the Opioid STR/SOR TA Center;

- Establish a steering committee to oversee the enhancement and further development and direction of the project. The steering committee must comprise representatives from participating national professional medical organizations authorized by law to conduct DATA trainings, and other stakeholders;

- Develop online modules and resources including fact sheets, toolkits, courses, which are available on-demand to the learner;

- Develop innovative use of technology, including the use of ECHO-type models, to provide training and mentorship, particularly for providers in hard to reach areas such as rural and remote communities in the United States;

- Provide consultative services, including telephone consultation, on-site training, observation of practice, and peer mentoring to providers on the indications and usage of all three FDA-approved medications: methadone, buprenorphine, and naltrexone;
• Develop evidence-based trainings to qualify physicians and other healthcare providers for the DATA waiver, and training on the most recent treatment modalities surrounding complex issues of addiction;

• Review and endorsement of curriculum submitted by medical schools or other healthcare professional schools whose students will be eligible to receive a DATA waiver. The grantee will be required to review any curriculum submitted by recipients of PCSS Universities recipients or any other institution which wishes to add DATA waiver training to its educational curriculum. This requirement will also apply to institutions wishing to receive national endorsement for already instituted waiver curriculum which has only been approved by their state medical board;

• Collaborate by enlisting the assistance of addiction medicine and psychiatry, medical specialty organizations, and other organizations that focus on opioid addiction, medication-assisted treatment, and recovery from opioid addiction;

• Provide training on medical and psychiatric co-morbidities that are highly prevalent in those with addictive disorders and which contribute to the complex nature of opioid addiction; and

• Ensure the availability of Continuing Medical Education and Continuing Education Units for courses taken.

Provider support activities must focus on the following content areas:

• Assessment and diagnosis using the Diagnostic and Statistical Manual of Mental Disorders, 5th Edition: DSM-5;

• Induction, maintenance, and medical withdrawal (sometimes referred to as ‘detoxification’) protocols;

• Strategies to avoid and treat complications;

• Ancillary medications;

• Recommended visit and monitoring schedules;

• Special psychosocial strategies on motivating patients, setting limits, or implementing contingency plans;

• Approaches to medically-supervised withdrawal and initiation of extended release injectable naltrexone;

• Referrals to counseling, other ancillary services, or self-help groups;
• Diagnosis and treatment of psychiatric co-morbidities or co-occurring disorders, including, but not limited to, chronic pain, polysubstance abuse, hepatitis, and HIV disease;

• HIV and hepatitis screening, counseling, testing, and referrals;

• Referrals to higher levels of care;

• Privacy and confidentiality issues in treatment;

• Appropriate record-keeping for office-based treatment of opioid use disorder;

• Requirements related to treatment of opioid use disorders in office-based practices, opioid treatment programs and other specialty addiction treatment programs specified in the Controlled Substances Act, Drug Abuse Treatment Act of 2000 (DATA 2000), and the Comprehensive Addiction and Recovery Act;

• Special populations (e.g., pregnant women, adolescents, elderly, pain patients, and veterans); and

• Important patient recovery indicators.

Allowable Activities

• Conduct a limited number of regional meetings, develop clinical guidelines, online web conferences, mobile applications, or other educational activities to improve physician and allied healthcare provider workforce performance.

Other Expectations

To maximize distribution of CSAT products, the recipient will promote and distribute SAMHSA publications related to the proposed topics of trainings and courses delivered under this grant. In addition, the recipient will be required to provide periodic updates to SAMHSA’s Office of Communications, alerting SAMHSA of products and services, including training events that the recipient is making available.

2.1 Data Collection and Performance Measurement

All SAMHSA recipients are required to collect and report certain data so that SAMHSA can meet its obligations under the Government Performance and Results (GPRA) Modernization Act of 2010. You must document your plan for data collection and reporting in Section D: Data Collection and Performance Measurement.

Recipients are required to report performance on measures such as the following:

• Number of consultation events, training events, technical assistance events or contacts;
• Number of physicians/healthcare providers participating in each event;

• Percentage of physicians/healthcare providers satisfied with educational and support services offered;

• Percentage of physicians/healthcare providers who report that consultation or training events resulted in appropriate practice change(s);

• Number of physicians/practitioners receiving a DATA waiver and prescribing; and

• Number of physicians/practitioners who modify their practice based on training(s) provided with types of modifications made available upon request by SAMHSA for additional information.

With the exception of the final reporting requirement listed above (this data should be compiled and kept on file by the grantee) this information will be gathered using a uniform data collection tool provided by SAMHSA. Recipients are required to submit data via SAMHSA’s data-entry and reporting system; access will be provided upon award. This tool is available at [http://www.samhsa.gov/grants/gpra-measurement-tools/csat-gpra/csat-gpra-best-practices](http://www.samhsa.gov/grants/gpra-measurement-tools/csat-gpra/csat-gpra-best-practices). GPRA data are to be collected and then entered into SAMHSA’s data entry and reporting system within 7 days of data collection; access will be provided upon award. Training and technical assistance on data collecting, tracking and follow-up, as well as data entry, will be provided by SAMHSA.

The collection of these data enables SAMHSA to report on key outcome measures relating to the grant program. In addition to these outcomes, data collected by recipients will be used to demonstrate how SAMHSA’s grant programs are reducing disparities in access, service use, and outcomes nationwide.

Performance data will be reported to the public as part of SAMHSA’s Congressional Justification.

2.2 Local Performance Assessment

Recipients must periodically review the performance data they report to SAMHSA (as required above), assess their progress, and use this information to improve the management of their grant project. Recipients are also required to report on their progress addressing the goals and objectives identified in B.1. The assessment should be designed to help you determine whether you are achieving the goals, objectives, and outcomes you intend to achieve and whether adjustments need to be made to your project. Performance assessments should also be used to determine whether your project is having/will have the intended impact on behavioral health disparities. You will be required to submit an annual report on the progress you have achieved, barriers encountered, and efforts to overcome these barriers. Refer to Section VI.1 for any program specific information on the frequency of reporting and any additional requirements.
No more than 15 percent of the total grant award for the budget period may be used for data collection, performance measurement, and performance assessment, e.g., activities required in Sections I-2.1 and 2.2 above.

Note: See Appendix C and Appendix D for more information on responding to Sections I-2.1 and 2.2.

II. FEDERAL AWARD INFORMATION

Funding Mechanism: Grant
Anticipated Total Available Funding: $2,000,000
Estimated Number of Awards: One award
Estimated Award Amount: Up to $2,000,000
Length of Project Period: Up to 3 years

Proposed budgets cannot exceed $2 million in total costs (direct and indirect) in any year of the proposed project. Annual continuation awards will depend on the availability of funds, recipient progress in meeting project goals and objectives, timely submission of required data and reports, and compliance with all terms and conditions of award.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS

Eligibility is limited to the national professional medical organizations authorized by the Drug Addiction Treatment Act of 2000 (DATA) to carry out the training of providers desiring to prescribe and/or dispense FDA-approved schedule III medications for addictive disorders. These organizations are the American Society of Addiction Medicine (ASAM), the American Academy of Addiction Psychiatry (AAAP), the American Medical Association (AMA), the American Osteopathic Academy of Addiction Medicine (AOAAM), and the American Psychiatric Association (APA). Any of these entities may apply individually; they may also apply as a consortium comprised of all or several of the eligible organizations. If a consortium is formed for this purpose, a single organization in the consortium must be the legal applicant, the recipient of the award, and the entity legally responsible for satisfying the grant requirements.

If a consortium submits an application, a written agreement must be included outlining the roles and responsibilities of each participating national professional medical organization. This agreement must be signed by an authorized official of each member of the consortium and included in Attachment 3 of the application, “Roles and Responsibilities of Participating National Professional Medical Organizations.”

There is a serious public health issue involving the abuse, misuse, non-medical use and concomitant morbidity and mortality associated with the increased availability of opioids for the treatment of acute pain, chronic pain, and opioid-related addiction. While these
medications are mainly obtained legally through prescriptions, SAMHSA surveys indicate significant amounts are obtained through theft and other forms of diversion.

In addition, SAMHSA recognizes the difficulty in assessing patients for appropriate opioid prescribing and the limited training that physicians, psychiatrists, and dentists may receive during their formal, specialized training. Moreover, licensed physicians who have completed their formal training may lack adequate mentoring, continuing medical education, and other resources to evaluate patients and prescribe opioid analgesics appropriately.

To address this public health problem in a timely manner, SAMHSA is limiting eligibility to these five organizations because they have extensive experience providing educational and other support services for addictive disorders to physicians and other substance abuse and healthcare professionals. As such, SAMHSA believes they are uniquely qualified to meet the requirements outlined in this announcement because they have the experience, infrastructure, and capacity in place to expeditiously begin program activities.

2. COST SHARING and MATCH REQUIREMENTS

Cost sharing/match is not required in this program.

IV. APPLICATION AND SUBMISSION INFORMATION

1. REQUIRED APPLICATION COMPONENTS:

- **Budget Information SF-424** – Fill out all Sections of the SF-424. In **Line #4** (i.e., Applicant Identified), input the Commons Username of the PD/PI. In **Line #17** input the following information: (Proposed Project Date: a. Start Date: 9/30/2019; b. End Date: 9/29/2022).

  - **Budget Information Form** – Use **SF-424A**. Fill out all Sections of the SF-424A.
    - **Section A** – Budget Summary: Use the first row only (Line 1) to report the total federal funds (e) and non-federal funds (f) requested for the first year of your project only.
    - **Section B** – Budget Categories: Use the first column only (Column 1) to report the budget category breakouts (Lines 6a through 6h) and indirect charges (Line 6j) for the total funding requested for the first year of your project only.
    - **Section C** – Leave blank if cost sharing/match is not required for this program. Complete if cost sharing/match is required.
    - **Section D** – Forecasted Cash Needs: Input the total funds requested, broken down by quarter, only for Year 1 of the project period. Use the first row for federal funds and the second row for non-federal funds.
    - **Section E** – Budget Estimates of Federal Funds Needed for Balance of the Project: Input the total funds requested for the out years (e.g., Year 2
and Year 3). For example, if you are requesting funds for three years in total, you would input information in columns b and c (i.e., 2 out years).

A sample budget form and justification is included in Appendix J of this document. It is highly recommended that you use this sample budget format. This will expedite review of your application.

- **Project Narrative and Supporting Documentation** – The Project Narrative describes your project. It consists of Sections A through D. Sections A-D together may not be longer than 10 pages. (Remember that if your Project Narrative starts on page 5 and ends on page 15, it is 11 pages long, not 10 pages.) More detailed instructions for completing each section of the Project Narrative are provided in Section V – Application Review Information.

The Supporting Documentation section provides additional information necessary for the review of your application. This supporting documentation must be attached to your application using the Other Attachments Form if applying with Grants.gov Workspace or Other Narrative Attachments if applying with eRA ASSIST. Additional instructions for completing these sections and page limitations for Biographical Sketches/Position Descriptions are included in Appendix A: 3.1 Required Application Components, and Appendix E, Biographical Sketches and Position Descriptions. Supporting documentation should be submitted in black and white (no color).

- **Budget Justification and Narrative** – The budget justification and narrative must be submitted as a file entitled BNF (Budget Narrative Form) when you submit your application into Grants.gov. (See Appendix A: 3.1 Required Application Components.)

- **Attachments 1 through 3** – Use only the attachments listed below. If your application includes any attachments not required in this document, they will be disregarded. Do not use more than a total of 30 pages for Attachments 1 and 3 combined. There are no page limitations for Attachment 2. Do not use attachments to extend or replace any of the sections of the Project Narrative. Reviewers will not consider them if you do. Please label the attachments as: Attachment 1, Attachment 2, etc.
  
  o **Attachment 1**: Letters of Commitment from any organization(s) participating in the proposed project. (Do not include any letters of support. Reviewers will not consider them if you do.)

  o **Attachment 2**: Data Collection Instruments/Interview Protocols – if you are using standardized data collection instruments/interview protocols, you do not need to include these in your application. Instead, provide a web link to the appropriate instrument/protocol. If the data collection instrument(s) or interview protocol(s) is/are not standardized, you must include a copy in Attachment 2.
Attachment 3: If you are applying as a consortium, you must include “Roles and Responsibilities of Participating National Professional Medical Organizations” in Attachment 3. These applicants must include a written agreement outlining the roles and responsibilities of each participating national professional medical organization. This agreement must be signed by an authorized official of each member of the consortium.

2. APPLICATION SUBMISSION REQUIREMENTS

Applications are due by 11:59 PM (Eastern Time) on February 26, 2019.

All applicants MUST register with NIH’s eRA Commons in order to submit an application. This process takes up to six weeks. If you believe you are interested in applying for this opportunity, you MUST start the registration process immediately. Do not wait to start this process.

WARNING: BY THE DEADLINE FOR THIS FOA YOU MUST HAVE SUCCESSFULLY COMPLETED THE FOLLOWING TO SUBMIT AN APPLICATION:

- The applicant organization MUST be registered in NIH’s eRA Commons; AND
- The project director MUST have an active eRA Commons account (with the PI role) affiliated with the organization in eRA Commons.

No exceptions will be made.

Applicants also must register with the System for Award Management (SAM) and Grants.gov (see Appendix A for all registration requirements).

3. FUNDING LIMITATIONS/RESTRICTIONS

- No more than 15 percent of the total grant award for the budget period may be used for data collection, performance measurement, and performance assessment.
- The indirect cost rate may not exceed 8 percent of the proposed budget. Even if an organization has an established indirect cost rate, under training grants, SAMHSA reimburses indirect costs at a fixed rate of 8 percent of modified total direct costs, exclusive of tuition and fees, expenditures for equipment, and sub-awards and contracts in excess of $25,000.

Be sure to identify these expenses in your proposed budget.
SAMHSA recipients must also comply with SAMHSA’s standard funding restrictions, which are included in Appendix G, Standard Funding Restrictions.

V. APPLICATION REVIEW INFORMATION

1. EVALUATION CRITERIA

The Project Narrative describes what you intend to do with your project and includes the Evaluation Criteria in Sections A-D below. Your application will be reviewed and scored according to the quality of your response to the requirements in Sections A-D.

In developing the Project Narrative section of your application, use these instructions, which have been tailored to this program.

- The Project Narrative (Sections A-D) together may be no longer than 10 pages.

- You must use the four sections/headings listed below in developing your Project Narrative. You must indicate the Section letter and number in your response, i.e., type “A-1”, “A-2”, etc., before your response to each question. You may not combine two or more questions or refer to another section of the Project Narrative in your response, such as indicating that the response for B.2 is in C.1. Only information included in the appropriate numbered question will be considered by reviewers. Your application will be scored according to how well you address the requirements for each section of the Project Narrative.

- The number of points after each heading is the maximum number of points a review committee may assign to that section of your Project Narrative. Although scoring weights are not assigned to individual questions, each question is assessed in deriving the overall Section score.

Section A: Statement of Need (15 points – approximately 1 page)

1. Document the need for an enhanced infrastructure to increase the capacity to implement, sustain, and improve effective medication-assisted treatment services that is consistent with the purpose of the program and intent of the FOA. Include information on service gaps and other problems related to the need for infrastructure development. Identify the source of the data

Section B: Proposed Approach (35 points – approximately 5 pages)

1. Describe the goals and objectives (see Appendix C) of the proposed project and align them with the Statement of Need described in A.1. State the unduplicated number of individuals you propose to serve (annually and over the entire project period) with grant funds.

2. Describe how you will implement the Required Activities as stated in Section I.2.
3. Provide a chart or graph depicting a realistic timeline for the entire three years of the project period showing dates, key activities, and responsible staff. These key activities must include the requirements outlined in Section I-2: Expectations. [NOTE: Be sure to show that the project can be implemented and service delivery can begin as soon as possible and no later than four months after grant award. The timeline must be part of the Project Narrative. It must not be placed in an attachment.]

Section C: Staff and Organizational Experience (20 points – approximately 2 page)

1. Describe the experience of your organization with similar projects and/or providing services to the population(s) of focus for this FOA. Identify other organization(s) that you will partner with in the proposed project. Describe their experience providing services to the population(s) of focus, and their specific roles and responsibilities for this project. If applicable, Letters of Commitment from each partner must be included Attachment 1 of your application. If you are not partnering with any other organization(s), indicate so in your response.

2. Provide a complete list of staff positions for the project, including the Key Personnel (Project Director) and other significant personnel. Describe the role of each, their level of effort, and qualifications, to include their experience providing services to the population(s) of focus and familiarity with their culture(s) and language(s).

Section D: Data Collection and Performance Measurement (30 points – approximately 2 pages)

1. Provide specific information about how you will collect the required data for this program and how such data will be utilized to manage, monitor and enhance the program.

Budget Justification, Existing Resources, Other Support (other federal and non-federal sources)

You must provide a narrative justification of the items included in your proposed budget, as well as a description of existing resources and other support you expect to receive for the proposed project. Other support is defined as funds or resources, whether federal, non-federal or institutional, in direct support of activities through fellowships, gifts, prizes, in-kind contributions, or non-federal means. (This should correspond to Item #18 on your SF-424, Estimated Funding.) Other sources of funds may be used for unallowable costs, e.g., meals, sporting events, entertainment.

An illustration of a budget and narrative justification is included in Appendix J: Sample Budget and Justification. It is highly recommended that you use this sample budget format. Your budget must reflect the funding limitations/restrictions specified in Section IV-3. Specifically identify the items associated with these costs in your budget.
1. REQUIRED SUPPORTING DOCUMENTATION

Biographical Sketches and Job Descriptions.

See Appendix E for information on completing biographical sketches and job descriptions.

2. REVIEW AND SELECTION PROCESS

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above.

Decisions to fund a grant are based on:

- The strengths and weaknesses of the application as identified by peer reviewers. The results of the peer review are of an advisory nature. The program office and approving official make the final determination for funding;

- When the individual award is over $250,000, approval by the CSAT National Advisory Council;

- Availability of funds;

- Equitable distribution of awards in terms of geography (including urban, rural and remote settings) and balance among populations of focus and program size;

- Submission of any required documentation that must be submitted prior to making an award; and

- In accordance with 45 CFR 75.212, SAMHSA reserves the right not to make an award to an entity if that entity does not meet the minimum qualification standards as described in section 75.205(a)(2). If SAMHSA chooses not to award a fundable application, SAMHSA must report that determination to the designated integrity and performance system accessible through the System for Award Management (SAM) [currently the Federal Awardee Performance and Integrity Information System (FAPIIS)].

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above.

Decisions to fund a grant are based on:

- The strengths and weaknesses of the application as identified by peer reviewers;
• When the individual award is over $150,000, approval by the Center for Substance Abuse Treatment’s National Advisory Council;

• Availability of funds; and

• Equitable distribution of awards in terms of geography (including urban, rural and remote settings) and balance among populations of focus and program size.

VI. FEDERAL AWARD ADMINISTRATION INFORMATION

1. REPORTING REQUIREMENTS

Program Specific:

Recipients must comply with the data reporting requirements listed in Section I-2.1 and Section I-2.2.

Data Collection – GPRA data are to be collected and then entered into SAMHSA’s data entry and reporting system within 7 days of data collection. See Section I-2.1.

Progress Reports – recipients will be expected to submit an annual report.

Grants Management:

Successful applicants must also comply with the following standard grants management reporting and schedules at https://www.samhsa.gov/grants/grants-management/reporting-requirements, unless otherwise noted in the FOA or Notice of Award.

2. FEDERAL AWARD NOTICES

You will receive an email from SAMHSA, via NIH’s eRA Commons, that will describe the process for how you can view the general results of the review of your application, including the score that your application received.

If the application is approved for funding, a Notice of Award (NoA) will be emailed to the following: 1) the Business Official’s (BO) email address identified on the HHS Checklist form submitted with the application; and 2) the email associated with the Commons account for the Project Director. Hard copies of the NoA will no longer be mailed via postal service. The NoA is the sole obligating document that allows you to receive federal funding for work on the grant project. Information about what is included in the NoA can be found at: https://www.samhsa.gov/grants/grants-management/notice-award-noa.

If the application is not funded, you will receive a notification from SAMHSA, via NIH’s eRA Commons.
VII. AGENCY CONTACTS

For questions about program issues contact:

Anthony Campbell RPH, D.O.
Division of Pharmacologic Therapy, Center for Substance Abuse Treatment
Substance Abuse and Mental Health Services Administration
(240) 276-2702
Tony.campbell@samhsa.hhs.gov

For questions on grants management and budget issues contact:

Eileen Bermudez
Office of Financial Resources, Division of Grants Management
Substance Abuse and Mental Health Services Administration
(240) 276-1412
FOACSAT@samhsa.hhs.gov
Appendix A – Application and Submission Requirements

**WARNING:** If your organization is not registered and you do not have an active eRA Commons PD/PI account by the deadline, the application will NOT be accepted. **No exceptions will be made.**

All applicants must register with NIH’s eRA Commons in order to submit an application. **This process takes up to six weeks.** If you believe you are interested in applying for this opportunity, you MUST start the registration process immediately. Do not wait to start this process.

Applicants also must register with the System for Award Management (SAM) and Grants.gov (see below for all registration requirements).

1. **GET REGISTERED**

   You are required to complete **four (4) registration processes:**

   1. Dun & Bradstreet Data Universal Numbering System (to obtain a DUNS number);
   2. System for Award Management (SAM);
   3. Grants.gov; and
   4. eRA Commons.

If this is your first time submitting an application, you must complete all four registration processes. If you have already completed registrations for DUNS, SAM, and Grants.gov, you need to ensure that your accounts are still active, and then register in eRA Commons. If you have not registered in Grants.gov, the registration for Grants.gov and eRA Commons can be done concurrently. You must register in eRA Commons and receive a Commons Username in order to have access to electronic submission, receive notifications on the status of your application, and retrieve grant information. **If your organization is not registered and does not have an active eRA Commons PI account by the deadline, the application will not be accepted.**

The organization must maintain an active and up-to-date SAM and DUNS registrations in order for SAMHSA to make an award. If your organization is not compliant when SAMHSA is ready to make an award, SAMHSA may determine that your organization is not qualified to receive an award and use that determination as the basis for making an award to another applicant.

1.1 **Dun & Bradstreet Data Universal Numbering System (DUNS) Registration**

SAMHSA applicants are required to obtain a valid DUNS Number, also known as the Unique Entity Identifier, and provide that number in the application. Obtaining a DUNS number is easy and there is no charge.

To obtain a DUNS number, access the Dun and Bradstreet website at: [http://www.dnb.com](http://www.dnb.com) or call 1-866-705-5711. To expedite the process, let Dun and
Bradstreet know that you are a public/private nonprofit organization getting ready to submit a federal grant application. The DUNS number you use on your application must be registered and active in the System for Award Management (SAM).

1.2 System for Award Management (SAM) Registration

You must also register with the System for Award Management (SAM) and continue to maintain active SAM registration with current information during the period of time your organization has an active federal award or an application under consideration by an agency (unless you are an individual or federal agency that is exempted from those requirements under 2 CFR § 25.110(b) or (c), has an exception approved by the agency under 2 CFR § 25.110(d)). To create a SAM user account, Register/Update your account, and/or Search Records, go to https://www.sam.gov.

It is also highly recommended that you renew your account prior to the expiration date. SAM information must be active and up-to-date, and should be updated at least every 12 months to remain active (for both recipients and sub-recipients). Once you update your record in SAM, it will take 48 to 72 hours to complete the validation processes. Grants.gov rejects electronic submissions from applicants with expired registrations.

If your SAM account expires, the renewal process requires the same validation with IRS and DoD (Cage Code) as a new account requires. The renewal process can take up to one month.

1.3 Grants.gov Registration

Grants.gov is an online portal for submitting federal grant applications. It requires a one-time registration in order to submit applications. While Grants.gov registration is a one-time only registration process, it consists of multiple sub-registration processes (i.e., DUNS number and SAM registrations) before you can submit your application. [Note: eRA Commons registration is separate].

If you have already completed Grants.gov registration and ensured your Grants.gov and SAM accounts are up-to-date and/or renewed, please skip this section and focus on the eRA Commons registration steps noted below. If this is your first time submitting an application through Grants.gov, registration information can be found at the Grants.gov "Applicants" tab.

The person submitting your application must be properly registered with Grants.gov as the Authorized Organization Representative (AOR) for the specific DUNS number cited on the SF-424 (first page). See the Organization Registration User Guide for details at the following Grants.gov link: http://www.grants.gov/web/grants/applicants/organization-registration.html.
### 1.4 eRA Commons Registration

eRA Commons is an online interface managed by NIH that allows applicants, recipients, and federal staff to securely share, manage, and process grant-related information. Organizations applying for SAMHSA funding must register in eRA Commons. This is a one-time registration, separate from Grants.gov registration. In addition to the organization registration, Business Officials and Program Directors listed as key personnel on SAMHSA applications must have an account in eRA Commons and receive a Commons ID in order to have access to electronic submission and retrieval of application/grant information. It is strongly recommended that you start the eRA Commons registration process **at least six (6) weeks** prior to the application due date.

**If your organization is not registered and does not have an active eRA Commons PI account by the deadline, the application will not be accepted.**

For organizations registering with eRA Commons for the first time, either the Authorized Organization Representative (AOR) from the SF-424 or the Business Official (BO) from the HHS Checklist must complete the online [Institution Registration Form](#). Instructions on how to complete the online Institution Registration Form is provided on the eRA Commons Online Registration Page.

[Note: You must have a valid and verifiable DUNS number to complete the eRA Commons registration.]

After the organization’s representative (AOR or BO) completes the online Institution Registration Form and clicks Submit, the eRA Commons will send an e-mail notification from [era-notify@mail.nih.gov](mailto:era-notify@mail.nih.gov) with the link to confirm the email address. Once the e-mail address is verified, the registration request will be reviewed and confirmed via email. If your request is denied, the representative will receive an email detailing the reason for the denial. If the request is approved, the representative will receive an email with a Commons User ID for the Signing Official account (‘SO’ role). The representative will receive a separate email pertaining to this SO account containing its temporary password used for first-time log in. The representative will need to log into Commons with the temporary password, at which time the system will provide prompts to change the temporary password to one of their choosing. Once the designated contact Signing Official (SO) signs the registration request, the organization will be active in Commons. The Signing Official can then create additional accounts for the organization as needed. Organizations can have multiple user accounts with the SO role, and any user with the SO role will be able to create and maintain additional accounts for the organization’s staff, including accounts for those designated as Program Directors (PI role) and other Business Officials (SO role).

**Important**: The eRA Commons requires organizations to identify at least one SO, who can be either the AOR from the SF-424 or the BO from the HHS Checklist, and at least one Program Director/Principal Investigator (PD/PI) account in order to submit an application. The primary SO must create the account for the PD/PI listed as the PD/PI role on the HHS Checklist assigning that person the ‘PI’ role in Commons. Note that you
must enter the PD/PI’s Commons Username into the ‘Applicant Identifier’ field of the SF-424 document.

You can find additional information about the eRA Commons registration process at https://era.nih.gov/reg_accounts/register_commons.cfm.

2. APPLICATION COMPONENTS

You must complete your application using eRA ASSIST, Grants.gov Workspace or another system to system (S2S) provider. You will also need to go to the SAMHSA website to download the required documents you will need to apply for a SAMHSA grant or cooperative agreement.

2.1 Additional Documents for Submission (SAMHSA Website)

You will find additional materials you will need to complete your application on the SAMHSA website at http://www.samhsa.gov/grants/applying/forms-resources.

For a full list of required application components, refer to Section II-3.1, Required Application Components.

3. WRITE AND COMPLETE APPLICATION

After downloading and retrieving the required application components and completing the registration processes, it is time to write and complete your application. All files uploaded with the Grants.gov application MUST be in Adobe PDF file format. Directions for creating PDF files can be found on the Grants.gov website. Please see Appendix B for all application formatting and validation requirements. Applications that do not comply with these requirements will be screened out and will not be reviewed.

SAMHSA strongly encourages you to sign up for Grants.gov email notifications regarding this FOA. If the FOA is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

3.1 Required Application Components

Standard Application Components

Applications must include the following required application components listed in the table below. This table consists of a full list of standard application components, a description of each required component, and its source for application submission.
<table>
<thead>
<tr>
<th>#</th>
<th>Standard Application Components</th>
<th>Description</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>SF-424 (Application for Federal Assistance) Form</td>
<td>This form must be completed by applicants for all SAMHSA grants and cooperative agreements.</td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>2</td>
<td>SF-424 A (Budget Information – Non-Construction Programs) Form</td>
<td>Use SF-424A. Fill out Sections A, B, D and E of the SF-424A. Section C should only be completed if applicable. <strong>It is highly recommended that you use the sample budget format in the FOA.</strong></td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>3</td>
<td>HHS Checklist Form</td>
<td>The HHS Checklist ensures that you have obtained the proper signatures, assurances, and certifications. You are not required to complete the entire form, but please include the top portion of the form (&quot;Type of Application&quot;) indicating if this is a new, noncompeting continuation, competing continuation, or supplemental application; the Business Official and Program Director/Project Director/Principal Investigator contact information (Part C); and your organization’s nonprofit status (Part D, if applicable). All SAMHSA Notices of Award (NoAs) will be emailed by SAMHSA via NIH’s eRA Commons to the Project Director/Principal Investigator (PD/PI), and Signing Official/Business Official (SO/BO).</td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>4</td>
<td>Project/Performance Site Location(s) Form</td>
<td>The purpose of this form is to collect location information on the site(s) where work funded under this grant announcement will be performed.</td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>5</td>
<td>Project Abstract Summary</td>
<td>Your total abstract must not be longer than 35 lines. It should include the project name, population(s) to be served (demographics and clinical characteristics), strategies/interventions, project goals and measurable objectives, including the number of people to be served annually and throughout the lifetime of the project, etc. In the first five lines or less of your abstract, write a summary of your project that can be used, if your project is funded, in publications, reports to Congress, or press releases.</td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>6</td>
<td>Project Narrative Attachment</td>
<td>The Project Narrative describes your project. The application must address how your organization will implement and meet the goals and objectives of the program. You must attach the Project Narrative file (Adobe PDF format only) inside the Project Narrative Attachment Form.</td>
<td>ASSIST, Workspace, or other S2S provider</td>
</tr>
<tr>
<td>7</td>
<td>Budget Justification and Narrative Attachment</td>
<td>You must include a detailed Budget Narrative in addition to the Budget Form SF-424A. In preparing the budget, adhere to any existing federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different</td>

</tbody>
</table>
4. SUBMIT APPLICATION

4.1 Electronic Submission (eRA ASSIST, Grants.gov Workspace, or other S2S provider)

After completing all required registration and application requirements, SAMHSA requires applicants to **electronically submit** using eRA ASSIST, Grants.gov Workspace or another system to system (S2S) provider. Information on each of these options is below:

1) **ASSIST** – The Application Submission System and Interface for Submission Tracking (ASSIST) is an NIH sponsored online interface used to prepare applications using the SF424 form set, submit electronically through Grants.gov to SAMHSA and other participating agencies, and track grant applications. [Note: ASSIST requires an eRA Commons ID to access the system]

2) **Grants.gov Workspace** – You can use the shared, online environment of the Grants.gov Workspace to collaboratively work on different forms within the application.

The specific actions you need to take to submit your application will vary by submission method as listed above. The steps to submit your application are as follows:

To submit to Grants.gov using ASSIST: eRA Modules, User Guides, and Documentation | Electronic Research Administration (eRA)

To submit to Grants.gov using the Grants.gov Workspace:

Regardless of the option you use, your application will be subject to the same registration requirements, completed with the same data items, routed through Grants.gov, validated against the same agency business rules, assembled in a consistent format for review consideration, and tracked in eRA Commons. All applications that are successfully submitted must be validated by Grants.gov before proceeding to the NIH eRA Commons system and validations.

On-time submission requires that electronic applications be error-free and made available to SAMHSA for processing from the NIH eRA system on or before the application due date and time. Applications must be submitted to and validated successfully by Grants.gov and eRA Commons no later than **11:59 PM** Eastern Time on the application due date.

You are strongly encouraged to allocate additional time prior to the submission deadline to submit your application and to correct errors identified in the validation process. You are also encouraged to check the status of your application submission to determine if the application is complete and error-free.
If you encounter problems when submitting your application in Grants.gov, you must attempt to resolve them by contacting the Grants.gov Service Desk at the following:

- By e-mail: support@grants.gov
- By phone: (toll-free) 1-800-518-4726 (1-800-518-GRANTS). The Grants.gov Contact Center is available 24 hours a day, 7 days a week, excluding federal holidays.

**Make sure you receive a case/ticket/reference number that documents the issues/problems with Grants.gov.**

Additional support is also available from the NIH eRA Service desk at:

- By e-mail: http://grants.nih.gov/support/index.html
- By phone: 301-402-7469 or (toll-free) 1-866-504-9552. The NIH eRA Service desk is available Monday – Friday, 7 a.m. to 8 p.m. Eastern Time, excluding federal holidays.

If you experience problems accessing or using ASSIST (see below), you can:

- Access the ASSIST Online Help Site at: https://era.nih.gov/erahelp/assist/
- Or contact the NIH eRA Service Desk

SAMHSA highly recommends that you submit your application 24-72 hours before the submission deadline. Many submission issues can be fixed within that time and you can attempt to re-submit.

### 4.2 Waiver of Electronic Submission

SAMHSA will not accept paper applications except under very special circumstances. If you need special consideration, SAMHSA must approve the waiver of this requirement in advance.

If you do not have the technology to apply online, or your physical location has no Internet connection, you may request a waiver of electronic submission. You must send a written request to the Division of Grant Review at least 15 calendar days before the application's due date.

Direct any questions regarding the submission waiver process to the Division of Grant Review at 240-276-1199.

### 5. AFTER SUBMISSION

#### 5.1 System Validations and Tracking

After you complete and comply with all registration and application requirements and submit your application, the application will be validated by Grants.gov. You will receive a notification that your application is being processed. You will receive two additional e-
mails from Grants.gov within the next 24-48 hours (one notification email will confirm receipt of the application in Grants.gov, and the other notification email will indicate that the application was either successfully validated by the Grants.gov system or rejected due to errors). It is important that you retain this Grants.gov tracking number. Receipt of the Grants.gov tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance (see resources for assistance in 4.1).

If Grants.gov identifies any errors and rejects your application with a “Rejected with Errors” status, you must address all errors and submit again. If no problem is found, Grants.gov will allow the eRA system to retrieve the application and check it against its own agency business rules (eRA Commons Validations). If you use ASSIST to complete your application, you are able to validate your application and fix errors before submission.

After you successfully submit your application through Grants.gov, your application will go through eRA Commons validations. You must check your application status in eRA Commons. You must have an eRA Commons ID in order to have access to electronic submission and retrieval of application/grant information.

If no errors are found, the application will be assembled in the eRA Commons. At this point, you can view your application in eRA commons. It will then be forwarded to SAMHSA as the receiving institution for further review. If errors are found, you will receive a System Error and/or Warning notification regarding the problems found in the application. You must take action to make the required corrections, and re-submit the application through Grants.gov before the application due date and time.

You are responsible for viewing and tracking your applications in the eRA Commons after submission through Grants.gov to ensure accurate and successful submission. Once you are able to access your application in the eRA Commons, be sure to review it carefully as this is what reviewers will see.

5.2 eRA Commons: Warning vs. Error Notifications

You may receive a System Warning and/or Error notification after submitting an application. Take note that there is a distinction between System Errors and System Warnings.

Warnings – If you receive a Warning notification after the application is submitted, you are not required to resubmit the application. The reason for the Warning will be identified in the notification. It is at your discretion to choose to resubmit, but if the application was successfully received, it does not require any additional action.

Errors – If you receive an Error notification after the applications is submitted, you must correct and resubmit the application. The word Error is used to characterize any
condition which causes the application to be deemed unacceptable for further consideration.

5.3 System or Technical Issues

If you encounter a system error that prevents you from completing the application submission process on time, the BO from your organization will receive an email notification from eRA Commons. SAMHSA highly recommends contacting the eRA Service Desk and submitting a web ticket to document your good faith attempt to submit your application, and determining next steps. See 4.1 for more information on contacting the eRA Service Desk.

5.4 Resubmitting a Changed/Corrected Application

If SAMHSA does not receive your application by the application due date as a result of a failure in the SAM, Grants.gov, or NIH’s eRA Commons systems, you must contact the Division of Grant Review within one business day after the official due date at: dgr.applications@samhsa.hhs.gov and provide the following:

- A case number or email from SAM, Grants.gov, and/or NIH’s eRA system that allows SAMHSA to obtain documentation from the respective entity for the cause of the error.

SAMHSA will consider the documentation to determine if you followed Grants.gov and NIH’s eRA requirements and instructions, met the deadlines for processing paperwork within the recommended time limits, met FOA requirements for submission of electronic applications, and made no errors that caused submission through Grants.gov or NIH’s eRA to fail. No exceptions for submission are allowed when user error is involved. Please note that system errors are extremely rare.

[Note: When resubmitting an application, please ensure that the Project Title is identical to the Project Title in the originally submitted application (i.e., no extra spacing) as the Project Title is a free-text form field.]
Appendix B - Formatting Requirements and System Validation

1. SAMHSA FORMATTING REQUIREMENTS

SAMHSA’s goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA’s obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. See below for a list of formatting requirements required by SAMHSA:

- Text must be legible. Pages must be typed in black, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. You may use Times New Roman 10 only for charts or tables.

- You must submit your application and all attached documents in Adobe PDF format or your application will not be forwarded to eRA Commons and will not be reviewed.

- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.

- Black print should be used throughout your application, including charts and graphs (no color).

- The page limits for Attachments stated in the FOA: Section IV-1 should not be exceeded.

If you are submitting more than one application under the same announcement number, you must ensure that the Project Title in Field 15 of the SF-424 is unique for each submission.

2. GRANTS.GOV FORMATTING AND VALIDATION REQUIREMENTS

- Grants.gov allows the following list of UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, and period. Other UTF-8 characters should not be used as they will not be accepted by NIH’s eRA Commons, as indicated in item #10 in the table below.

- Scanned images must be scanned at 150-200 dpi/ppi resolution and saved as a PDF file. Using a higher resolution setting or different file type will result in a larger file size, which could result in rejection of your application.

- Any files uploaded or attached to the Grants.gov application must be PDF file format and must contain a valid file format extension in the filename. In
addition, the use of compressed file formats such as ZIP, RAR or Adobe Portfolio will not be accepted.

3. eRA COMMONS FORMATTING AND VALIDATION REQUIREMENTS

The following table is a list of formatting requirements and system validations required by eRA Commons and will result in errors if not met. The application must be ‘error free’ to be processed through the eRA Commons. There may be additional validations which will result in Warnings but these will not prevent the application from processing through the submission process.

If you do not adhere to these requirements, you will receive an email notification from era-notify@mail.nih.gov to take action and adhere to the requirements so that your application can be processed successfully. It is highly recommended that you submit your application 24-72 hours before the submission deadline to allow for sufficient time to correct errors and resubmit the application. If you experience any system validation or technical issues after hours on the application due date, contact the eRA Service Desk and submit a Web ticket to document your good-faith attempt to submit your application.

<table>
<thead>
<tr>
<th>#</th>
<th>eRA Validations</th>
<th>Action if the Validation is not met</th>
</tr>
</thead>
</table>
| 1 | Applicant Identifier: The Commons Username provided in the PD/PI Credential field for the PD/PI must be valid and affiliated with the organization (matching on the Org Primary DUNS). | If the PD/PI Credentials are not provided, the applicant will receive the following error message from eRA Commons: "The Commons Username must be provided in the Applicant Identifier field for the PD/PI."  
If the Username provided is not a valid Commons account, the applicant will receive the following error message from eRA Commons: "The Commons Username provided in the Applicant Identifier is not a recognized Commons account."  
If the Username is not affiliated with the organization submitting the application and have the PI role, the applicant will receive the following error message from eRA Commons: "The Commons account provided in the Applicant Identifier field for the PD/PI is either not affiliated with the applicant organization or does not hold the PI role. Check with your Commons Account Administrator to make sure your account affiliation and roles are set-up correctly." |
<table>
<thead>
<tr>

<th>Action if the Validation is not met</th>
</tr>
</thead>
</table>
| 2 | DUNS numbers: The DUNS number provided on any forms must have valid characters (9 or 13 numbers with or without dashes). | If the DUNS number provided has invalid characters (other than 9 or 13 numbers) after stripping of dashes, the applicant will receive the following error message from eRA Commons:  
“The DUNs number for <insert form name > is not in the valid format of DUNS or DUNS+4 number (DUNS should be 9 or 13 digits; no letters or special characters).” |
| 3 | Submit required documentation for the FOA. | If you do not submit the documentation (forms) required for the FOA, the applicant will receive the following error message from eRA Commons:  
“The format of the application does not match the format of the FOA. Please contact the eRA Service Desk for assistance.” |
| 4 | Check the “Changed/Corrected Application” box in the SF424 form after making changes/corrections to resubmit an application.  
Refer to Section II-5.4 for more information on resubmission criteria. | If you change or correct an error in your application, but do not select “Changed/Corrected”, any subsequent submissions for the same FOA will result in an error, and the applicant will receive the following error message from eRA Commons:  
“This application has been identified as a duplicate of a previous submission. The ‘Type of Submission’ should be set to Changed/Corrected if you are addressing errors/warnings.” |
| 5 | Applications cannot be larger than 1.2GB | If the application exceeds 1.2GB, the applicant will receive the following error message from eRA Commons:  
“The application did not follow the agency-specific size limit of 1.2 GB. Please resize the application to be no larger than 1.2GB before submitting.” |
| 6 | The Funding Opportunity Announcement (FOA) number must exist. | If you enter an FOA number that does not exist, the applicant will receive the following error message from eRA Commons:  
“The Funding Opportunity Announcement number does not exist.” |
| 7 | All documents and attachments must be in PDF format. | If you submit attachments which are not in PDF format, the applicant will receive the following error message from eRA Commons:  
“The <attachment> attachment is not in PDF format. All attachments must be provided to the agency in PDF format with a .pdf extension. Help with PDF attachments can be found at [http://grants.nih.gov/grants/ElectronicReceipt/pdf_guidelines.htm](http://grants.nih.gov/grants/ElectronicReceipt/pdf_guidelines.htm).” |

Appendix C – Developing Goals and Measurable Objectives

To be able to effectively evaluate your project, it is critical that you develop realistic goals and measurable objectives. This appendix provides information on developing goals and objectives. It also provides examples of well-written goals and measurable objectives.

**GOALS**

**Definition** – a goal is a broad statement about the long-term expectation of what should happen as a result of your program (the desired result). It serves as the foundation for developing your program objectives. Goals should align with the statement of need that is described. Goals should only be one sentence.

The characteristics of effective goals include:

- Goals address outcomes, not how outcomes will be achieved;
- Goals describe the behavior or condition in the community expected to change;
- Goals describe who will be affected by the project;
- Goals lead clearly to one or more measurable results; and
- Goals are concise.

**Examples**

<table>
<thead>
<tr>
<th>Unclear Goal</th>
<th>Critique</th>
<th>Improved Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increase the substance abuse and HIV/AIDS prevention capacity of the local school district</td>
<td>This goal could be improved by specifying an expected program effect in reducing a health problem</td>
<td>Increase the capacity of the local school district to reduce high-risk behaviors of students that may contribute to substance abuse and/or HIV/AIDS</td>
</tr>
<tr>
<td>Decrease the prevalence of marijuana, alcohol, and prescription drug use among youth in the community by increasing the number of schools that implement effective policies, environmental change, intensive training of teachers, and educational approaches to address high-risk behaviors, peer pressure, and tobacco use.</td>
<td>This goal is not concise</td>
<td>Decrease youth substance use in the community by implementing evidence-based programs within the school district that address behaviors that may lead to the initiation of use.</td>
</tr>
</tbody>
</table>

**OBJECTIVES**

**Definition** – Objectives describe the results to be achieved and the manner in which they will be achieved. Multiple objectives are generally needed to address a single goal. Well-written objectives help set program priorities and targets for progress and accountability. It is recommended that you avoid verbs that may have vague meanings
to describe the intended outcomes, like “understand” or “know” because it may prove
difficult to measure them. Instead, use verbs that document action, such as: “By the
end of 2019, 75% of program participants will be placed in permanent housing.”

In order to be effective, objectives should be clear and leave no room for interpretation.
SMART is a helpful acronym for developing objectives that are specific, measurable,
achievable, realistic, and time-bound:

**Specific** – Includes the “who” and “what” of program activities. Use only one action verb
to avoid issues with measuring success. For example, “Outreach workers will administer
the HIV risk assessment tool to at least 100 injection drug users in the population of
focus” is a more specific objective than “Outreach workers will use their skills to reach
out to drug users on the street.”

**Measurable** – How much change is expected. It must be possible to count or otherwise
quantify an activity or its results. It also means that the source of and mechanism for
collecting measurement data can be identified and that collection of the data is feasible
for your program. A baseline measurement is required to document change (e.g., to
measure the percentage of increase or decrease). If you plan to use a specific
measurement instrument, it is recommended that you incorporate its use into the
objective. Example: By 9/18 increase by 10% the number of 8th, 9th, and 10th grade
students who disapprove of marijuana use as measured by the annual school youth
survey.

**Achievable** – Objectives should be attainable within a given time frame and with
available program resources. For example, “The new part-time nutritionist will meet with
seven teenage mothers each week to design a complete dietary plan” is a more
achievable objective than “Teenage mothers will learn about proper nutrition.”

**Realistic** – Objectives should be within the scope of the project and propose
reasonable programmatic steps that can be implemented within a specific time frame.
For example, “Two ex-gang members will make one school presentation each week for
two months to raise community awareness about the presence of gangs” is a more
realistic objective than “Gang-related violence in the community will be eliminated.”

**Time-bound** – Provide a time frame indicating when the objective will be measured or a
time by when the objective will be met. For example, “Five new peer educators will be
recruited by the second quarter of the first funding year” is a better objective than “New
peer educators will be hired.”
Examples:

<table>
<thead>
<tr>
<th>Non-SMART Objective</th>
<th>Critique</th>
<th>SMART Objective</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teachers will be trained on the selected evidence-based substance abuse prevention curriculum.</td>
<td>The objective is not SMART because it is not specific, measurable, or time-bound. It can be made SMART by specifically indicating who is responsible for training the teachers, how many will be trained, who they are, and by when the trainings will be conducted.</td>
<td>By June 1, 2019, LEA supervisory staff will have trained 75% of health education teachers in the local school district on the selected, evidence-based substance abuse prevention curriculum.</td>
</tr>
<tr>
<td>90% of youth will participate in classes on assertive communication skills.</td>
<td>This objective is not SMART because it is not specific or time-bound. It can be made SMART by indicating who will conduct the activity, by when, and who will participate in the lessons on assertive communication skills.</td>
<td>By the end of the 2019 school year, district health educators will have conducted classes on assertive communication skills for 90% of youth in the middle school receiving the substance abuse and HIV prevention curriculum.</td>
</tr>
<tr>
<td>Train individuals in the community on the prevention of prescription drug/opioid overdose-related deaths.</td>
<td>This objective is not SMART as it is not specific, measurable or time-bound. It can be made SMART by specifically indicating who is responsible for the training, how many people will be trained, who they are, and by when the training will be conducted.</td>
<td>By the end of year two of the project, the Health Department will have trained 75% of EMS staff in the County Government on the selected curriculum addressing the prevention of prescription drug/opioid overdose-related deaths.</td>
</tr>
</tbody>
</table>
Appendix D – Developing the Plan for Data Collection, Performance Assessment, and Quality Improvement

Information in this Appendix should be taken into consideration when developing a response for criteria in Section D.

Data Collection:

In describing your plan for data collection, consider addressing the following points:

- The electronic data collection software that will be used;
- How often data will be collected;
- The organizational processes that will be implemented to ensure the accurate and timely collection and input of data;
- The staff that will be responsible for collecting and recording the data;
- The data source/data collection instruments that will be used to collect the data;
- How well the data collection methods will take into consideration the language, norms and values of the population(s) of focus;
- How will the data be kept secure;
- If applicable, how will the data collection procedures ensure that confidentiality is protected and that informed consent is obtained; and
- If applicable, how data will be collected from partners, sub-awardees.

It is not necessary to provide information related to data collection and performance measurement in a table but the following samples may give you some ideas about how to display the information.

*Table 1 provides an example of how information for the required performance measures could be displayed.*

<table>

Data Management, Tracking, Analysis, and Reporting:

Points to consider:

Data management:

- How data will be protected, including information about who will have access to data;
- How will data be stored.

Data tracking:

- The staff member who will be responsible for tracking the performance measures and measurable objectives.

Data analysis:

- Who will be responsible for conducting the data analysis, including the role of the Evaluator;
- What data analysis methods will be used.

Data reporting:

- Who will be responsible for completing the reports;
- How will the data be reported to staff, stakeholders, SAMHSA, Advisory Board, and other relevant project partners.

Performance Assessment:
Points to consider:

- Information on how frequently performance data will be reviewed;
- How you will use this data to monitor and evaluate activities and processes and to assess the progress that has been made achieving the goals and objectives; and
- Who will be responsible for conducting the performance assessment.

Quality Improvement:

Points to consider:

- If applicable, the QI model that will be used;
- How will the QI process be used to track progress;
- The staff members who will be responsible for overseeing these processes;
- How you will implement any needed changes in project implementation and/or project management;
  - What decision-making processes will be used;
  - When and by whom will decisions be made concerning project improvement;
  - What are the thresholds for determining that changes need to be made;
- Will the Advisory Board have a role in the QI process; and
- How will the changes be communicated to staff and/or partners/sub-awardees.
Appendix E – Biographical Sketches and Position Descriptions

Include position descriptions for the Project Director and all key personnel. Position descriptions should be no longer than one page each.

For staff members, who have been identified, include a biographical sketch for the Project Director and other key positions. Each sketch should be two pages or less.

Biographical Sketch

Existing curricula vitae of project staff members may be used if they are updated and contain all items of information requested below. You may add any information items listed below to complete existing documents. For development of new curricula vitae include items below in the most suitable format:

1. Name of staff member
2. Educational background: school(s), location, dates attended, degrees earned (specify year), major field of study
3. Professional experience
4. Honors received and dates
5. Recent relevant publications

Position Description

1. Title of position
2. Description of duties and responsibilities
3. Qualifications for position
4. Supervisory relationships
5. Skills and knowledge required
6. Amount of travel and any other special conditions or requirements
7. Salary range
8. Hours per day or week
Appendix F – Addressing Behavioral Health Disparities

SAMHSA expects recipients to utilize their data to: (1) identify the number of individuals to be served during the grant period and identify subpopulations (i.e., racial, ethnic, sexual, and gender minority groups) vulnerable to behavioral health disparities; (2) implement a quality improvement plan for the use of program data on access, use, and outcomes to support efforts to decrease the differences in access to, use, and outcomes of service activities; and (3) identify methods for the development of policies and procedures to ensure adherence to the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care.

Definition of Health Disparities:

Healthy People 2020 defines a health disparity as a “particular type of health difference that is closely linked with social, economic, and/or environmental disadvantage. Health disparities adversely affect groups of people who have systematically experienced greater obstacles to health based on their racial or ethnic group; religion; socioeconomic status; gender; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity; geographic location; or other characteristics historically linked to discrimination or exclusion.”

Subpopulations

SAMHSA grant applicants are routinely asked to define the population they intend to serve given the focus of a particular grant program (e.g., adults with serious mental illness [SMI] at risk for chronic health conditions; young adults engaged in underage drinking; populations at risk for contracting HIV/AIDS, etc.). Within these populations of focus are subpopulations that may have disparate access to, use of, or outcomes from provided services. These disparities may be the result of differences in language, beliefs, norms, values, and/or socioeconomic factors specific to that subpopulation. For instance, Latino adults with SMI may be at heightened risk for metabolic disorder due to lack of appropriate in-language primary care services; Native American youth may have an increased incidence of underage drinking due to coping patterns related to historical trauma within the Native American community; and African American women may be at greater risk for contracting HIV/AIDS due to lack of access to education on risky sexual behaviors in urban low-income communities. While these factors might not be pervasive among the general population served by a recipient, they may be predominant among subpopulations or groups vulnerable to disparities. It is imperative that recipients understand who is being served within their community in order to provide care that will yield positive outcomes, per the focus of that grant. In order for organizations to attend to the potentially disparate impact of their grant efforts, recipients are asked to address access, use and outcomes for subpopulations, which can be defined by the following factors:

- By race
- By ethnicity
• By gender (including transgender populations)
• By sexual orientation (including lesbian, gay and bisexual populations)

The ability to address the quality of care provided to subpopulations served within SAMHSA’s grant programs is enhanced by programmatic alignment with the federal CLAS standards.

National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care

The National CLAS standards were initially published in the Federal Register on December 22, 2000. Culturally and linguistically appropriate health care and services, broadly defined as care and services that are respectful of and responsive to the cultural and linguistic needs of all individuals, is increasingly seen as essential to reducing disparities and improving health care quality. The National CLAS Standards have served as catalyst and conduit for the evolution of the field of cultural and linguistic competency over the course of the last 12 years. In recognition of these changes in the field, the HHS Office of Minority Health undertook the National CLAS Standards Enhancement Initiative from 2010 to 2012.

The enhanced National CLAS Standards seek to set a new bar in improving the quality of health to our nation’s ever diversifying communities. Enhancements to the National CLAS Standards include the broadening of the definitions of health and culture, as well as an increased focus on institutional governance and leadership. The enhanced National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care are comprised of 15 Standards that provide a blueprint for health and health care organizations to implement culturally and linguistically appropriate services that will advance health equity, improve quality, and help eliminate health care disparities.

You can learn more about the CLAS mandates, guidelines, and recommendations at: [http://www.ThinkCulturalHealth.hhs.gov](http://www.ThinkCulturalHealth.hhs.gov).

Appendix G – Standard Funding Restrictions

HHS codified the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards*, 45 CFR Part 75. In Subpart E, cost principles are described and allowable and unallowable expenditures for HHS recipients are delineated. 45 CFR Part 75 is available at [http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles](http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles). Unless superseded by program statute or regulation, follow the cost principles in 45 CFR Part 75 and the standard funding restrictions below.

SAMHSA grant funds may not be used to:

- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to $75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)

- Provide residential or outpatient treatment services when the facility has not yet been acquired, sited, approved, and met all requirements for human habitation and services provision. (Expansion or enhancement of existing residential services is permissible.)

- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.

- Make direct payments to individuals to enter treatment or continue to participate in prevention or treatment services.
  
  Note: A recipient or treatment or prevention provider may provide up to $30 non-cash incentive to individuals to participate in required data collection follow up. This amount may be paid for participation in each required follow up interview.

- Meals are generally unallowable unless they are an integral part of a conference grant or specifically stated as an allowable expense in the FOA. Grant funds may be used for light snacks, not to exceed $3.00 per person.

- Consolidated Appropriations Action, 2017 (Public Law 115-31) Division H, Section 520, notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to purchase sterile needles or syringes for the hypodermic injection of any illegal drug. Provided, That such limitation does not apply to the use of funds for elements of a program other than making such...
purchases if the relevant State or local health department, in consultation with
the Centers for Disease Control and Prevention, determines that the State or
local jurisdiction, as applicable, is experiencing, or is at risk for, a significant
increase in hepatitis infections or an HIV outbreak due to injection drug use, and
such program is operating in accordance with state and local law.

• Pay for pharmaceuticals for HIV antiretroviral therapy, sexually transmitted
diseases (STD)/sexually transmitted illnesses (STI), tuberculosis (TB), and
hepatitis B and C, or for psychotropic drugs.
Appendix H – Intergovernmental Review (E.O. 12372)
Requirements

States with SPOCs

All SAMHSA grant programs are covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, states may design their own processes for reviewing and commenting on proposed federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs).

You do not need to do this if you are an American Indian/Alaska Native tribe or tribal organization. If your state participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the state’s review process. For proposed projects serving more than one state, you are advised to contact the SPOC of each affiliated state.

The SPOC should send any state review process recommendations to the following address within 60 days of the application deadline: Director, Division of Grants Management, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, Room 17E18, 5600 Fishers Lane, Rockville, MD 20857. ATTN: SPOC – Funding Announcement No. TI-19-005.

States without SPOCs

If your state does not have a SPOC and you are a community-based, non-governmental service provider, you must submit a Public Health System Impact Statement (PHSIS)1 to the head(s) of appropriate state and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS is intended to keep state and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a state or local government or American Indian/Alaska Native tribe or tribal organization, you are not subject to these requirements.

The PHSIS consists of the following information:

- A copy of the first page of the application (SF-424); and

1 Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the first page of SF-424 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0920-0428. Send comments regarding this burden to CDC Clearance Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428).
A summary of the project, no longer than one page in length that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate state or local health agencies.

For SAMHSA grants, the appropriate state agencies are the Single State Agencies (SSAs) for substance abuse and mental health. A listing of the SSAs for substance abuse and the SSAs for mental health can be found on SAMHSA’s website at http://www.samhsa.gov/grants/applying/forms-resources. If the proposed project falls within the jurisdiction of more than one state, you should notify all representative SSAs.

Review the FOA: Section IV-1, carefully to determine if you must include an attachment with a copy of a letter transmitting the PHSIS to the SSA. The letter must notify the state that, if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address: Christopher Craft, Director of Grant Review, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, Room 17E06, 5600 Fishers Lane, Rockville, MD 20857. ATTN: SSA – Funding Announcement No. TI-19-005.

In addition, applicants may request that the SSA send them a copy of any state comments. The applicant must notify the SSA within 30 days of receipt of an award.
Appendix I – Administrative and National Policy Requirements

If your application is funded, you must comply with all terms and conditions of the NoA. SAMHSA’s standard terms and conditions are available on the SAMHSA website.

HHS Grants Policy Statement (GPS)

If your application is funded, you are subject to the requirements of the HHS Grants Policy Statement (GPS) that are applicable based on recipient type and purpose of award. This includes any requirements in Parts I and II of the HHS GPS that apply to the award. The HHS GPS is available at [http://www.samhsa.gov/grants/grants-management/policies-regulations/hhs-grants-policy-statement](http://www.samhsa.gov/grants/grants-management/policies-regulations/hhs-grants-policy-statement). The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary (as specified in the NoA).

HHS Grant Regulations

If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 75. For more information see the SAMHSA website at [http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles](http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles).

Additional Terms and Conditions

Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:

- actions required to be in compliance with confidentiality and participant protection/human subjects requirements;
- requirements relating to additional data collection and reporting;
- requirements relating to participation in a cross-site evaluation;
- requirements to address problems identified in review of the application; or revised budget and narrative justification.

Performance Goals and Objectives

If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.
Accessibility Provisions for All Grant Application Packages and Funding Opportunity Announcements

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person’s race, color, national origin, disability, age and, in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency. HHS provides guidance to recipients of FFA on meeting their legal obligation to take reasonable steps to provide meaningful access to their programs by persons with limited English proficiency. See http://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/index.html. The HHS Office for Civil Rights also provides guidance on complying with civil rights laws enforced by HHS. See http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html; and http://www.hhs.gov/civil-rights/for-providers/index.html. Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. See http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html. Contact the HHS Office for Civil Rights for more information about obligations and prohibitions under federal civil rights laws at https://www.hhs.gov/ocr/about-us/contact-us/index.html or call 1-800-368-1019 or TDD 1-800-537-7697. Also note it is an HHS Departmental goal to ensure access to quality, culturally competent care, including long-term services and supports, for vulnerable populations. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care at https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=53.

Cultural and Linguistic Competence

Recipients of federal financial assistance (FFA) from HHS serve culturally and linguistically diverse communities that are not just defined by race or ethnicity, but also socio-economic status, sexual orientation, gender identity, physical and mental ability, age, and other factors. Organizational behaviors, practices, attitudes, and policies across all SAMHSA-supported entities respect and respond to the cultural diversity of communities, clients and students served.

If your application is funded, you must ensure access to quality health care for all. Quality care means access to services, information, and materials delivered by trained providers in a manner that factor in the language needs, health literacy, culture, and diversity of the populations served. Quality also means that data collection instruments used should adhere to culturally and linguistically appropriate norms. For additional information and guidance, refer to the National Standards for Culturally and Linguistically Appropriate Services (CLAS) published by the U.S. Department of Health and Human Services at https://www.thinkculturalhealth.hhs.gov/. Additional cultural/linguistic competency and health literacy tools, and resources are available online at http://www.samhsa.gov/capt/applying-strategic-prevention/cultural-competence

Acknowledgement of Federal Funding
As required by HHS appropriations acts, all HHS recipients must acknowledge Federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds. Recipients are required to state (1) the percentage and dollar amounts of the total program or project costs financed with Federal funds and (2) the percentage and dollar amount of the total costs financed by nongovernmental sources.

DOMA: Implementation of United States v. Windsor and Federal Recognition of Same-Sex Spouses/Marriages

A special term of award may be included in the final NoA that states: “On June 26, 2013, in United States v. Windsor, the Supreme Court held that section 3 of the Defense of Marriage Act (DOMA), which prohibited federal recognition of same-sex marriages, was unconstitutional. As a result of that decision and consistent with HHS policy, SAMHSA recognizes same-sex marriages and same-sex spouses on equal terms with opposite sex-marriages and opposite-sex spouses, regardless of where the couple resides. On June 26, 2015, in Obergefell v. Hodges, the Court held that the Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out-of-state. Consistent with both of these decisions, you must treat as valid the marriages of same-sex couples. This policy does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under state law as something other than a marriage.’’

Supplement Not Supplant

Grant funds may be used to supplement existing activities. Grant funds may not be used to supplant current funding of existing activities. “Supplant” is defined as replacing funding of a recipient’s existing program with funds from a federal grant.

Mandatory Disclosures

A term may be added to the NoA which states: Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the HHS awarding agency, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Sub-recipients must disclose, in a timely manner, in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the awarding agency and to the HHS OIG at the following addresses:

SAMHSA
Attention: Office of Financial Advisory Services
5600 Fishers Lane
Rockville, MD 20857
AND

U.S. Department of Health and Human
Services Office of Inspector General
ATTN: Mandatory Grant Disclosures, Intake
Coordinator
330 Independence Avenue, SW, Cohen Building
Room 5527
Washington, DC 20201

Fax: (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or email:
MandatoryGranteeDisclosures@oig.hhs.gov

Failure to make required disclosures can result in any of the remedies described in 45 CFR 75.371 Remedies for noncompliance; including suspension or debarment (See 2 CFR parts 180 & 376 and 31 U.S.C. 3321).”

System for Award Management (SAM) Reporting

A term may be added to the NoA that states: “In accordance with the regulatory requirements provided at 45 CFR 75.113 and Appendix XII to 45 CFR Part 75, recipients that have currently active federal grants, cooperative agreements, and procurement contracts with cumulative total value greater than $10,000,000, must report and maintain information in the System for Award Management (SAM) about civil, criminal, and administrative proceedings in connection with the award or performance of a federal award that reached final disposition within the most recent five-year period. The recipient also must make semiannual disclosures regarding such proceedings. Proceedings information will be made publicly available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)). Full reporting requirements and procedures are found in Appendix XII to 45 CFR Part 75.”

Drug-Free Workplace

A term may be added to the NoA that states: “You as the recipient must comply with drug-free workplace requirements in Subpart B (or Subpart C, if the recipient is an individual) of part 382, which adopts the Government-wide implementation (2 CFR part 182) of section 5152-5158 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701-707).”

Smoke-Free Workplace

The Public Health Service strongly encourages all award recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. Further, Public Law (P.L.) 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children.

Standards for Financial Management
Recipients are required to meet the standards and requirements for financial management systems set forth in 45 CFR part 75. The financial systems must enable the recipient to maintain records that adequately identify the sources of funds for federally assisted activities and the purposes for which the award was used, including authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and any program income. The system must also enable the recipient to compare actual expenditures or outlays with the approved budget for the award.

SAMHSA funds must retain their award-specific identity – they may not be commingled with state funds or other federal funds. [“Commingling funds” typically means depositing or recording funds in a general account without the ability to identify each specific source of funds for any expenditure.]

**Trafficking in Persons**

Awards issued by SAMHSA are subject to the requirements of Section 106(g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award term, go to [http://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions](http://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions).

NOTE: The signature of the AOR on the application serves as the required certification of compliance for your organization regarding the administrative and national policy requirements.

**Publications**

Recipients are required to notify the Government Project Officer (GPO) and SAMHSA’s Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication. In addition, SAMHSA requests that recipients:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.
- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.
Appendix J – Sample Budget and Justification (no match required)

All applications must have a detailed budget justification and narrative that explains the federal and the non-federal expenditures broken out by the object class cost categories listed on SF-424A – Section B (Budget Category) for non-construction awards.

- The budget narrative must match the costs identified on the SF-424A form and the total costs on the SF-424.
- The Budget Narrative and justification must be consistent with and support the Project Narrative.
- The Budget Narrative and justification must be concrete and specific. It must provide a justification for the basis of each proposed cost in the budget and how that cost was calculated. Examples to consider when justifying the basis of your estimates can be ongoing activities, market rates, quotations received from vendors, historical records. The proposed costs must be reasonable, allowable, allocable, and necessary for the supported activity.

Refer to the program specific Funding Restrictions/Limitations and the Standard Funding Restrictions in the FOA, as well as to 45 CFR Part 75 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75), for applicable administrative requirements and cost principles.

A SAMPLE BUDGET AND NARRATIVE JUSTIFICATION ARE PROVIDED AS WELL AS INSTRUCTIONS FOR COMPLETING THE SF-424A. YOU ARE STRONGLY ENCOURAGED TO USE THE SAMPLE BUDGET NARRATIVE STRUCTURE AS APPLICABLE. A SAMPLE OF A COMPLETED SF-424A IS PROVIDED AT THE END OF THIS APPENDIX.

A. Personnel

Provide the following information for the budget narrative and justification:

1. Position – Provide the title of the position and an explanation of the roles and responsibilities of the position as it relates to the objectives of the award supported project.
   a. The position must be relevant and allowable under the project.
   b. The salaries of facilities and administrative (F&A) administrative and clerical staff are normally treated as indirect costs (45 CFR §75.413c). Direct charging of these costs may be appropriate only if all of the following conditions are met:
      i. administrative/clerical services are directly integral to a project or activity;
      ii. individuals involved can be specifically identified with the project or activity; and
      iii. the costs are not also claimed as indirect costs.
2. **Name** – The name of the individual to serve in the position. If the position is vacant, identify the anticipated hire date.

   a. If the position is being performed by someone other than a full-time, part-time, or temporary employee of the applicant organization (e.g., consultant or contractor), the grant-supported position should be listed under the contracts category.

3. **Key Personnel** – Identify if the position is key personnel required by the FOA:

   a. Key staff positions require prior approval by SAMHSA after review of credentials and job descriptions.

4. **Salary/Rate** – The estimated annual salary or rate. If providing a rate, specify the time basis (e.g., hourly, weekly).

   a. Salaries should be comparable to those within your organization.
   b. If the position is not being charged to the Federal award, but the individual is working on the project identify the salary/rate as an “in-kind” cost.

5. **Level of Effort (LOE)** – The level of effort (percentage of time) that the position contributes to the project.

   a. Personnel cannot exceed 100% of their time on all active projects (including other Federal awards).
   b. You should ensure the cost of living increase is built into the budget and justified.

6. **Total Salary** – The total salary/amount each position is paid based on their contribution to the project.

   a. If the position is not being charged to the Federal award, identify the cost as $0.

The key staff positions identified in Section I-2 Expectations must be included in the Personnel section and/or the Contractual Section (F). In addition, the Project Director must be the same as the Project Director listed on the HHS Checklist.

**FEDERAL REQUEST – Sample Personnel Narrative**

**FEDERAL REQUEST (enter in Section B column 1, line 6a of SF-424A)** $52,765

**FEDERAL REQUEST – Sample Justification for Personnel**

1. The Project Director will provide daily oversight of the grant. This position is responsible for overseeing the implementation of the project activities, internal and external coordination, developing materials, and conducting meetings.
2. The Program Coordinator will coordinate project service and activities, including training, communication and information dissemination.

**B. Fringe Benefits**

Fringe benefits are allowances and services provided to employees as compensation in addition to regular salaries and wages. Fringe benefits charged to an award must comply with HHS regulations at 45 CFR §75.431 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75).

Provide the following information for the narrative and justification:

1. **Position** – The title of the position being charged to the award to which the fringe rate is being applied.
2. **Name** – The name of the individual associated with the position (note if the position is vacant.)
3. **Rate** – The total fringe benefit rate used and a clear description of how the computation of fringe benefits was done.
   a. The justification must detail the elements that comprise the fringe benefits, e.g., FICA, worker’s compensation. If a fringe benefit rate is not used, you should explain how the fringe benefits were computed for each position.
4. **Total Salary Charged to Award** – Use the amount provided under section A. Personnel (6).
5. **Total Fringe Charged to Award** – Provide total fringe amount based on the rate applied to the total salary charted to the award.

   a. Fringe benefits charged to the award can only reflect the percentage of time devoted to the project.
   b. Do not combine the fringe benefit costs with direct salaries and wages in the personnel category.

**FEDERAL REQUEST - Sample Fringe Benefits Narrative**

<table>
<thead>
<tr>
<th>Position</th>
<th>Name</th>
<th>Rate</th>
<th>Total Salary Charged to Award</th>
<th>Total Fringe Charged to Award</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project Director</td>
<td>Alice Doe</td>
<td>29.65%</td>
<td>$6,489</td>
<td>$1,924</td>

<tr>
<td>Program Coordinator</td>
<td>Vacant, to be hired within 60 days of anticipated award date.</td>
<td>29.65%</td>
<td>$46,276</td>
<td>$13,720</td>
</tr>
</tbody>
</table>

**FEDERAL REQUEST** (enter in Section B column 1, line 6b of SF-424A) $15,644

**FEDERAL REQUEST – Sample Justification for Fringe Benefits**

XYZ organization’s Fringe benefits are comprised of:

<table>
<thead>
<tr>
<th>Fringe Category</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Retirement</td>
<td>10%</td>
</tr>
<tr>
<td>FICA</td>
<td>7.65%</td>
</tr>
<tr>
<td>Insurance</td>
<td>6%</td>
</tr>
<tr>
<td>Social Security</td>
<td>6%</td>
</tr>
<tr>
<td>Total</td>
<td>29.65%</td>
</tr>
</tbody>
</table>

The fringe benefit rate for full-time employees for years one and two is calculated at 29.65%. For years three, four, and five is anticipated to increase to 31%.

**C. Travel**

Travel costs charged to an award must comply with HHS regulations at 45 CFR §75.474. If your organization does not have documented travel policies, the federal GSA rates must be used ([https://www.gsa.gov/portal/category/26429](https://www.gsa.gov/portal/category/26429)). If specific travel details are unknown, the basis for proposed costs should be explained (e.g., historical information).
Funds requested in the travel category should be only for project staff. Travel for consultants and contractors should be shown in the “Contract” cost category along with consultant/contractor fees. Because these costs are associated with contract-related work, they must be billed under the “Contract” cost category. Travel for training participants, advisory committees, and review panels should be itemized the same way as in this section but listed in the “Other” cost category.

Provide the following information for the narrative and justification:

1. **Purpose** – Briefly note the purpose of the travel, e.g., regional conference, training, site visit.
   a. The justification must identify the need for the travel if the travel is not specifically required by the FOA.
   b. The narrative description should include the purpose, why it is necessary and directly relates to the scope of work, number of trips planned, staff that will be making the trip, and approximate dates.

2. **Location** – specify the start and end locations of the trip
3. **Item** – specify the costs associated with travel, e.g., mode of transportation, accommodations, per diem.
4. **Rate Calculation** – specify the basis for the travel costs.
   a. For mileage, specify the number of miles and the cost per mile. For air transportation, specify the cost. For per diem, specify the number of days and daily cost. For lodging, specify the number of nights and daily cost.
   b. Costs for contingencies and miscellaneous costs are not allowable.
5. **Travel Cost Charged to Award** – provide the total cost of the travel to be charged to the award during the budget period.

**FEDERAL REQUEST – Sample Travel Narrative**

<table>
<thead>
<tr>
<th>Purpose (1)</th>
<th>Destination (2)</th>
<th>Item (3)</th>
<th>Calculation (4)</th>
<th>Travel Cost Charged to the Award (5)</th>
</tr>
</thead>
<tbody>

<td>$184</td>
</tr>
<tr>
<td>Local Travel</td>
<td></td>
<td>Mileage</td>
<td>3,000 miles @ .38/mile</td>
<td>$1,140</td>
</tr>
</tbody>
</table>

**FEDERAL REQUEST** - (enter in Section B column 1, line 6c of SF-424A) $2,444

**FEDERAL REQUEST: Sample Justification for Travel**
1. Two staff (Project Director and Evaluator) to attend mandatory recipient meeting in Washington, D.C.
2. Local travel is needed to attend local meetings, project activities, and training events. Local travel rate is based on organization’s policies/procedures for privately owned vehicle reimbursement rate.

D. Equipment

Equipment is a single item of tangible, nonexpendable, personal property that has a useful life of more than one year and a value of $5,000 or more (or a cost capitalization threshold established by the applicant organization that is less). For example, an applicant may classify equipment at $1,500 with a useful life of a year.

Provide the following information for the narrative and justification:

1. **Item(s)** – Describe the equipment item(s) being purchased. The justification must relate the use of each item to the scope of work and implementation of specific program objectives.
2. **Quantity** – Identify the number of items to be purchased.
3. **Amount** – The total cost of purchase or lease the equipment.
   a. The justification should include the basis of how costs were estimated, e.g., fair market value, cost quotes.
   b. The justification should include a lease versus purchase analysis, or a statement addressing if it is feasible and/or cost effective to lease versus purchase.
4. **Percentage Charged to the Award** – The percentage of equipment’s value to be charged to the award
5. **Total Charged to the Award** – The total cost of the equipment to that will be charged to the award.

**FEDERAL REQUEST – Sample Equipment Narrative**

<table>
<thead>
<tr>
<th>Item(s) (1)</th>
<th>Quantity (2)</th>
<th>Amount (3)</th>
<th>% Charged to the Award (4)</th>
<th>Total Cost Charged to the Award (5)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>FEDERAL REQUEST – (enter in Section B column 1, line 6d of SF-424A)</td>
</tr>
</tbody>
</table>

E. Supplies

Supplies are items costing less than $5,000 per unit (federal definition), often having one-time use.
Provide the following information for the narrative and justification:
1. **Items** – list supplies by type, e.g., office supplies, postage, laptop computers.
   a. The justification must include an explanation of the type of supplies to be purchased and how it relates back to meeting the project objectives.
2. **Calculation** – describe the basis for the cost, specifically the unit cost of each item, number needed and total amount.
3. **Supply Cost Charged to the Award** – provide the total cost of the supply items to be charged to the award during the budget period.

FEDERAL REQUEST – Sample Supplies Narrative

<table>
<thead>
<tr>
<th>Item(s)</th>
<th>Rate</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>General office supplies</td>
<td>$50/mo. x 12 mo.</td>
<td>$600</td>
</tr>
<tr>
<td>Postage</td>
<td>$37/mo. x 8 mo.</td>
<td>$296</td>
</tr>
<tr>
<td>Laptop Computer</td>
<td>1 x $900</td>
<td>$900</td>
</tr>
<tr>
<td>Printer</td>
<td>1 x $300</td>
<td>$300</td>
</tr>
<tr>
<td>Projector</td>
<td>1 x $900</td>
<td>$900</td>
</tr>
<tr>
<td>Copies</td>
<td>8000 copies x .10/copy</td>
<td>$800</td>
</tr>
</tbody>
</table>

FEDERAL REQUEST – Sample Justification for Supplies

1. Office supplies, copies and postage are needed for general operation of the project.
2. The laptop computer and printer are needed for both project work and presentations for Project Director.
3. The projector is needed for presentations and workshops. All costs were based on retail values at the time the application was written.

F. Contract

List the budgets for each sub-award, contract, consultant, or consortium agreement. Please note the differences between sub-awards, contracts, consultants, and consortium agreements:

- **Sub-recipient** means a non-Federal entity that receives a sub-award from a pass-through entity to carry out part of a Federal award, including a portion of the scope of work or objectives. Grant recipients are responsible for ensuring that all
sub-recipients comply with the terms and conditions of the award, per 45 CFR §75.101.

- **Contracts** are a legal instrument by which the grant recipient purchases good and services needed to carry out the project or program under a Federal award. Contracts include vendors (dealer, distributor or other sellers) that provide, for example, supplies, expendable materials, or data processing services in support of the project activities. The grant recipient must have established written procurement policies and procedures that are consistently applied. All procurement transactions shall be conducted in a manner to provide to the maximum extent practical, open and free competition. Per 45 CFR §75.2, when the substance of a contract meets the definition of sub-award, it must be treated as a sub-award.

- **Consortium Agreements** are between entities (which may or may not include the grant recipient) working collaboratively on an award supported project. They address the roles, responsibilities, implementation, and rights and responsibilities between entities collaborating on an award.

- **Consultants** are individuals retained to provide professional advice or services for a fee. Travel for consultants and contractors should be shown in this category along with consultant/contractor fees.

Provide the following information for the narrative and justification:

1. **Name** – Provide the name of the entity and identify if it is a sub-recipient, contractor, or consultant.
2. **Service** – Identify the products or services to be obtained.
   a. As part of the justification provide a summary of the scope of work, the specific tasks to be performed, the necessity of the task for each sub-award or contract as it relates to the Project Narrative. Include the dates/length for the performance period. NOTE: costs that are outside the period of performance of the award cannot be charged to the award.
3. **Rate** – provide an itemized line item breakdown.
   a. If applicable, include any indirect costs paid under a sub-award and the indirect cost rate used. Do not incorporate sub-recipient, contract, or consultant indirect costs under the indirect costs line item for the grantee/recipient on the SF-424A and Section J of the budget narrative/justification.
4. **Contract Costs Charged to the Award** – Provide the total of the sub-recipient, consultant, or contract costs to be charged to the award during the budget period.

**COSTS FOR CONTRACTS MUST BE BROKEN DOWN IN DETAIL AND A NARRATIVE JUSTIFICATION PROVIDED. IF APPLICABLE, NUMBERS OF CLIENTS SHOULD BE INCLUDED IN THE COSTS.**

**FEDERAL REQUEST – Sample Contracts Narrative**

</tbody>
</table>

**FEDERAL REQUEST – (enter in Section B column 1, line 6f of-424A)**  
$86,998

*Represents separate/distinct requested funds by cost category*

**FEDERAL REQUEST – Sample Justification for Contracts**

1. Certified trainers are necessary to carry out the purpose of the statewide Consumer Network by providing recovery and wellness training, preparing consumer leaders statewide, and educating the public on mental health recovery.
2. Client treatment services to be provided are based on organizational history of expenses.
3. The Case Manager is vital to providing client services related to the program and leading to successful outcomes.
4. The Evaluator is an experienced individual (Ph.D. level) with expertise in substance abuse, research and evaluation, is knowledgeable about the population of focus, and will be responsible for all data collection and reporting.

5. The Marketing Coordinator will develop a plan for public education and outreach efforts to engage clients in the community about recipient activities; and provide presentations at public meetings and community events to stakeholders, community civic organizations, churches, agencies, family groups and schools.

**G. Construction**

Construction or major alternation and renovation are not authorized under this program. Leave this section blank on line 6g of the SF-424A. Such activities are allowable only when program legislation includes specific authority for construction. If requesting consideration of minor alteration and renovation, provide those costs under the “Other” cost category (line 6h of the SF-424A and Section H of the budget narrative/justification).

**H. Other**

This category addresses any costs not included in of the other cost categories. Costs that fall under “Other” would include:

- Minor alteration and renovation (Minor A & R)
  - Minor A & R is defined as work that changes the interior arrangement or other physical characteristics of an existing facility or installed equipment so that it can be used more effectively for its currently designed purpose or adapted to an alternative use to meet a programmatic requirement. Alteration and renovation may include work referred to as improvements, conversion, rehabilitation, or remodeling, but is distinguished from new facility construction, facility expansion, or major alterations and renovation where the total Federal and non-Federal costs, excluding moveable equipment (equipment that is not permanently affixed), exceeds $500,000.
    - No more than $75,000 in Federal funds over the total period of performance may be used to support minor A&R activities, and such requested must be submitted to the GMS for formal prior approval. SAMHSA grant funds cannot be used to support the construction, expansion or major alternation and renovation of facilities. If the proposed project is part of a larger overall project that exceeds $500,000, it may not be artificially segmented to achieve the cost threshold.
  - Rent
  - Client incentives
  - Telephone
  - Travel for training participants, advisory committees, and review panels
  - Training activities (except costs for consultant and/or contractual).
Provide the following information for the narrative and justification:

1. **Item** – List items by type of material or nature of expense. In the justification, explain the necessity of each cost for successful implementation and completion of the project.
2. **Rate** – Break down costs by quantity and cost per unit as applicable.
   
   **NOTE:** Rent costs must be submitted with the following information:
   - The individual cost items that make up the total cost of the building
   - The methodology used to allocate the costs to the programs or activities operating in the building
   - Rent Questions Worksheet [https://www.samhsa.gov/sites/default/files/rentquestionsworksheet.docx](https://www.samhsa.gov/sites/default/files/rentquestionsworksheet.docx)
   - Supporting documentation

3. **Costs Charged to the Award** – provide the costs charged to the award.

### FEDERAL REQUEST – Sample Narrative for “Other”

<td>$2,780</td>
</tr>
<tr>
<td>(4) Brochures</td>
<td>.89/brochure X 1500 brochures</td>
<td>$1,335</td>
</tr>
</tbody>
</table>

FEDERAL REQUEST (enter in Section B column 1, line 6h of SF-424A) $15,815

### FEDERAL REQUEST – Sample Justification for Other

1. Costs related to office space are typically included in the indirect cost rate agreement. However, if other rental costs for service site(s) are necessary for the project, they may be requested as a direct charge. The rent is calculated by square footage or FTE and reflects SAMHSA’s fair share of the space.

   *If rent is requested (direct or indirect), provide the name of the owner(s) of the space/facility. Additionally, the lease and floor plan (including common areas) are required for all projects allocating rent costs.*

2. The monthly telephone costs reflect the percent of effort for the personnel listed in this application for the SAMHSA project only.

3. The $10 incentive is needed to meet program goals in order to encourage attendance and follow-up with 278 clients. Brochures will be used at various community functions, such as health fairs and exhibits.
I. Total Direct Charges

<table>
<thead>
<tr>
<th>FEDERAL REQUEST – TOTAL DIRECT CHARGES - Section B column 1, line 6i</th>
<th>$177,462</th>
</tr>
</thead>
<tbody>
<tr>
<td>of SF-424A</td>
<td></td>
</tr>
<tr>
<td>(The Total Direct Charges will sum automatically on the form)</td>
<td></td>
</tr>
</tbody>
</table>

J. Indirect Cost Rate

Indirect costs are those costs incurred for common or joint objectives which cannot be readily identified with an individual project or program but are necessary to the operations of the organization. Indirect costs may be charged to the award if:

- The applicant has a Federally approved indirect cost rate
- The applicant has never received a negotiated indirect cost rate and elects to charge a de minimis rate of 10 percent of modified total direct costs (MTDC) which can be used indefinitely for all awards until an indirect cost rate is approved. If the de minimis rate is proposed the applicant must clearly state in their justification that they have never received a negotiated IDC rate and are electing to charge a de minimis rate of 10% of modified total direct costs (MTDC).

The MTDC indirect cost rate may be applied to:

- All direct salaries and wages charged to the award;
- Applicable fringe benefits;
- Materials and supplies;
- Services;
- Travel; and
- Sub-contracts (first $25,000 of each sub-contract)

The MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition reimbursement, scholarships and fellowships, participant support costs, and the portion of each sub-award in excess of $25,000.

- If the FOA is for a training grant or cooperative agreement, the indirect cost rate is limited to **8 percent**. Please refer to 45 CFR §75.414 at [https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75#se45.1.75_12](https://www.ecfr.gov/cgi-bin/text-idx?node=pt45.1.75#se45.1.75_12), for more information about indirect costs and facilities and administrative costs.

Provide the following information for the narrative and justification:

1. **Calculation** – Briefly summarize type of indirect cost rate.
   a. Attach a copy of the current fully executed, negotiated agreement indirect cost rate agreement. The applicable indirect cost rate(s) negotiated by the organization with the cognizant negotiating agency must be used in computing indirect costs (F&A) for a proposal (2 CFR §200.414). The amount for indirect costs should be calculated by applying the current negotiated indirect cost rate(s) to the approved base(s).
2. **Indirect Cost Charged to the Award** – list the total indirect costs that will be charged to the award. Costs must be calculated using the correct indirect cost base award (the categories of costs to which the indirect cost rate is applied).

<table>
<thead>
<tr>
<th>Calculation (1)</th>
<th>Indirect Cost Charged to the Award (2)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Organization’s Indirect Cost Rate of 10% (10% of personnel and fringe - .10 x 68,409)</td>
<td>$6,841</td>
</tr>
<tr>
<td><strong>FEDERAL REQUEST</strong> – (enter in Section B column 1, line 6j of SF-424A)</td>
<td>$6,841</td>
</tr>
</tbody>
</table>

**FEDERAL REQUEST – TOTALS (6k) will sum automatically on the SF-424A**

**ADDITIONAL INSTRUCTIONS ON COMPLETING THE SF- 424A**

In **Section A**, Use the first row only (Line 1) to report the total federal (e) funds and non-federal (f) funds requested for the **first year** of your project only.

In **Section B**, Use the first column only (Column 1) to report the budget category breakouts (Lines 6a through 6h) and indirect charges (Line 6j) for the total funding requested for the **first year** of your project only. This total amount in 6k should be the same as the Total Federal Request for Year 1 entered on Line 1, Column (e) of Section A.

In **Section C**, if applicable, enter the funding/resources that your organization will contribute (Applicant) as well as support you expect to receive from the State or other sources. Other support is defined as funds or resources, whether federal, non-federal or institutional, in direct support of activities through fellowships, gifts, prizes, in-kind contributions or non-federal means. [See **Appendix I** – Standard Funding Restrictions for information on allowable costs.]

In **Section D** Line 13, the funds needed for each quarter should be entered. The amount entered in “Total for First Year” should be the same as the amount entered in Column 1, Line 6k in Section B. Enter the amount for each quarter. The total in column 1 will sum automatically. Use the first row for federal funds and the second row for non-federal funds.

In **Section E**, the funds being requested for Years 2 and 3 should be entered. For example, Year 2 will be entered in column (b), Year 3 in column (c), etc.

A sample of a completed SF-424A is included at the end of this appendix.

---

**Provide the total proposed project period and federal funding as follows:**

**Proposed Project Period**

a. Start Date: 09/30/2019  

b. End Date: 09/29/2022

</table>

*FOR REQUESTED FUTURE YEARS:

1. Justify and explain any changes to the budget that differ from the amounts reported in the Year 1 Budget Summary.
2. If a cost of living adjustment (COLA) is included in future years, provide your organization’s personnel policy and procedures which states that all employees within the organization will receive a COLA.

In Section IV-3 of the FOA, any funding limitations or restrictions for the project will be specified. If there are limitations, include a narrative and separate budget for each year of the grant that shows the percent of the total grant award that will be used in the area where there is a limitation. For example, most FOAs include funding limitations for data collection and performance assessment. A sample budget for this area is shown below.
The percentage of the budget that will be spent on data collection and performance measurement does not exceed 20% for any budget period. Maximum percentage for any budget period is 18.9% ($34,860/$184,303 – Year 1).

A sample budget for funding limitations related to infrastructure development is shown below.
